Cleanup Of Trouble Spots Is Overdue

A local daily paper this past week told of a campaign to cleanup "Teen Trouble Spots on the Hilltop."

It is a fact that some of these spots need cleaning up. Any business firm that cannot exist without the patronage of certain such undesirable elements should be more carefully checked by law enforcement [illegible].

This community can do well to look around for such spots, and to insist that they be cleaned up.

City council is to be complimented on the curfew law passed Monday evening. Penalties from $50 and 30 days in jail for parents may cause certain parents to give more thought to these matters.

Princess Of 'Pony Tails' Is Sought

Now is the time . . . for all aspirants to the title of pony tail princess to think about getting their crowning glories in top-notch shape for the day of judging!

The contest to name as sovereign of the pony tail set, the little girl with the cutest, prettiest hair-do was inaugurated last year by The Hilltop Record and Rural-Urban News, and judged during the Hilltop Bean [illegible].

Little girls with bobbing pony tails by the dozen, each one prettier than the last, responded with such enthusiasm that we are not only repeating the contest this year, but offering additional silver dollar prizes for the winners.

Crowning glories of all entrants will be judged on the second day of the Hilltop Bean Dinner, July 31 at Westgate park by a group of local beauticians.

Any little girl in circulation area of the Hilltop Record and Rural-Urban News is eligible to win with the exception of members of employes' families.

There will be three classes for entrants within the contest's age limits of one through 12 years old. Prizes of five silver dollars for first place, two silver dollars for second and one for third place will be awarded in each age classification of, one through four years, five through eight and nine through 12.

Any child planning to enter should be registered by calling Betty Daft at this newspaper, BR. 9-9444.

Successor To West High's Truitt Chosen

Charles Meyers, 30-year-old Upper Arlington resident, has been selected to fill the teaching and coaching vacancy at West High School, left by Frank Truitt. Truitt's transfer to North High as head basketball coach was announced Sunday.

Meyers last year joined the staff at Franklin Junior High School, where he taught science and physical education. Earlier he taught in Marion, Hillsboro and Canterburg. At West he will teach physical studies, help in football and coach one of the major junior high sports.

Meyers was graduated from Milo Elementary School, Central High School and Capital University. A two-year army veteran, he lives at 2450 Brandon-rd.

While at West, Truitt taught boys' physical education, and coached basketball and baseball. He was a popular Hi-Y sponsor at the school and last summer was an assistant at Glenwood Recreation Center.

SHADES OF THE TWENTIES — A highlight of the entertainment for more than 75 couples, members of the Hilltop Lions and their wives, at the installation was the appearance of this bevy of beauties, who sang and pantomimed a number entitled "Take Back Your Minks." All members of the Lions Auxiliary, they are, left to right, Mrs. Gerald Brunton, Mrs. Charles Weaver, Mrs. Ronald Jones and Mrs. Robert Myers.

New committees for the 1957-58 year were named and individual members were cited for past outstanding efforts at the annual Hilltop Lions Club installation banquet, last Thursday night. It was held in the officers' club at the Port Columbus Naval Air Station.

Seventy-five members, accompanied by their wives, took part in the joint festivities and formal program. Arrangements were made by a committee composed of Jack Kirwin, chairman, Mr. and Mrs. Ronald Jones, entertainment; Dr. Gerauld Ferritto, master of ceremonies, and Jerry Spears, Sr., installing officer.

Champ Hobo (8 To 12) To Be Selected At Bean Dinner

Lots of fun is promised all youngsters at this year's Hilltop Bean Dinner with a new addition, a Hobo Parade, added to their old favorites.

All small fry, eight to 12, are invited to participate in the colorful contest, garbed in hobo style. Costume ideas are limited only by the kid's imagination and mom's ingenuity.

The fun of make-believe "dress up", combined with the lure of the colorful, carefree life of a hobo adds up to an irresistible attraction for all the youngsters.

A King and Queen of Hobos will be chosen on the basis of costume originality, and winners will each be presented with a handsome trophy.

Miniature hobos dressed in traditional tattered style will parade on Tuesday afternoon, July 30, as the first children's event of the annual bean festival.

Installation Planned For Camp Chase

Installation will be held Aug. 23 for new officers of Camp Chase Post 98, American Legion.

Joe Thompson second vice-commander; James Foote, third vice-commander; Robert Jones, finance officer; Eugene Krumm, chaplain; Bill Adams, sergeant-at-arms; Elmer Young, Mike Austin, executive committee; Walt Zimmer, permanent home committeeman, and Dick Martin, executive committeman to county council.

The next meeting of the post will be held at 8:15 p.m. July 5 at headquarters. Annual reports will be given.

Lions Lighting Fuse For A Lively Fourth

ALL IN FUN — Sam Taylor, general chairman of the Hilltop Lions Club annual Community Fourth of July Celebration, touches off a huge rocket. The bandage on his head represents the Hilltoppers who won't be injured with illegal fireworks because they're planning to attend the Lions Fourth of July rites at West High School's Mosby Field. Entertainment at 7:30 p.m. will precede the firing of a record-breaking $600 worth of fireworks. Looking on as Sam "risks his life" are Mrs. William Steen, chairman of the Hilltop Lions Club Ladies Auxiliary committee that will handle the concessions at the event, and Paul Hott, chairman of entertainment arrangements.

Catholic Church Schedules Dance

Athletic Association of St Mary Magdalene will sponsor a dance June 29, 9 p.m. in the new church hall.

Deep Fry Starts Fire Causing $2500 Damage

A deep fryer was blamed for a Sunday night fire, causing $2500 damage in a Westgate Manor apartment building at 826 Wedgewood-dr.

The blaze started in the first-floor apartment of Royce Halberg, where the fryer had been left on, according to battalion chief William Wentzel. The family was away from home.

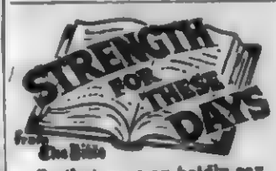
J. A. Bentz In Business On Hilltop For 50 Years

J. A. Bentz, owner of Hilltop Plumbing Supply Co., at 2333 W. Broad-st, owns one of the oldest, if not the oldest business on the Hilltop.

J. A. Bentz

Bentz opened his business 50 years ago on the Hilltop and has been here ever since. He learned the plumbing business when he was just 15 years old. "My mother wanted us to learn" he said, referring to brother George who operates the Integrity Supply Co. and sister Mary who owns Ohio Plumbing Co.

Plumbing was sort of a family affair with the five brothers and two sisters. Bentz, who was born in a house on the corner of Hague and Broad-st 71 years ago, says "My family was on the Hilltop back in the horse and buggy days."



Lean, wiry, and full of life, Bentz has some definite ideas on what makes a successful business man. "Get up and move, put some spirit behind what you're doing, he believes."

Bentz, who owns a lot of rental property on the Hilltop, recites the Hilltop's progress in the last 50 years as "really something."

His plumbing supply company sells wholesale plumbing supplies and features a service dept. with four men working full time.

He and his wife Elizabeth live at 245 Wrexham-av with their four small children, Jennifer, four; Jo Ann, 8; Jimmy, 10; and Johnny, 12, who carries the Hilltop Record.

They are members of St. Aloysius Church and belong to HBA.

So that we may boldly say, The Lord is my helper, and I will not fear what man shall do to me.—(Hebrews 13, 6.)

It is with such wonderful confidence, such calm and courage, that we can face every trouble, every trial and tribulation, when we know God is with and within us—when our love and trust is wholly in Him and His good.

Laundry Equipment Prices To Go Up

G. E. Laundry equipment prices in 1958 will be approximately 10 per cent higher at retail than 1957 models.

J. W. Tracy, president, Bird, Inc., 1070 W. Third-av, General Electric major appliance distributor, announced the new prices to dealers in this area, today. He explained that the increase is due to product improvements and increased labor and material costs. The 1958 General Electric models feature "wash to order" keys which completely eliminate any guesswork on the part of the operator and wash each fabric according to "recipe". The full line of washers will continue to feature "Filter-Flo," G.E.'s exclusive moving filter.

Kids Keep Cool In Wading Pool

The wading pool at Glenwood Recreation Center is proving to be a very popular facility this summer. During the recent heat wave, there was seldom a time when there were not 25 or 30 children taking advantage of its cooling effect.

The Advisory Council at the center recently purchased paint for the pool. This clean, refreshing appearance has added greatly to its popularity.

Many Hilltop Streets, Alleys Get 'Facelift'

EXTENSIVE RESURFACING of some 40 to 50 Hilltop streets and alleys has been in progress since June 1. Two city street crews, headed by Arthur Tipton, 846 Wiltshire-rd, and Fred Speakman of Grandview, have been doing the work. Macadam and asphalt are being applied. Here Speakman and his men finish out the intersection at Olive-st and Eureka-av.

All farm costs advanced slightly in April and were 4 percent above a year ago, according to Ohio State University economists.

Time spent in poultry chores over a period of a year may be reduced by 60 percent, says the U. S. Department of Agriculture.

Tractor accidents kill more than 1,000 farm people each year, according to the National Safety Council, and of these fatalities about one-third occur on highways.

Hauntz Lists Freckle, Pet Champions

Hauntz playground, corner of Columbian and Springmont-avs, opened on June 12.

Hours are from 12:30 to 8:30 p.m., Monday through Friday.

A "Freckle" contest was held on opening day. Winners were Karen Six and David Van Scyoc. They represented Hauntz in the sectional contest on June 19. Mrs. James Beesler helped judge the contest.

Hauntz had three representatives in the sectional pet show on June 20. They were Lorraine Link, Sam Link, and Kathy Morris. Lorraine had the most unusual pet, an upsidedown catfist. Sam won first place for the smallest, a black Moonfish. He also won second for the most obedient dog. Lorraine and Sam will now enter the city meet.

Boys' junior and intermediate softball teams are being organized at Hauntz. Warren Birchfield is coaching the junior team.

Little Jets' Practice Session Includes Bunting Techniques

Hilltoppers Prospect In True Western Tradition Each Week

Prospecting for gold no farther west than our end of town? Sure, lots of Hilltoppers do. You will find Record subscribers hard at work every Wednesday afternoon, in most every home in the entire community.

No prospector in the West ever panned for gold with more enthusiasm and diligence than devotees of our "Confederate" money game employ to search out those insignia "nuggets" in The Hilltop Record ads.

Every Hilltopper who is a paid subscriber of the Record has a claim staked on $150 this week. Anyone whose name appears in his carrier's route book as having paid for the current month, or on our records as having paid in advance, is eligible to win.

The subscriber whose copy of the paper contains that big jackpot insignia may exchange the paper for 150 crisp, new "Confederate" bills at The Hilltop Record office, 2465 W. Broad-st before Saturday noon. Newspapers containing $1 insignia may be redeemed the same way.

"Confederate" money may be spent with any advertiser in the current issue of the Record for any merchandise in the store.

Join your Hilltop neighbors . . . Your chances are as good as any other subscriber's. Make sure your carrier has credited your monthly payment for the Record in his book, and then read these ads.

Exact size replicas of the insignia and complete rules of the game are shown in the accompanying box.

Look For This

Any subscriber who finds this insignia stamped on an ad in this copy of this newspaper should take it to the office of The Hilltop Record before Saturday at noon. It will be redeemed for $150 in Confederate currency which can be used to make purchases at any Hilltop business establishment advertising in this issue.

This insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

No employe or carrier of The Hilltop Record nor any member of his family, is eligible.

Friday Night 'Dance Nights' Attract Community Teenagers

ENJOYING MOONLIGHT MELODIES at a Friday night youth council dance are teenagers, left to right, Jim McWilliams, 572 Larcomb-av; Kathy Hartranft, 62 N. Westgate-av; Jay Smith 480 S. Eureka-av, and Janice Wichterman, 580 N. Powell-av. Kathy is a youth council representative from Hope Presbyterian Church and Janice represents the Girl Scouts.

Teenagers can still get a dollar's worth of fun for a dollar . . . . providing they spend it at a Summer Serenade dance at Westgate Park.

A fellow can take his best girl for three hours of dancing, catch an entertaining floor show and treat her to a coke and potato chips — all for a buck! No fellow can afford to pass up this kind of a bargain. Even if he has to find a girl to do it!

Sponsored by the community youth council, the dances have been an answer to the increasing seriousness of the juvenile delinquency problem. Although this summer marks the foruth season of youth dances, it marks their second year under youth council sponsorship.

Teenagers Plan Own Dances

The council consists of several teenage representatives and one adviser from 13 local youth organizations, who meet informally, without officers, to discuss and plan community youth activities.

Dance planning begins the first week of April when the council divides into four committees; finance, decorations, publicity, and entertainment. From there, every detail of the dance series is worked out by teen-agers themselves under the leadership of Mrs. H. C. Booth, 319 S. Roys-av, advisor, and Mrs. George Ralph, 938 Wiltshire-rd, assistant adviser.

Both the dances and the youth council are unique in that neither has a counterpart in Columbus. The organization and relationship between the two seems to be distinctly original.

Theme, entertainment and decorations for the entire series are decided during the first meetings. Dubbed the Summer Serenade dances, this summer's theme song is 'Song For A Summer Night.'

Blue Notes Provide Music

Decorations consist of blue notes and glittering instruments hanging from the shelterhouse rafters, in tune with West High's 'Blue Notes' who will provide the summer's music.

Talented West High teenagers entertain during intermission and and their favorite 'coke and potato chips' are served. The dances are chaperoned by a dozen or more adults, who volunteer from local organizations.

Regulations require dresses for the gals and slacks for the boys. In teenage lingo, admission is 50 cents — stag and 75 cents — drag, meaning a couple. Funds are used for Westgate Shelterhouse improvements and the teenage Halloween dance at West High.

Biggest boon to the dances this year was the donation of a complete sound system by the Hilltop Lions Club.

For the pre-teen crowd, a series of Tuesday night square dances have been initiated this summer at the shelterhouse.

Approximately 60 young teenagers turn out weekly for these free, informal dances, headed by Mrs. Ralph. A caller donated by the City Recreation Department, which has also cooperated fully with the youth council dances.

Electric Co. Harried By 'Critters'

Nosey birds and squirrels have become quite a problem to Columbus and Southern Electric Co. officials.

The curious little animals have been blamed for two power outages in the Hilltop section last weekend, not to mention past power failures.

According to Charles White, company public relations director, the first outage occurred Sunday at 207 Algonquin-av at 9:17 a.m. Power was back on at 9:45 a.m. The second occurred on Salisbury-rd at 10:26 a.m. Power was on again at 10:55 a.m.

An early morning storm was blamed for a third failure at 4:24 a.m. at 241 Algonquin-av. It was restored at 5:40 a.m.

Concerning the animal situation, White said that cages around the transformers fail to keep the squirrels and birds away from transformers and fuses. "They still manage to get through and cause shorts," he added.

Fur, Fish And Fowl...All Showed Up At Glenwood Pet Show

WELL THIS IS A SWITCH . . . thinks little Timmy Kirch as he cautiously surveys an entry in the city's West Sectional Annual Pet Show at Glenwood Recreation Center last Thursday evening. Barely out of the perambulator set himself, 14-month-old Timmy probably wonders what business "paddles" the duck has in a baby carriage. Timmy is the son of Dr. and Mrs. Paul Kirch, 2162 W. Broad-st. Paddles belongs to Linda Ruoff, 191 S. Westgate-av.

GETTING ACQUAINTED . . . "Houdini" the parakeet, and "Elo" the box turtle give each other the eye. Encouraging this new friendship are their two young owners, Billy Berger, 2025 Fairmont-av, and Cathy Morse, 431 Larcomb-av.

"FRITZI", the Dachshund, all decked out in a clown suit, commanded the judges' attention and won a first prize for "best costumed." He is seen here with his master, Chuckie Bennett of Sunshine Recreation Center. Left to right are, City Councilman W. Ralston Westlake, who was emcee, and contest Judges Clement Bergman, Mrs. Alice Thrailkill, Emmett Seely and Clarence Young.

Everything from a baby guppy (in a thumbnail-sized goldfish bowl) to a full-grown collie were in the spotlight at the city's Sectional Pet Show at Glenwood Recreation Center last Thursday. There were more than 60 entries.

Interrupted only occassionally by a dog fight or scooting cat, City Councilman W. Ralston Westlake as emcee managed to give each entry a good introduction. Westlake was assisted by Glenwood personnel and the following judges:

Emmett R. Seely, 23 Wisconsin-av, recreation commissioner; Alice Thrailkill, 1907 Fairmont-av; Clemont E. Bergman, 264 S. Warren-av; and Clarence M. Young, president, Glenwood Recreation Center Advisory Council, 197 Guernsey-av.

Winners were as follows:

Prettiest Pet—collie, Mike Miller, 266 S. Powell-av; two parakeets, Sharon Elder, 274 Nashoba-av; parakeet, Gayle Linson, 3080 Sullivant-av.

Best Costumed—dog dressed as clown, Charles Bennett, 902 Campbell; three ducks, Tommy Haley, 304 Nashoba-av; three ducks, Linda Ruoff, 191 S. Westgate-av.

Most Unusual Pet—upsidedown catfish, Lorraine Link, 421 Larcomb-av; guppy, Dave Koehler, 1899 Floral-av; lizard, Sandra Ayers, 183 Nashoba-av.

Most Obedient—dog, Karen Penny, 457 Ryan-av; dog, Sam Link, 421 Larcomb-av; dog, Robert Melfi, 15008 Westwood.

Best Groomed—white rat, Barbara Sinclair, 786 Pierce-dr; dog, Ann Kirch, 2162 W. Broad-st; dog, Richard Moore, 262 Clarendon-av.

Smallest—fish, Sam Link, 421 Larcomb-av; snail, Roy McClaire, 672 Neil-av; turtle, Rosemary Rousch, 157 Nashoba-av.

Largest—dog, Raymond Hairston, 65 S. Wheatland-av; dog, James Edward, 59 S. Wheatland-av; dog, Richey Yorde, 2101 W. [redacted]

Most Affectionate—Siamese cat, Dane Luzader, 25 Lundy-st; cat, Robert Green, 257 S. Skidmore-st; cat, Rosemary Rousch, 157 Nashoba-av.

Best Performer—dog, Dale Tallman, 188 Belvidere; dog, Daniel Redmond, 772 Butler.

Cutest—dog, Jim Knighton, 529 W. Fifth-av; white rat, Barbara Sinclair, 786 Pierce-dr; parakeet, Billy Berger, 2025 Fairmont-av.

The average American spends about $410 a year for food, or about $1.12 a day.

Ballet Class To Give 'Sleeping Beauty'

Three young ballerinas (left to right) Fredericka von Ritter, Erica von Ritter, and Cathy Skinner are preparing for their roles in the ballet, "Sleeping Beauty," which will be given soon by the ballet class at Glenwood Recreation Center.

Local Youngsters May Attend Day Camp At Indian Village

Boys and girls between the ages of eight and twelve years in the south and west sections of Columbus will have an opportunity to attend Day Camp the week of Aug. 5.

Indian Village Camp, operated by the Columbus Recreation Department, will provide a day camp program with swimming, nature games, hikes, special nature crafts, singing and general camp fun.

Boys and girls, desiring to go to camp for this week, will meet at Glenwood Recreation Center, 1928 W. Broad-st, at 9 a.m. each morning Monday through Friday. They will be returned to Glenwood each afternoon at 5 p.m.

Each child brings his own lunch and bathing suit. Milk will be furnished. Fee for the week is $2.50 per child.

Registration blanks may be secured at Glenwood Recreation Center or any other city supervised playground.

Greased Lightning!

Our ads may not travel faster than light but they sometimes out-travel the paper. At least, Mrs. John DeLay, 425 S. Harris-av, had a caller for a room she advertised before the paper arrived. When the new roomer left, the paper was there. Call BR. 9-9444 for lightning results like this.

St. Leo's Church Is Scene Of Jhensen-Leddy Marriage Rites

MRS. DONALD F. LEDDY

Miss Peggy Ann Jhensen, daughter of Mr. and Mrs. Nelsen Jhensen, 2212 Race-st, became the bride of Mr. Donald F. Leddy, son of Mr. and Mrs. Thomas Leddy, 990 Lawrence-dr. St. Leo's Church was the scene of the wedding.

Given in marriage by her father, the bride wore a gown of slipper satin trimmed with lace. A pearl crown held her cathedral veil and she carried a cascade of white stock and pink sweetheart roses centered with a white orchid.

Mrs. Jhensen chose a gown of blue lace with matching accessories and the mother of the bridegroom, beige lace with matching accessories.

Miss Dora Jean George, maid of honor, wore a purple gown and carried a cascade of pink flowers.

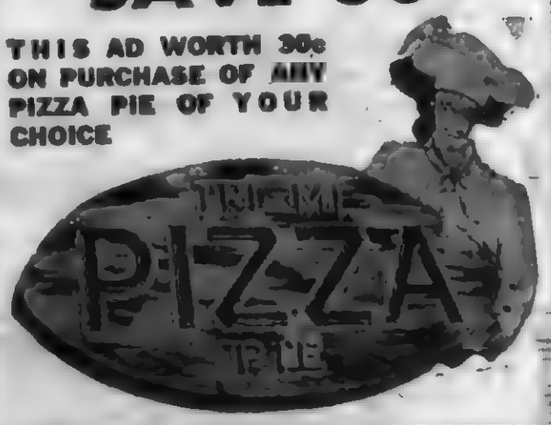
Speaking Of Beauty

By FLORIO

TENSION IS really nobody's best friend—and it can be your worst enemy. No one looks really lovely unless she is relaxed. Tightness shows — in lines between your brows, a tense, taut movement of your body. (Remember, men love gracefulness!) Tension brings on serious troubles: Pounding heart, ulcers, high blood pressure. Jangled nerves bring quick quarrels . . . How can you guard against tenseness? Steal a few moments for a daily "Relax-Session," when you return from a hectic shopping trip or just before the children return from school. If you work, aim for a "Relax-Session" between job and evening activities.

-f-



ANOTHER wonderful place to lose tension: OUR BEAUTY SALON! Lean back in the comfortable salon chair. Feel all tightness go as your hair is briskly brushed. Ahh, that shampoo and scalp massage is relaxing! . . . By the time your hair is combed out, it isn't just a "new you" in the mirror. There's a new FEELING as you leave rested, relaxed . . . ready to be your charming best!

Group Plans Lincoln Event

Emile Reiss, attorney who resides at 20 N. Wheatland-av, is active in a citizens' group which is looking forward to the observance of a Lincoln Sesquicentennial in this area of the nation sometime in 1958 and 1959.

Next Saturday at 10 a.m., Reiss will preside at the first of a series of planning meetings arranged by the Lincoln Historical Association of Ohio in Hearing Room No. 3 of the State Office Building. All persons interested in Lincoln lore are invited, Reiss said.

On the agenda are: introduction of distinguished guests, selection of committees, showing of a historical film by Ohio Bell Telephone Co. and presentation of a picture by the Pinkerton Detective Agency. Founder of the agency was Lincoln's bodyguard who headed early intelligence and secret service, Reiss said.

Ohio figured prominently in the Lincoln era Reiss stated when it gave 325,000 to battle, aired three top generals (Grant, Sherman and Sheridan), established the prisoner-of-war camp (Hilltop's Camp Chase) and has more Union burials than any other state.

Long-range sesqui plans of the Lincoln group include a college-produced pageant "Mr. Lincoln Comes To Ohio," and selection of a "Lincoln rose."

The label on a food product must give you the name and place of business of the manufacturer, packer or distributer. This lets you know with whom you are dealing.

Corn price probably will rise less during the next few months than a year ago and will average lower this spring and summer than in the same period in 1956, say Ohio State University extension economists.

love is the strangest thing
There is no explanation of love. It cannot withstand reasoning. It cannot even stand analysis. Without it life would be unbearable—yet no one has ever seen it.
"Greater love hath no man than this, that a man lay down his life for his friends." (John 15:13.) God's love is the greatest love. It is the answer of all men's hearts for God is love. Come like to our church this Sunday.

Should Guard Against Mildew

With summer's hot, humid days ahead, homemakers must be sure all garments and linens are thoroughly dry before putting them away, explains Edna Callahan, Ohio State University extension clothing and textiles specialist. An article washed but not ironed immediately, should be hung out to dry, rather than rolled up damp in the laundry basket.

Miss Callahan suggests homemakers not sprinkle clothes in hot, humid weather until they can follow through with the ironing. Whenever clothes are dampened before ironing, they should be kept in a cool place.

Plastic bags may be convenient for storing damp clothes, but they are not ventilated. Mildew may develop on the damp clothes in this airtight bag, even though the plastic itself will not be affected.

One hundred percent nylon or orlon is mildew resistant, but rayon may be stained by mildew. Mildew allowed to develop in cotton fabric over a long period of time damages the fiber, says the specialist.

The spores of mildew are universally present. The whitish cotton-like growth is a mass of threads which grow from the spores whenever the temperature and moisture conditions are favorable. As the spot s increase in age they become discolored darker.

Fresh mildew stains may be removed with soap and water, followed by a sun bleaching (provided the article is not a colored one which may be faded by the sun). Any good laundry bleach should remove old stains. However, some embossed and some permanent finished cottons may turn yellow from bleach. These usually are labeled "Do not use chlorine bleach."

County Fair Officials Release Schedule For August 14 - 17

Activity is already underway in preparation for the Franklin County Fair scheduled for Aug. 14-17.

A highlight of this year's event will be the State Brown Swiss Show which previously has been held at Urbana each fall. Reason given for the switch by Harold Hart, secretary of the fair board, is the proximity of the state fairgrounds.

Junior Fair activities have been increased in several departments. The fair board is also continuing to follow its policy of turning the last day of the festivities over to the youngsters with Junior Fair activities scheduled throughout the morning and afternoon.

A new amusement company has been hired to supply the rides and games that will crowd the midway. High school bands will be on hand each day of the fair.

Schedule of the activities is:

Wednesday, Aug. 14—Morning Judging of Junior Fair Swine, Junior Fair Swine Showmanship, Junior Fair Meat Type Hog Class, Judging Angus Cattle. Afternoon, Horse Pulling Contest, Judging of Junior Fair Cattle, Junior Fair Dairy Showmanship. Evening, Night Harness Racing, Jersey District Show, Round and Square Dancing, Junior Fair King and Queen Contest.

Thursday, Aug. 15—Morning, Judging of Junior Fair Beef Cattle, Junior Fair Beef Cattle Showmanship, Junior Fair Sheep Show and Showmanship, Open Class Sheep Show, Ohio Brown Swiss State Show. Afternoon, 4-H Horse Club Show, Ohio Brown Swiss State Show. Evening, Ayrshire District Show, Judging of Holstein Cattle, Night Harness Racing, Round and Square Dancing, Rural Arts Talent Show.

Friday, Aug. 16—Farm Machinery Day — Morning, Judging Hereford Cattle, Judging of Junior Fair Poultry, Junior Fair Poultry Showmanship, Open Class Swine Judging. Afternoon, Tractor Pulling Contest, District Guernsey Show, Junior Fair Livestock Auction, 4-H Style Revue. Evening, Round and Square Dancing, Night Harness Racing, Judging Shorthorn Cattle, Safety Speaking Contest, 4-H Agricultural Demonstrations.

Saturday, Aug. 17—Youth Day — Morning, FFA Safe Driving Contest, FFA Horseshoe Pitching, 4-H Tractor Rodeo. Afternoon, Junior Fair Frolics, Float Parade, Youth Organizations, Parade of Livestock, Farm Machinery Parade. Evening, Night Harness Racing, Round and Square Dancing.

Airmen To Show Refueling At Lockbourne AFB

Key to Strategic Air Command's global deterrent capability is its proven ability to refuel its aircraft at any time, any place, and in any sort of weather.

Central Ohioans will get a bird's eye view of exactly how this is done on July 5 during a spectacular air show to be held at Lockbourne Air Force Base.

An aerial hookup between a KC-97 tanker and an RB-47 will be performed and fuel transferred to the jet at low level over the flight line before an expected throng of 50,000. The refueling will highlight the aerial end of a gala "community open house," held in celebration of the Air Force's golden anniversary, to which the public is invited.

Static exhibits, movies jade bouts, and demonstrations by Lockbourne's sentry dogs are other highlights of the day-long celebration.

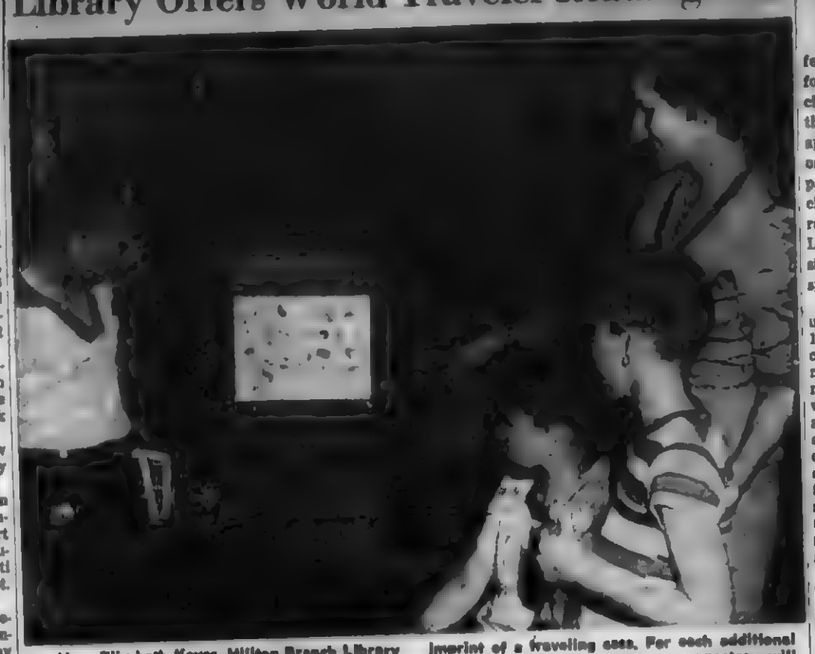
Mr. and Mrs. Charles Beckwith of Clarendon-av celebrated their 25th wedding anniversary Friday, June 21, also Mrs. Beckwith's birthday, with an open house all day and evening, with their family, friends and neighbors. Buffet lunch was served to all visitors.

Summer Bible School will begin July 8 and continue through July 19 at the Midland Avenue Baptist Church, with Mrs. Hook as supervisor.

Eight members of the Rainbow Sportsmen's Club spent Sunday fishing at Lake Erie.

Mr. and Mrs. S. K. Martin and Mrs. Harry Ventola and Jennette and Mr. and Mrs. Robert Ventola of Rainbow attended funeral services for Mrs. Consetti Mary Salvadore, Friday, in St. Joseph's Baptist Church.

Mrs. Mary Martin of Whitethorne-av and Mrs. Robert Ventola and children of Midland-av attended a picnic Sunday, given by the Standley Home Products Co., Inc., which was held at Rising Park, Lancaster.



Mr. and Mrs. Lovell Friend of near West Jefferson are the parents of a son, born Wednesday. They recently lived in Rainbow.

Mr. and Mrs. Clarence Irvin and family are visiting relatives at Pikeville, Ky., and expect to extend their trip through other southern states as far as Louisiana before returning home.

Mr. and Mrs. Leonard Cooper of Ree-av were visited the past week by Mrs. Louise Liles and Mrs. Flossie Skidmore from St. Paul, Ky.

Library Offers World Traveler Reading Club

Mary Elizabeth Keyes, Hilltop Branch Library head, demonstrates how the World Traveler Summer Reading Club of the Columbus Public Library will function for 10,000 Franklin County youngsters. Prospective club members, left to right, are Rick Finke, 12, son of Mr. and Mrs. Frederick Finke, 133 S. Huron-av; Dennis, 11, and Bobbie Mason, 9, sons of Mr. and Mrs. Theodore Mason, 4645 Trabue-rd. To enroll in the club, youngsters from 6 to 14 must read four books, after which they will receive a cardboard imprint of a traveling case. For each additional book read during the summer youngsters will receive their choice of 25 colorful luggage stickers representative of two dozen foreign countries and steamships, airplanes, buses, and railroads. The membership card will bear the child's name, and age, date of enrollment and date of completion. Earning a well-stickered traveling case will provide an incentive to summer reading, library officials believe. The club has enrolled 850 members since June 3 and will continue until fall.

Small Appliance Sales Increase

Clocks, irons, fans, skillets, coffee-makers, washing machines, food mixers, toasters, vacuum cleaners and refrigerators were the 10 top-selling home electrical appliances in 1956—and in that order, according to the U. S. Department of Agriculture. Not included in the estimates were TV, radio and record players, says Lois Deneke, Ohio State University extension home management specialist.

In a review of the sales figures for the years 1949 through 1956, U. S. Department of Agriculture research home economists note a trend from older to new models of some appliances with a decided shift toward time and energy-saving models. For example, automatic washing machines and toasters are taking over from the non-automatic types, and steam irons from standard electric irons. In food mixers portable types have had a rapid rise, standard models a slight drop.

As new types of appliances appear and increase in popularity some of the old types decline, but the total for all keeps rising, explains the home economist. The many new houses built in recent years have provided a good market for large appliances. Selling points for new homes are the installed range and refrigerator, recently often the wall models, and also the washer, dryer, food disposal unit, dishwasher and ventilating fan.

Although a large proportion of homes now have electric refrigerators, many new ones continue to be sold. Some are replacements for worn out models, many go into new homes to sell with the "package," some replace models now too small for the family's need or are considered out of date in other ways, states Miss Deneke.

Big Show On Stage, In Sky, Promised For Hilltop's Fourth

A holiday crowd of up to 15,000 people will view the the seventh annual "Safe and Sane Fourth of July" community celebration sponsored by the Hilltop Lions Club Thursday at West High's Magly Field.

The police department, which will have two patrolmen on the field and six cruisers assisting with area traffic, disclosed that crowds have topped the 10,000-mark in past years. The additional 5,000 is based upon improved fireworks and program and easier access to the field because of the one-way traffic on Roys and Powell-avs.

"A record-breaking $1,000 will be spent by the club to insure the best-ever, loudest, most colorful and most professional program of its sort to date," according to Sam Taylor, general chairman.

He urged those expecting stadium seats to arrive well before the start of entertainment acts at 7:30 p.m. and forecast that those who waited until the initial firing of the pyrotechnics at 9 p.m. would have to watch from at least a block away. The area is expected to be cleared by 10:30 p.m.

Of the sum spent by the club for the evening "to give added pep to the Hilltop observance of the patriotic holiday in a safe and sane manner, $600 will be expended for fireworks alone," Taylor said. This is $50 more than in previous years. The total includes entertainment, special duty police and janitorial service.

The fireworks, to be set off by technichians from the Columbus Fireworks Display Company, will include 10 ground set pieces, 90 aerial bombs in seven brilliant colors, with up to 18 starlike clusters each and 30 aerial shells for the grand finale.

The elaborate ground fireworks will include a large American flag, a Lion's head, and spelling out the word "Hilltop." Twelve noisy daylight aerial bombs will be fired at half-hour intervals in the late afternoon to remind the community of the big evening celebration.

Ziggy Coyle's Orchestra will begin playing at 6:30 p.m. when spectators are first permitted to enter the stands.

Bert Stille, popular WTVN radio personality, will emcee the 90-minute entertainment program which begins an hour later.

Appearing as featuring vocalist will be Mrs. Ziggy Coyle. Also on the program will be the hilarious antics and music of "The Dogpatchers," a group from the Ohio Fuel Gas Company, widely known for their talent throughout the area.

Others featured will include Jan Wihl, pantomimist who is also seen at the Everglades Restaurant, and, tentatively, Ken Carpenter and his Accordion. Carpenter, a West High graduate, is now enrolled at Ohio State University.

Iced pop and "snack-type" refreshments will be sold in the stands and popcorn, potato chips, hog dogs and ice cream will be sold at the concession stand.

"Hawking" in the stands will be Lion members under the direction of Lion Bill Coon. The concession stand will be operated by Hilltop Lions Club Ladies Auxiliary members, under the chairmanship of Mrs. William Steen

Arrangements for the event will be made by Lions Club members early in the morning of the holiday. The open-end truck serving as the stage will be loaned by General Motors Fernstedt Division

Chairmen of the some 50 Lions who will take an active role in presenting the entertainment and fireworks celebration to the people of the Hilltop include the following:

Ed Tonti, director under whom the project will be conducted this year and personally in charge of securing mechanical post-hole digger for assembling the frames on which fireworks will be mounted; Pinky Higgins, school liaison and truck procurement; Chuck Weaver, electrical connections. Sam Taylor, decorating; and Paul Holt, co-chairman of the celebration and in charge of program arrangements.

Both juveniles and parents of juveniles may have to face stiff consequences for future disregard of curfew hours.

Juveniles, under 18, found in places after curfew will be apprehended and action may be taken against their parents, police said. Sgt. Hilltop Girls Vie For Queen's Crown

Royalty will reign this year, as always, over festivities during Hilltop Bean Dinner and, with the big event less than four weeks away, interest in the annual queen contest is mounting.

Valuable $25 United States Savings Bonds for the queen and two runners-up give an added interest in this year's contest. In addition, the queen will receive an engraved trophy and a bouquet of red roses.

Contestants must either live on the Hilltop or be employed by a Hilltop firm. They may be sponsored by a local businessman if they desire and sponsors will be provided by the Hilltop Business Association.

Judges will base their conclusions on poise, personality and appearance, and contestants will wear street clothing according to Sarabel Henderson, chairman of the Bean Dinner Queen committee.

Billfold-size photographs and pertinent information should be provided by candidates. Entry forms may be obtained from the Hilltop Business Association office, 3183 W. Broad-st or from The Hilltop Record, 2465 W. Broad-st.

Howard, Jim Return From Service To Join Dads In Business Here

Jack and Howard Merriman

The return of sons from service in Uncle Sam's armed forces is always cause for much rejoicing by their families, but seldom has the occasion been looked forward to with more enthusiasm than has been the case with two Hilltop merchants.

Two years ago Howard Merriman, son of Mr. and Mrs. Jack Merriman, 44 S. Sylvan-av, having just received a degree in business administration from Miami University, was called into service. Having been in the Naval R.O.T.C. at Miami, he received a commission with the rank of Ensign, and after a short period of briefing was made a naval exchange officer and stationed at New Orleans. But he admits his thoughts often strayed to Seiller's Department Store, 2404 W. Broad-st, owned by his father

About the same time, Jim Graham, son of Mr. and Mrs. Harry Graham, 822 Wiltshire-av, who had been a member of the Naval Reserve for two years, was called for a two-year hitch of active duty. Prior to entering service he was associated in business with his father, owner of the shoe department at Seiller's.

Both Jim and Howard grew up in the environment which caused them early in life to decide to follow in the steps of their fathers as business men, and it was to that end that both were pointing when Uncle Sam stepped in Both fathers, too, longingly looked forward to the time when their sons could take an active part in their businesses, admitted ly with the selfish thought that

Whose Pony Tail Is Prettiest? We'll Know At The Bean Dinner

"Mirror, mirror on the wall . . . whose pony tail is prettiest of all?" The little lady with the grown-up question, "How's my hair-do?" is four-year old Kathy Jo Smith, this year's first Pony-Tail Contest entrant.

There was someone missing in the bevy of little beauties at the Hilltop Bean Dinner last year when the Pony Tail Contest was judged. It was Kathy Jo Smith, daughter of Mrs. Louella Smith, 260 S. Harris-av. She became ill with tonsilitis on the very morning of the event.

Area Hay Fields Spring Alive With Activity

BRINGING IN THE HAY—Farmers and their helpers throughout Franklin County have been busy during the past two weeks cutting and storing this year's hay crop. The annual early summer activity is a fitting prelude to the great harvest of wheat which will begin in a few days. Guiding the tractor is Robert Carl Scott, son of Mr. and Mrs. Robert Scott. The other lad is Gary Smith, son of Mr. and Mrs. Ora Smith. The side delivery rake is gathering the crop in neat windrows which will later be scooped up by the baler. Never an individual project the two boys and their families are helping with the work on the land of neighbor Herman Crispin.

Howard And Jim—

(Continued from page 1)

they—the dads—might be able to take it just a little easier in the years ahead.

But the parallel in the lives of the boys goes even further. In June of 1953, Howard was wed to Patricia Shelby, of Norfolk, Va., whom he met while both were attending college at Miami. They have a daughter, Carolyn, 14 months old. The family will reside at 39 N. Chase-av.

After Jim became activated in the Navy, he was stationed at the Philadelphia Navy Yard for a year and his home base during the last half of his "hitch" was Newport, R.I., though he spent some time on a destroyer escort on submarine duty in the West Indies. He was married in February of 1954 to Susan Beeson, a West High schoolmate, and they have a seven-week-old son, Scott Andrews. The family expects to move soon to their new apartment at 114 N. Terrace.

So it was with no little display of enthusiasm that Howard and Jim are being welcomed home—particularly by their fathers. Howard has been made treasurer and assistant manager of Seiller's and Jim and his dad, according to the latter, consider themselves "just partners in the business."

The situation which encompasses the dreams and aspirations of many fathers and sons—has actually become a reality to the two Hilltop fathers whose sons, they are confident, will become equally as well known as they in the years to come.

Pheasant Survey Shows Number Is About Same

Results of the 1957 spring pheasant survey, conducted by Game Protectors and other field personnel of the Division of Wildlife, have shown the brood stock to be about the same as last year with the better portions of the lake plain region of northwestern Ohio having more birds.

It is too soon to evaluate the effect of the heavy and prolonged rains of April and May on the pheasant nesting success. But since many of the birds bagged in the fall will be birds "of the year," nesting success together with hay mowing operations and other normal farm operations will be determining factors in this fall's pheasant population.

Steak Or Beans?

Members of West Franklin Kiwanis Club enjoy a "steak or beans" outdoor dinner held recently at the home of John Hoffman, 4487 Roberts-rd. Winning members of last year's tax stamp team were treated to a steak dinner while the losers had to be satisfied with a baked bean diet. Some "crossovers," however, were reported in the chow line.

Harold Hughes (right), captain of the losing team, looks hungrily past his plate of beans at the bountiful supply of steak ready for consumption by captain of the winning team, Jim Ryan.

"Certainly," replied the new tenant, handing over the required sum.

"Thanks. Now, shall we trust each other, or do you want a receipt?"

Development Group Recommends Locating New Sewage Disposal Plant Farther South

Construction of the proposed southeast sewage treatment plant approximately eight miles south of the location originally suggested at the confluence of Big Walnut Creek and Alum Creek, was recommended today by the Development Committee for Greater Columbus.

The result of an exhaustive study of the 1954 Master Plan Study of Sewers and Sewage Treatment, the change was recommended by the Development Committee's Water and Sewage Technical Committee and has been adopted by the Steering Committee of the Development Committee, a non-political group of citizens pledged to developing a better community.

The committee said it endorsed the 1954 Master Plan with the exception of the southeast plant location and a possible revision of the route for the Big Run Main Trunk Sewer, which is now under study by the City of Columbus. In carrying out the 1954 Master Plan, the committee stated that, "as much, if not more, emphasis should be placed upon the construction of those trunk sewers which will relieve the existing overloaded conditions as upon those which will serve presently developed areas."

The committee outlined projects estimated to cost a total of $38,185,000 as immediate needs of the Greater Columbus area and urged their construction as soon as possible.

Would Aid Southeast Area

The recommendation to change the location of the southeast plant was made, the committee said, to further the committee's goal of an integrated sewage collection and treatment system for the metropolitan area by making possible extension of service to Groveport, Obetz, Canal Winchester, and Lockbourne Air Force Base. The 1954 Master Plan suggested the southeast plant, estimated to cost $9,000,000, with a treatment capacity of 36,000,000 gallons per day, be constructed at Big Walnut and Alum Creeks. Legislation to construct this facility at that point was presented to City Council in both 1955 and 1956 but has not been passed to date.

Inquiries by the committee revealed that it would cost an estimated $4,800,000 to change the location approximately 8 miles south on Big Walnut Creek. Such a change, however, would obviate the necessity of building a third treatment plant, also recommended in the 1954 study, and parts of two trunk sewers at a total savings of approximately $3,100,000. Total extra cost would thus be reduced to about $1,700,000.

The committee said there were four main reasons for proposing the shift in location: furthering the establishment of an integrated system, providing adequate facilities for the metropolitan area, attracting additional revenue, and preparing for future industrial expansion. Service to the south, southeast, and east sections of the metropolitan area adequate for the foreseeable future could be furnished thus encouraging the orderly development and growth of the Marion Township area and South Side.

The committee estimated that revenue of approximately $115,000 annually would be attracted by the change and said this amount would contribute measurably to financing the overall cost.

"Accordingly, it is the committee's recommendation that steps be taken to proceed as rapidly as possible with the construction of this plant at a location approximately 8 miles south of the confluence of Big Walnut Creek and Alum Creek," the report stated.

Suggests Big Run Revision

The committee recommended a revised route for the Big Run Main Trunk Sewer, estimated to cost $3,500,000, subject to an engineering study now under way. The revised route would extend north and west from the present sewage treatment plant to the western edge of the city, then proceed northerly to the Hilliards area. "Such a plan, if feasible, is recommended since it will eliminate having to construct a large sewer (West Scioto Main Trunk) through ground underlain by extensive rock formations as well as serve the communities of Grove City and Urbancrest and relieve overloading of the Sullivant Avenue trunk sewer in the vicinity of Demorest-rd," the committee said.

In establishing construction priorities, the committee urged that as much, if not more, emphasis be given to construction of those trunks which will relieve existing overloaded sewers. This relief was termed "essential to the well-being of the entire community." A high priority should be assigned to sewers which will both relieve overloaded conditions and serve undeveloped areas, the committee added.

Other Projects Listed

The committee endorsed a program estimated to cost $38,185,000 as representing immediate needs of the Greater Columbus area but said $7,685,000 of this is already available. In addition to the southeast treatment plant and the Big Run Sewer, this program includes the following projects:

1. Construction of the Alum Creek Trunk Sewer to Morse-rd at a cost of $7,645,000. Parts of this system between Livingston-av and Johnstown-rd have been designed and are under construction.
2. The Big Walnut Main Trunk from the southeast plant to Broad-st at an estimated cost of $3,000,000. The city has already undertaken construction of the section from Livingston-av to Broad-st.
3. The Olentangy Trunk to Worthington to provide service to Worthington and North Columbus at the cost of $2,000,000.
4. The East Scioto Main Trunk to relieve overloading in the Grandview and Upper Arlington areas at a cost of $4,500,000. The Big Run feasibility survey, the report noted, should include recommendations about possible changes in the size of the Scioto Main Trunk.
5. Expansion of the present treatment plant to the capacity of 120 mgd secondary treatment and 160 mgd primary treatment at a cost of $3,740,000.

The Water and Sewage Technical Committee is chaired by C. Carlton Hartley of the Hartley Printing and Publishing Company. Other members include Arvin J. Alexander, Roy Brenholts, Edmund A. Donnan, Henry A. Flaharty, J. Parker Garwick, L. A. Guzzo, Paul L. Jones, Robert K. Levy, Harry E. Mayfield, Don E. Weaver, and Allen W. Lundstrum.

Acton Lake Boating Open

V. W. Flickinger, chief of the Ohio Division of Parks, announces that the new 625 acre Acton Lake in Hueston Woods State Park is now open to boating.

Hueston Woods State Park is located on the Butler-Preble county line near Oxford, Ohio. The lake, which was filled only this spring, will be limited to motors of six horsepower or less, Flickinger said.

Boat launching ramps are available to the public as are boat docks. A nominal fee is charged for the use of the boat docks. Boat and motor licenses are available at the Park Managers office on the area.

Hueston Woods and Acton Lake are located five miles north of Oxford off Route 177, thirty-five miles southwest of Dayton and forty miles northwest of Cincinnati.

the best council camps in this area. Units may not camp or use the present land for camping until a full-time ranger is placed in charge of the territory, until water has been tested and proven satisfactory for use, latrines erected, and other necessary improvements made in line with minimum requirements for good camping standards. But some day "Greenhills" will be the mecca of youngsters desiring wilderness and other forms of camping and hiking. But Lazarus will remain for continued use. The sentiments of hundreds and thousands of men and boys would not have it otherwise.

Valleyview Still Studies Gas Rate

Valleyview Village Council took another step Monday night to protect its residents from paying what Mayor Charles J. Ringer terms "the highest gas rate in the county."

Members of a village committee consisting of Harry Holroyd, Frank Dillon and the town solicitor will meet with the state Public Utilities Commission to determine how "far off" the proposed rate is.

Present gas rates from the Ohio Fuel Gas Co. for villagers are $1.06 for the first 1000 cubic feet and 65.5 cents for each additional thousand.

The proposed rates would raise the fare to $3.10 for the first 1000 cubic feet and 65.5 cents for each additional thousand.

Earlier, the council-appointed committee came up with the figure of $2.35 as being a fare initial rate for the village. This was discarded by the gas company, according to Mayor Ringer.

In other action, the council discussed constructing a sidewalk along Valleyview-dr to the new school being constructed by the Columbus Board of Education.

Advertising today is a good way to build prestige for tomorrow.

Scout Head Describes Fun At Camp Lazarus

By Robert G. Meeds
Southwest District Scout Exec.

One hundred and seventy-five Boy Scouts and 15 adult leaders registered for a week at Boy Scout Camp Lazarus on Sunday. Many of these Scouts and leaders are from the Hilltop and Southwest District, while others are from the Mohawk District of the Central Ohio Council.

Days will be filled with interesting and worthwhile activities for these happy and carefree youngsters, many of whom are approaching young manhood, while others will be experiencing the thrill of first nights away from home. Many merit badges will be earned and new songs learned, not to mention new trails with adventure at every turn. Certainly not the least in importance from attending a week in camp are the new friendships with other lads, many of which last a lifetime. Then, there's the fun of swapping "gismos" and "gimmicks" which every Scout carries, and though these may be frowned upon by mother and big sister, they carry a certain amount of value to boys of early Scout age.

Visitor's Campfire Tonight

On Wednesday at 8:30 p.m. parents and friends are invited to visit the camp and to attend the huge central campfire program with skits, pantomimes, stunts and displays of the skills learned in Scouting. Sometimes members of the Order of the Arrow, an honorary fraternity associated and sponsored by the Boy Scouts of America, do their famous Indian dancing or carry out some famous Indian legend in song to the delight of visitors and young campers. In either case, the program will be interesting and the firelight with its backdrop of hills and trees casts a spell long remembered by the camper and visitor alike.

On Thursday evening comes the Protestant religious service conducted weekly by the chaplain, young Tom Schooley, who lives in Cincinnati, and is presently a student in the Theological Seminary at Delaware. Tom is capable and his services are very well-attended. He is a great friend of the lonesome lad, or to the fellow who may be experiencing some difficulty in getting adjusted to camp life. This is Tom's second summer at Lazarus and his salary is met by the assistance offered through the many Protestant churches and other institutions which sponsor Scouting units.

Local Staffers Listed

Serving as junior staff members this summer are several young men from the West Side of Columbus. Pat Lamb, first aid instructor and director, lives at 275 Buena Vista-dr, New Rome and is a student at Otterbein College, Westerville. Kenneth Danter, son of Mr. and Mrs. Walter White, 815 S. Wayne-av is a member of Troop 46, the Order of the Arrow, is an Eagle Scout, and this summer is assistant director of nature study.

Fritz Ricker, 197 S. Westmoor-av, son of Mr. and Mrs. J. J. Ricker, is assistant aquatics director. He too, is an Eagle Scout, member of the Order of the Arrow, and registered with Troop 212. Jim Collard, 262 S. Sylvan-av, also in Troop 212, and son of Mr. and Mrs. C. J. Collard, is spending his fourth year at Lazarus. Jim is lodge chief of the Order of the Arrow, and was recently elected to attend National Boy's Nation, one of two Ohio boys to be so honored at Boy's State.

Other units from the West Side, their sponsoring institutions; and the adult leader in camp this week are Troop 162, Oakley Avenue Baptist Church, Dorcus Claytor; Troop 172, Hoge Memorial Presbyterian Church, William Minnier; Troop 250, St. Agnes Holy Name Society, Harold L. Cain; Troop 357, Hilltonia EUB Church, John K. Snider; Troop 182, Hilltop Church of Christ, Clayton Martindale; Troop 212, Hilltop Lutheran Church, Ervin J. Coder; Troop 161, Hillcrest Baptist Church, Joseph Hutt; Troop 86, St. John's Lutheran Church, Grove City, Robert Headley; Troop 214, St. Mary Magdalene Church, Ray Panais; Troop 154, Hilltop Christian Church, Robert Abbott and Troop 225, St. Matthew Lutheran Church, John Sealer.

Dr. Long Assists

Our own Dr. R. E. Long, chairman of the health and safety committee of the Southwest District in Scouting, who lives at 1553 Demorest-rd, was present along with other doctors to examine the Scouts and see that each candidate was in good physical condition for full participation in camp activities. The First Aid Lodge is open at all hours and a first aid instructor is able to render assistance to those needing help. Fortunately, most of the cases are no more serious than an attack of poison ivy or a rebellious tummy after impounding too much food.

Lazarus has been in existence for 30 years and has sheltered and weathered many thousands of boys, many of them now men and scattered to all parts of the country. One of the landmarks of this Scouting rendesvous is the camp caretaker, J. Wood Osborne, who has been living and working on the grounds with his wife for 30 years. Osborne, better known to thousands of boys and men as "Woodie," is kindly, soft-spoken and energetic for his 74 years. He says he feels that Scouting is even more important for boys and young men today than ever before. Perhaps no better epitaph for Woodie can be given than that he has been known and appreciated by thousands and thousands of boys.

Developing New Campsite

Though the Central Ohio Council has recently purchased 1126 acres of land near Logan in Hocking County, Lazarus will be retained and developed into a training reservation for the council. The new site, "Greenhills," will become the central camping center when funds have been found to create the lakes, dining hall cabins and other improvements to make it one of

Do you think dogs should be quarantined this summer?

Mrs. Lucille Clegg, 2891 W. Broad-st: "I certainly think they should be watched and taken care of because they can be dangerous to children. However, if people watch them, I don't think they should have to quarantine them."

P. S. Downs, 34 N. Eureka-av: "No, I don't think they should be quarantined. I think they should be let alone. I don't think most dogs hurt anyone, at least in our neighborhood."

Mrs. Mary Waugh, 78 S. Hague-av: "Actually, I don't think there's a dog in this neighborhood but I do think that when people have them, it's up to them to keep the dogs in their own yard. However, I don't feel that they should have to be quarantined."

Mrs. Frank Jenny, 307 N. Harris-av: "Yes, I do. I have a beagle hound of my own and we keep him fenced in except when we take him out for training. I think dogs can be very dangerous to children, mailmen, in fact, almost anyone."

Mrs. Harold Keen, 134 S. Terrace-av: "Definitely, I do. I don't think either dogs or cats should be allowed to run loose. I think they frighten children and are often a bother to other people."

Relocation Office Tackles Big Task

Seeks More Rent-Sell Listings Here

Negotiations and relocations of families in the Mound-Sandusky-st Expressway are moving ahead. Of the 330 families living in the area, 17 have moved in a six week period.

"This is considered a good record because the Family Relocation Office was not opened until the 27th of May, and we were not operating at full force until the first of June," [illegible] Dennis Carr, supervisor of the Sandusky-st office. However, Carr expects about 25 families to move during the coming month. Moving will probably proceed at a slow pace for six weeks because of the time necessary to process the payment checks from the State Highway Department to the property owners.

All families living in the X-Way area, are eligible to buy under the FHA 221 program. This is a liberalized loan made available only to people who are forced to move because of a public works project. Under the 221 loan, no down-payment is required. The only cash necessary is about $300 to cover the closing costs. The maximum loan value is $10,000 with up to 40 years to pay.

Previously, a 221 loan could not be obtained, if the purchase price was over $11,500. However, a new ruling last week by the FHA places no limit on the full purchase price. A family may purchase a $15,000 home and still obtain a $10,000 loan, if they can pay the difference.

The desire of most of the families to remain on the West Side or Hilltop is unusually great the Relocation staff noted. Of the 313 families remaining in the area, 217 are renters and 96 are owners. Eighty-two of the 217 indicated they want to buy and 94 of the 96 owners will purchase again, for a total of 176 families showing a desire to purchase. And most of them want to stay in this area. It was pointed out by the relocation staff, that all families will be given sufficient time to move. This is especially true for people who sign a contract for 221 purchase. The family relocation office moved 400 families in the Goodale area, with no evictions.

Carr requested anyone having a house for rent or sale on the West Side or Hilltop, to please call or write the Sandusky-st. Family Relocation Office, at 339 S. Sandusky-st, CA. 4-2829. The relocation office is open from 8 a.m.-5 p.m., Monday through Friday. Families living in the area are asked to feel free to use the services of the relocation office in obtaining a house for rent or sale.

GRATEFUL FOR THE HELP they have received from the City Relocation Office and the liberal terms of a "221 Loan" are Mr. and Mrs. Charles Nash (center). Here they sign for their new residence in the presence of Olin Parret, attorney, and R. G. Sunker of the relocation staff. Nash (a railroader) and his wife are moving from their expressway condemned home at 713 W. State-st to the former Gift Street Methodist Church parsonage, 55 S. Davis-st. Church trustees had listed the property at the Relocation Office.

Hearings Are Delayed In Franklin Twp.

County commissioners have postponed public hearings on two petitions to annex areas of Franklin Township to Grandview Heights and Marble Cliff until the question of the township's incorporation is settled.

The request filed by Grandview is to annex 433 acres west of Grandview-av from the Scioto River on the south and west to Station-st on the north.

The petition filed by Marble Cliff asked for a 370-acre tract bounded by Grandview on the east and north and the Scioto River on the south and west.

Commissioners decided to delay hearings until the question of Franklin Township's incorporation was decided in Common Pleas Court. Earlier, the Ohio Supreme Court handed the question back to the lower court for "further study."

A request that no action be taken on the annexation filings was made by Thomas W. Applegate, attorney for the incorporationists, in a recent meeting with county commissioners.

Poetry Contests Open For Entries

Patrons and friends of Ohio Poetry Day are sponsoring eight poetry contests this year, four for lyrics, three for sonnets, and one $50 contest for an ode. Closing date for entries is Aug. 16.

Local sponsors are Ohioana Library and Ohio Poetry Day. Awards will be presented at the Poetry Day banquet in the Seneca Hotel on Oct. 19.

For details of the eight contests, send stamped envelope to Teresa Sweasy Webb, 251 W. Eighth-av, Columbus, Ohio.

Hobo, Funnyman Win Clown Titles

Joyce won the "most original" clown title while Walter was the prettiest." Other winners were "funniest," Sally Sprouse and "best all-around clown," Jimmy Thurmon.

Race Slated On July 4th At Hilliards

The Hilliards Raceway Invitational Independence Pace will be raced in the sunshine for the first time in its eight-year history, with the announcement that post time for the nine-race card on July 4 will be moved up to 2:15 p.m.

The action marks the first time afternoon racing has been held at Hilliards during the extended pari-mutuel meeting. No night racing will be held on that date.

The Independence Pace will carry a purse of $2,000, and figures to draw no less than eight starters. The Midwest's finest fast class pacers will receive invitations to participate in the annual event.

Broad-St. Home Condemned; Too Many Animals!

Mrs. Grace Prose, 2920 W. Broad-st, has been ordered by city building inspectors to either fix up her house which is in need of repairs or to raze the building—for the second time in two years.

Two years ago, she complied with an order to clean up her premises and dispopse of her dogs and cats—but by now things seem to have gotten away from her again!

After discovering 15 dogs, 13 cats, two crows, a guinea pig, an adopted daughter and four tenants all living in the six-room residence, city officials condemned the home, revoked the rooming house license and issued their "clean-up" order.

"Someday Bill Will Thank You . . ."

So said the Sun Life Agent when he delivered my son Bill's Junior Adjustable policy — but he didn't have to tell *me* that. I know what a help it would have been to me if, when I was twenty-one, I had been given a life assurance policy that could be continued as Whole Life, Life Paid-up at 65, or Endowment at the same age, for as much as *five times* the original amount without increasing the premium. Especially when that premium was based on rates for a child. I didn't have this great advantage, but I'm making sure my son has it. How about you?

White Bass Now Biting In Lakes

White bass, noted for their phenomenal growth, were stocked in a number of inland lakes in Ohio last year and apparently liked their new home.

Denny Armbruster, Fish Management Supervisor of Wildlife District 3, reports that white bass, stocked in Charles Mill Lake in October, 1956 as 8 to 9 inch fish are now 13 to 14 inches in length.

Richland County Game Protector George Griffith reports checking one fisherman who had caught four white bass with a total weight of five pounds. The fish ranged from 13 to 14 inches long which shows remarkable growth for one year old fish.

Cacchio Proves Figs Don't Need Desert Heat - - Just Loving Care

BACK YARD FIG GROVE is examined by expert gardener and fig-raiser, Mike Cacchio.

Although hundreds of home gardens are bursting with crisp radishes, onions and lettuce about this time of year, not many can boast of Italian tomatoes, Roman lettuce, grapes and fig trees.

However, a garden with a distinctly Italian flavor has been the summer delight of Mr. and Mrs. Michael Cacchio, 274 Martin-av, for many years.

Not wholly Italian, the Cacchio garden is also blessed with green peppers, red tomatoes, sweet corn, radishes, swiss chard, beets, carrots, onions and pumpkins. But the plum-shaped Italian tomatoes, slender-leaf Roman lettuce, climbing grapevines and eight fig trees are the real 'pride and joy' of the local gardeners.

Probably the most outstanding result of their gardening endeavors are the fig trees, a hot weather tree native to southwestern Asia, but almost unheard of in a seasonal climate.

Since the main problem is the danger of freezing, Mr. Cacchio has developed a fairly, fool-proof system of 'winterizing' his temperature-prone trees.

Buries Branches, Leaves

In early December, he covers and ties each tree with a waterproof material. He then digs trenches approximately 18 inches deep, bends each tree toward a trench, and buries the branches and leaves. He covers as much of the trunk as possible with dirt, thereby giving his trees a warm, snug, winter bed. In mid-May, he unearths them, for six months of warm sunshine and fresh air.

Moisture, freezing the branches, is fatal to the trees, while dry cold doesn't seem to affect them adversely. "My brother in Philadelphia leaves his trees uncovered all winter," Mr. Cacchio said, "but they have a very dry winter." He also pointed out that the trees are often left out throughout the winter months in some Eastern states.

Except for the "winter burial," the trees take no care at all, according to Mr. Cacchio. "They are never attacked by bugs, the fruit never spoils, they're just no bother," he remarked.

Mr. Cacchio's fig-raising days date back to 1935 when he transported two trees from Philadelphia to his former home on McKinley-av. Although he has had some deaths among his trees, he has managed not only to maintain, but to increase his "fig family" through ensuing years.

Two of his present trees are 15-years-old while the others are former sprouts of the parent trees. From a sprout, the trees require three or four years' growth before they'll bear ripe fruit.

White Figs Sweetest

The fruit, almost stemless, seems to grow directly out of the branch. When fresh, it is pear-shaped and about the size of an orange. The fruit is black or white at maturity, white figs being the sweeter of the two types.

The tree does not bloom but bears fruit from latter August until latter November. The fruit lasts only a day to a day and a half in the refrigerator.

Cacchios enjoy the figs both raw and canned whole. Mrs. Cacchio's only regret is that figs aren't included in the State Fair's canned food categories, or at least, somewhere on display. "You never see a fig around the State Fair," she laughed, "guess not enough people raise them."

The Cacchio's are not only fig-raisers—they have raised five sons as well, all married and living on the Westside. They are: Paul, 889 S. Brinker-av; Dan, 686 French-dr; John, 847½ W. Broad-st; James, 700 French-dr, and Anthony, 625 Butler-av.

Market Basket

THIS WEEK LOOK FOR:

Fruits — Watermelon, cantaloupe, canned applesauce, canned and frozen orange juice, frozen lemonade, fresh and frozen strawberries.

Vegetables — New cabbage, green beans and potatoes.

Protein foods — Rib and pork roast, chuck roast, milk, cheese, egg.

"Roll out the barbecue" and "Let's have a picnic" are familiar terms in Columbus and Franklin County. Certainly we make up a large percentage of the two million meals which are expected to be cooked outdoors in 1957. One survey indicated that 55 per cent of all families in the United States prepare an outdoor meal one to three times a month.

It is estimated that some fifty million dollars will be spent on grills, long handled forks, briquets and other barbecue accessories this year. While this figure may seem high, perhaps it is one for which greatest value is received in terms of wholesome family life and recreation.

It's easy to get ready for a picnic on a minute's notice if you have a well stocked refrigerator of fresh vegetables, fruits, milk, lemons or lemonade concentrate. It costs no more to have a picnic, it's easier on the cook, and best of all there's little or no dishwashing afterwards.

Picnic Foods

High-grade meat is best for barbecuing or grilling outdoors. Small turkeys and young broilers are excellent buys right now and will make a big. Lamb, hamburgers, spare ribs and fish, especially if iced caught them, make interesting outdoor meats.

Turkey and Chicken — Buy four to eight-pound turkeys and plump two to two and one-half pound broilers for barbecuing. Allow one pound for each adult and one-half pound per child. Split small chickens in half lengthwise. Break drumstick, hip and wing joints to keep bird flat during broiling. Brush with melted butter and place bone side down on the grill. Broil slowly, five to seven inches from heat source. Turn several times during cooking period, basting each time with melted butter. Add salt when about half done.

Beef Cuts — All kinds of top-grade steaks are good for barbecuing. Have them cut at least one inch thick and trimmed of excess fat. Grill three to five inches from glowing coals and turn only once during cooking time. Salt before and after turning.

Other beef favorites include hamburgers, minute or cube steaks, and bite size chuck for Kabobs. Cube steaks and Kabobs are better in flavor and tenderness if allowed to soak in a marinate sauce before cooking. The less tender the cut of meat the longer the marinating period should be.

Other Meats—Barbecued spare ribs, grilled bacon and ham slices are good choices for outdoor cookery.

Don't forget the good old American weiner or frankfurter for picnic fun and good eating.

In the lamb department, choose lamb steak, chops or cubes of stew meat for Kabobs.

Select fish fillets, steaks, boned or unboned whole fish. Sprinkle fillets or steaks with salt, brush with butter or a marinate, place on a greased rack, if moist, usually it is unnecessary to turn fish fillets and steaks.

Marinate cube steaks, Kabobs, chicken and spare ribs in barbecue sauce or French dressing. Use ¼ cup melted butter and 1½ tablespoons of lemon juice for chicken, fish or beef steak.

Add ½ teaspoon thyme or marjoram to melted butter and brush chicken or turkey with this as it barbecues. Marinate fish in lemon-butter sauce or French dressing before broiling.

West Girls' Softball Play Is Underway

Glenwood Termites opened the West Intermediate Girls Softball League, Wednesday, June 26, by dropping a 23-14 decision to Sullivant Gardens. Relief pitcher Bev Friend collected two home runs, while starting pitcher Penny Yunkfliesch, slamed one homer, both for Glenwood.

Sunshine racked up 22 runs to the Glenwood Wildcat's two in the West Senior Girls League. Highlighting the Wildcat's feeling was a double play, Barbara Smith, pitcher, to Nadine Hathook, first, to Dee Elliott, second. Elliott made two double plays, both by catching a fly ball and tagging runners off base.

The Clowns vs Westgate, junior girls game was postponed after the first inning Friday because of rain. The Jokers vs Goodale, Intermediates, was also rained out, Friday.

In the other intermediate girls game, Glenwood Goofers forfeited to Sunshine.

Hilliards Man Elected Head Of Local 746

Thomas Campbell, 3380 Leopard, Hilliards, won the presidency of Westinghouse Local 746 (IUE-AFL-CIO) in a surprise victory Saturday.

He defeated Charles Clark, president of the union group since 1955, by a narrow margin of 19 votes, union headquarters announced. An employe in the polishing and buffing department at the local plant, Campbell came to Columbus from the Mansfield plant three years ago. He is a 25-year employe of the Westinghouse Electric Corp.

Final vote has not been tabulated, pending a completion of the count for other offices at stake in the election.

Boy Discovers Parked Cars 'No Place To Play'

Another small boy discovered Saturday afternoon that parked cars make a poor playground.

John Miller, 8, was struck by a car driven by Wayne L. Robbins, 17, of 17 Whitethorne-av, when he ran from behind a parked car at Clark and Safford-av. Robbins was not held.

John, who suffered compound fracture of the right arm and right leg and head and chest injuries, was reported in good condition Tuesday at Mt. Carmel Hospital. He is the son of Mr. and Mrs. Clarence Miller, 546 Butler-av.

On the first of the month there is no female or anything else more deadly than the mail.

Scores Given In Little Jet Ball League

The Hawks, paced by the steady pitching of southpaw Mike Karn, won two games the past week in Little Jet play at Glenwood Center.

In their first game the Hawks trounced the Bucks, 16-0, and in the second they edged the Giants 5 to 4. Outstanding in the game also was the fact that the losing Giant pitcher hurled a one-hitter.

Mike Briggs pitched a no-hitter and struck out 17 Yankees as the Cubs defeated the Yanks, 8-1. The Reds also remained undefeated as they clubbed the Eagles 13-3.

Game scores for the week ending June 29 are: Cubs 5, Yanks 1; Hawks 5, Giants 4; Hawks 16, Bucks 0; Reds 13, Eagles 3; Jets 12, Braves 1; Cubs 8, Aces 3; Bears 11, Jets 3, and Tigers 19, Eagles 1.

'Mouse Not Quite Dead' Finds Mike

Five-year-old Michael Sutton, a softy for wounded animals, got a mouse-sized bite from one on Sunday afternoon.

The incident occurred near the home of Michael's parents, Mr. and Mrs. David Sutton, 439 E. Chase-av. The mouse, after being struck with a rope by a teenage neighbor girl, looked safely exhausted or dead.

In an attempt to pick up the "dead" mouse, Michael got a "very much alive" bite on the finger. The Suttons, Mike and the mouse all went to University Hospital where Mike received a tetanus shot and the mouse received tests for possible rabies.

Another "bite" was bestowed on Gart S. Rinehart, 8, of 619 S. Harris-av, by a house cat last weekend. Neither victim was injured seriously.

Herbert's Food Market On Hilltop For Past 41 Years

Herbert's Food Market, 2875 W. Broad-st, has been at the same location since 1916.

T. Chester Herbert

Owner T. Chester Herbert started as a grocery clerk with the store 41 years ago and later became a partner with the late Webb Davis from 1921 to 1941.

The store features quality meats and fresh fruits and vegetables. Delivery service is another specialty of the food store.

The new deluxe supermarkets have presented "very little" competition says Herbert. "We're a neighborhood business and our customers are loyal."

Herbert, who believes in staying in one place for a long time, has lived at 89 S. Richardson-av since 1917. Since then it has been duplexed.

His wife, Marie, "sometimes" helps him in the store but her pet hobby is her nine grandchildren says Herbert, who is also proud of his three daughters and one son. All four are married.

His son, John, lives in Arizona and is a "walking chamber of commerce" laughs his Dad. "He just loves that place."

Herbert's spare hours are spent "seeing the kids and fishing when I get the chance." Canada rates as his favorite spot for angling.

Herbert and his wife are active in Glenwood Methodist Church and Westgate Lodge. An HBA member, he also belongs to the American Legion.

Informal, Open Living Found In Modern Surroundings Of Ireland Home

Many Built In Features Add To Comfort

By Shirley Monty
Photos by Groom

"Modern" usually depicts the informal, the natural, the open—a type of living that is relaxing, practical and fun. Like the carefree, sun-tanned, hair-flying teenager, modern living has a personality and charm of its very own.

Mr. and Mrs. John Ireland have captured this sort of feeling throughout their one-story home, located on the corner of Brinker-av and Eakin-rd. Structural simplicity, textural materials, an open floor plan and modern furnishings all contribute to the artistic casualness and livability of this home.

In addition to the living area; the home includes three bedrooms, one and one-half baths and a divided basement, underlying half of the house. The two large bedrooms have exposed beams and one wall of closet space, closed by accordion dividers.

The ultimate in comfort is accomplished with air-conditioning and an electronic moduflow system. The latter is a thermostatic control, located on the exterior of the house, which anticipates temperature changes. This feature offers the advantage of maintaining a constant temperature in the home.

Another convenient built-in feature is a kitchen radio which is wired to speakers all over the house, including the basement. Besides the advantage of music in every room, the system can readily be converted into an inter-communication system at little expense.

A third member of the Ireland household is Chigger, a bustling little Mexican Chihuahua. John Ireland is employed by North American Aviation Inc. and Virginia owns and manages the Manor Beauty Bar at Westgate Manor.

MODERN LIVING — Inside and out, this one-story dream home on the corner of Brinker-av and Eakin-rd, is as modern as electronic ovens and magnetic doors. Outside features include a semi-flat roof, a northern windbreak wall, a carport with storage compartment and a charming structural simplicity. Built of gray adobe brick with aqua wood trim, the home takes on new luster and charm at night under the soft illumination of several large floodlights.

An informal, open feeling pervades the living area, from the living room through the dining area (far right corner, behind fireplace) and into the kitchen (other side of brick wall.) Natural texture and beauty is achieved with the red adobe brick wall and fireplace, exposed beams, two walls of windows and indirect cove lighting. The double fireplace opens into both the living and dining areas.

Space-saving fold-away electric burners add to the compactness and efficiency of the kitchen. Virginia Ireland finds the unique "stove" convenient and easy to use. Control panels stand beside each burner and ventilation openings promote quick-cooling.

Natural wood, copper and brick give the kitchen a rustic character. Housewife delights are the electric dishwasher, garbage disposal, exhaust fan, built-in oven and fold-away electric burners. An accordion divider allows either privacy in the kitchen or a dining room view. The far end of the kitchen leads into the bedroom hall or into the half basement.

A walk between the house and carport leads to the front entrance, right, which opens into a small vestibule, simply equipped with a large planter and guest closet. Plastic accordion dividers replace doors throughout most of the interior. To the right of the entrance lies the bedroom wing and to the left is the living area.

Gardens Make A Three-Way Contribution To Home Life

There are three principal uses for the average garden: (1) to supply cut flowers to decorate the table and home, (2) to make the property beautiful, and (3) to provide a comfortable area in which the home owner can enjoy his hobby of growing plants.

In starting from scratch, the garden may consist of perennial plants, which need not be renewed each year, or from seeds, or small potted plants available in every locality.

There are many kinds of perennials, of which chrysanthemum, delphinium, phlox and hollyhocks are probably the most outstanding. Chrysanthemums have the advantage of producing flowers late in the season when little else is blooming.

Best rule for planting annuals is the average flower bed is to place the taller growing plants in the center and lower growing ones toward the sides until the edge of the bed is reached.

In growing both perennials and annuals, preparation of the bed is important. They will grow best in a good loam. Spade to a depth of eight inches and pulverize the soil by forking it over several times. Rake the top two inches so the soil is fine. Add fertilizer as described on its container.

If seeds are planted the soil should be especially fine. After planting, whether it be seeds or plants, soak the soil with water. Do not allow young plants to dry out, but do not keep them continuously wet.

Good rule is to water well and then let the bed alone until it shows evidence of being dry. Cultivation of the soil between plants will help to preserve its water content.

Speaking Of Beauty

By FLORIO

The "Relaxed Look"

Often women tell me, "You cut my hair better, of course. And I wouldn't think of giving myself a permanent. But once you give a professional wave, I'll just do my hair at home between permanents!" . . . Of course there are times when it's convenient to shampoo and set your hair at home. But remember — a professional shampoo and set always does more for you!

-f-

When you come for a permanent wave, we choose a shampoo professionally blended to put your hair in the right condition for blocking and wrapping. And if you use hair colour, your shampoo is doubly important. Colouring (whether "permanent" or a rinse) does change the texture and porosity of your hair. And it takes professional know-how to keep bleached or coloured hair looking beautifully "natural" and full of health.

-f-

Then there's your hairstyle, kept to perfection by our careful beauticians! They snip here and there to keep each wave and curl the correct length for easy combing. They're first to see when necklines grow "shaggy" . . . first to try that "pretty new touch" for you!

How much of your first pay check will you keep?

The Payroll Savings Plan is the one sure way to hold onto some of it!

The commencement exercises are over. The diploma you worked four years to get is yours. And the world is waiting!

So now you're on your first job. Bet you've got plans, too! There's a certain kind of car you've had your eye on all through school. Or, perhaps there's a certain girl. In either case, you'll need a good chunk of money!

And although jobs are plentiful and wages are high, a starting salary is still just that—a starting salary. You have to figure some way to save for those plans of yours!

There is a wonderful way offered to you by your Government. It's the Payroll Savings Plan. Here's how it works.

You simply sign the authorization card in your payroll office. Sign up for as little or as much as you like.

Each pay period the amount you've named is set aside in your account. When you've accumulated enough, a Savings Bond is purchased in your name and given to you. And those Bonds start to add up to real money fast because, not only are you purchasing them regularly, but the United States Savings Bonds you already own are earning interest for you.

Now Savings Bonds are better than ever!

Every Series E Savings Bond purchased since February 1, 1957, pays 3¼% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months. Now, more than ever, it's smart to save with guaranteed-safe U. S. Savings Bonds. Buy them regularly where you bank or through the Payroll Savings Plan where you work.

Part of every American's savings belongs in U. S. Savings Bonds

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

"ALL I HAVE LEFT IS WHAT I HAVE GIVEN AWAY"

"How come," asked an old friend. "Well," related the old man, once of great wealth and standing in the community, "I made money pretty rapidly in the late Twenties and gave freely to charity. In the early Thirties I lost all I had left and then some.

"In solemn reflection I have the satisfaction of knowing I helped many during my lifetime and my only regret is that I hadn't given more. Now in my retiring years I haven't many means, but I have much to be thankful for, and the respect of all the people."

Others, too, made profits in times of prosperity by helping their fellow men through organized charity either by current gifts or by naming their favorite charities in their wills.

TOUGH LUCK

When Smith walked into his friend's office, he found him sitting at his desk, looking very depressed.

"Hullo, old man!" said Smith. "What's up?"

"Oh, just my wife," replied the other, sadly. "she's engaged a new secretary for me."

"Well, there's nothing wrong about that. Is she a blonde or a brunette?"

"He's bald."

THE ULTIMATE DIGEST

"I want something for a young lady—a birthday gift," said the young man. "What would you suggest?"

"Well," said the clerk, "how about some book-ends?"

"Splendid!" was the enthusiastic reply. "Give me half a dozen of your best ends—that's usually the only part she reads!"

New Addition To St. Paul's Is Underway

Rev. Fred P. Cunningham

Ground breaking services have been held, and construction is underway on the basement unit of a new addition to St. Paul's Evangelical Congregational Church, 22 S. Warren-av. Fred P. Cunningham is pastor.

The concrete block addition will house an educational unit with space for six new classrooms, soundproofed chapel for intermediate and junior department assembly and a social area. New facilities will double present Sunday School capacity to accommodate approximately 150 children.

Basement of the present church building is also being remodeled.

Construction of the $16,000 addition is expected to be completed within two months. Robert Cassell is the architect and Donald F. Baker, chairman of the building committee.

Game biologists have evidence that the snowshoes are reproducing in Ohio and with the pines, hemlocks and other evergreens as favorite foods, becoming re-established, the hares should find this area of cold winters and deep snows much to their liking.

The New York Conservation Department released the Ohio quail on the Oak Orchard Game Management Area, a rugged northern section of the state. According to biologists from that state 90% of the released birds are still present near the release site, some four months after re-[illegible]

Was Fishin' For Catfish But Look What He Got!

IT WAS MORE THAN A TUG that A. G. Knowlton, 132 S. Ogden-av. felt on his line when he snagged this baby. It's a 37-lb. snapping turtle. Using soft crawn and a 20-lb. line, Knowlton was angling for catfish Tuesday at Twin Lakes, two miles north of O'Shaughnessy Dam. With a helper it took Knowlton 30 minutes to bring the reptile to land and hoist him into his auto trunk. Estimated at 35 to 40 years old the turtle has claws an inch long. His future is undecided.

Bean Dinner Cash Awards Total $500

Cash awards totaling $500—all to be given out in silver dollars—will be dispensed this year at the annual Hilltop Bean Dinner, to be held July 30 and 31 at Westgate Park. Drawings for the "cartwheels" will be held on the final night of the affair, beginning at 10 o'clock.

To be eligible to win a cash award, coupons may be obtained from members of the Hilltop Business Association, sponsors of the Bean Dinner, and deposited in boxes provided for the purpose.

First prize will be $100, two awards will be given for $50, six for $25, 10 for $10, and 10 for $5.

Those whose names are called as winners must be present in order to qualify. No person may receive more than one award.

Rain Holds Off 'Til Last Shot Is Fired

A Fourth of July rain cooperated fully with the Hilltop Lions Club's annual fireworks, by holding off until the last firework was successfully fired.

However, it then fell with such an intensity that traffic was slowed almost to a halt and police had a tough time getting the West High stadium cleared.

A drizzle throughout the evening kept the entertainers "entertaining" with weather remarks, put the audience on edge and delayed the fireworks by a half hour. Keeping the pyrotechnics in the truck until the last minute in order to keep them dry accounted for the delay.

LOST, STRAYED OR STOLEN . . .

Seventeen cases of empty coke bottles, Hilltop Lions reported their disappearance following the local July Fourth celebration.

The "empties" apparently were removed from behind the soft drink stand sometime Thursday night or Friday. The Lions spent more than $1000 bringing fun and fireworks to the Hilltop. But, because of the bad weather and resulting smaller crowd, their profits on food and pop were "practically nil."

They'd like to get the refund on their bottles. If anyone knows details of the incident, he'd be doing the Lions a favor by calling Bill Coen at BR. 9-9444 or the Coca Cola Bottling Co., Dublin-rd.

One disappointment in an otherwise successful evening was the small crowd of 4,500 in contrast to an anticipated 15,000. However, the celebration's slogan "Safe and Sane Fourth of July" proved itself true as no casualties or falling embers were reported, according to Sam Taylor, general chairman.

Crowd favorites were "The Dogpatchers," a group from the

Flash Fire Strikes Owl Carryout

Firemen enter Hilltop's Owl Market and Carryout as smoke pours from front and rear entrances. The entire stock and store interior were damaged by fire and water. Two apartments above were smoke damaged. Eight pieces of fire equipment blocked Broad-st for nearly an hour. J. Curtis Allen Photo

Owl Market and Carryout, 2338 W. Broad-st was the scene of a grimy clean-out operation today, following a destructive flash fire which struck shortly after 10 a.m. Tuesday.

The entire storeroom, with all its stock of foodstuffs and beverages was scorched by the blaze. Four or five persons managed to escape harm. Two apartment upstairs, unoccupied at the time, were blackened by smoke.

David Liston, 16, son of owner Ed Liston, 2441 Dorn-av, told investigators he discovered the store filled with choking gas when he opened at 10 a.m. It was escaping from the compressor of a beer cooler. He said he flipped the motor switch twice. On the second try a small blaze was sparked. He said he then scurried to the telephone to call firemen. During a second call to his father a flash fire and explosion filled the store with flames.

Another clerk, Polly Rogers, of 1049 Jackson-pk escaped through the front entrance. She carried the cash drawer with her. Several customers and a salesman also escaped. Upstairs residents Grace Mooney and Cleve Dumm were not at home.

Firemen, headed by Capt. Lester Whitman, acting battalion chief, prevented spread of flames to a produce firm next door. Four pumpers were used. Broad-st traffic was tied up nearly an hour. Firemen estimated damage at $10,000.

The building is owned by Charles Young, 22 N. Terrace.

Best Things Are Free! Look For $150 Today

One hundred fifty dollars worth of merchandise, chosen from the wealth of items offered by Hilltop Record advertisers this week, would gladden the heart of anyone.

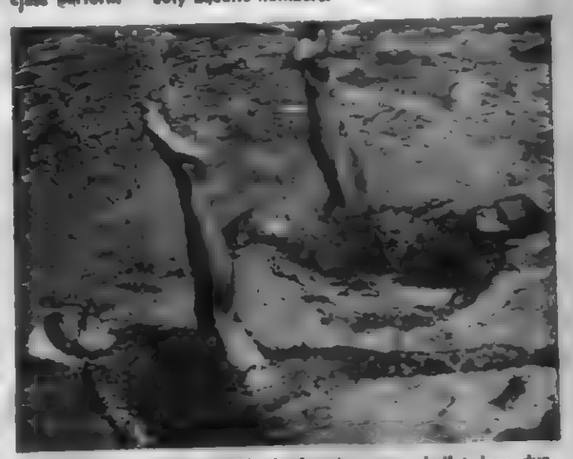
Water Ballerinas Learn Grace, Form In New Swimming Class



FLOATING STAR—Four members of the Hilltop Pool synchronized swimming class perform a star formation during one of their Fourth of July aquatic numbers.

If you lack the nerve to dive and the speed to race, you still aren't a hopeless "water" case. You may have the grace for synchronized swimming — a rather new and extremely attractive phase of aquatic possibilities.

Twenty-five young swimmers are already enrolled in the course, initiated at the Hilltop Swimming Pool this summer, under the tutorage of Jane Herbert, 196 Algonquin-av. Thirteen of the water ballerinas made their debut Sunday in a postponed Fourth of July aquatic show.

Costumed in dark suits, white hats and white gloves, one group swam its way through the staccato chords of "The Syncopated Clock." A second group, accessoried with garters and

Fun Promised For All Kids On Hilltop Bean Dinner Days

Littlest guests at the Hilltop Bean Dinner are by no means the least, in the opinion of program planners, who have arranged two full days of fun for the little folks.

A busy schedule of games, contests and events for children has been planned from 1:30 to 4 p.m. on both Tuesday and Wednesday. In addition, an all-star baseball game between Westgate Little Jets and Hilltop YMCA Little Niners will be played. Exact time and day will be announced later.

First event of the bean dinner on July 30, 1:30 p.m. is a brand new attraction. A hobo parade for boys and girls age eight to 12, will be held at the grandstand, with a king and queen of hobos chosen. The hobo parade will take the place of the Doll Buggy Parade.

Two hours of contests will follow with all the old favorite events included. The program will include sack races, relay races, peanut roll, three-legged races, shoe scramble and many others.

Games are planned appropriate to every age group from six and under to adults. Silver dollar prizes will be awarded first place winners in each event.

Wednesday afternoon will get underway with the Pony Tail Contest, sponsored by The Hilltop Record and Rural-Urban News, on the grandstand at 1:30 p.m. Two more hours of games will follow.

Traditional watermelon-eating contest will be the last afternoon event each day.

Thirteen reservations are still open, and anyone interested is invited to join the group. Cost of the bus fare is $35, and hotel and food costs are not included.

Itinerary will include a stop in Cheyenne to see the famed "Cheyenne Frontier Days."

Earl Reed, member of West High School faculty and sponsor of the club, will be among the chaperones. Further information is available from Bill Fisher, president of the alumni club, BR. 4-7689 or Linda Messing, vice-president of the Equestrienne Club, BR. 4-3021.

New Goodwill Booth Placed On Big Bear Lot

FIRST SACKFUL of salvage is placed into the new Goodwill Industries booth at 2835 W. Broad-st, by Ray Evans, manager of the Big Bear Store. George Evans (no relation), Goodwill director, looks on.

Columbus Goodwill Industries this week erected a third collection booth in the west Columbus area. It was placed in the northwest corner of the Big Bear parking lot at 2836 W. Broad-st.

Similar booths are found at Central Point and Great Western Shopping Centers. George Evans, Goodwill executive director said the city now has nine collection centers. He said housewives have been very enthusiastic in using the centers in ridding their homes of usable discards. The booths are filled so rapidly that trucks pick up their contents once a day, every day including Sunday, Evans said.

Donors may pick up paper bags from a dispenser in the booth. Items especially wanted are shoes, clothing, small household articles and papers. Larger items will be picked up if the donor calls AX. 4-4454.

The materials are used to provide jobs for hundreds of handicapped. Local retail outlets for the reprocessed goods are located at 1204 W. Broad-st and at Powell and Broad.

Central Point 'Crazy Day' Features Ridiculous Prices

A fried chicken dinner for a buck, a refrigerator decanter for a dime and men's sport shirts at 77 cents — happens only once in a blue moon. But customers who flock to Central Point Shopping Center's Crazy Day this Friday, July 12, will see these prices, and more, with their own eyes.

Wearing apparel, shoes, hosiery, food, and household items are all being placed on sale during "Crazy Day" at what is termed by Central Point Merchants as "fantastically ridiculous" prices. All are featured on the back page of this newspaper.

For instance there are stretch sox at 3 pairs for a dollar; shoe laces, 2 cents a pair; a badminton set for $7.77; kiddies outdoor shower for 77 cents; and ladies hose are three pairs for $1.88.

Then there's an electric toaster for $6.66.

To top it all off, customers will find the makings for banana sundaes at an easy-to-stomach price . . . bananas, 10 cents a pound and a half gallon of ice cream at only 49 cents.

There are also many other "Crazy Day" values too numerous to mention. However it's first come, first served, as some merchandise is in limited quantities.

Juvenile Bureau Releases Boys In Local Break-In

Several suspects have been questioned by juvenile authorities concerning a break-in and vandalism at Glenwood Recreation Center, 1035 W. Broad-st, Saturday, but none has been held.

Damage was estimated at $200 by Charles E. Moore, director of the center. According to Moore, the vandals broke windows, doors and pool in one room. They also [illegible] books and papers, [illegible] doors and caused other damage in other rooms.

Dear Son

By Joseph Martell

Chittlin Switch,
Sunday Night

Dear Jason:

Well, it sure has been a long time since I dropped you a letter but I've been very busy lately. I've got plenty of news to tell you about the goings on at Chittlin' Switch.

First of all, your Paw has been in the hospital for two weeks. He met with an accident. The still exploded. Poor man; he was all set to bottle the stuff, too.

You'll no doubt be surprised to learn your brother, Snod, has a new girl. As a matter of fact he gave her a ring last week. I can't say I like her as she's one of those uppity things who works in the library. Snod was half-gassed one day and wandered into the library thinking it was a saloon. This book stamper, Chlorine Gooch, gave him the heart of gold. (and teeth to match)

Old Grandmaw Sludge nearly came to a sad end about a week ago. You know she lived in that old shack near Polecat Ridge—well in the middle of the night the house caught fire and burned to the ground. Thank God she wasn't burned to death. The firemen arrived in time and she was drowned.

However, here's some good news. Your cousin, Myolin, married one of those French lads. She has every reason to be happy. He has two Cadillacs, comes from a wealthy family; his father bought them a ranch; he's vice president of a bank and he's insured for $50,000. To make it even nicer he's in very poor health. He's got only six months to live.

I do have to tell you that your nephew, little Cheddar, has been naughty again. Last Sunday he was playing William Tell with his sister in the back yard. He'd make her stand against a tree, then he'd march 40 paces, turn around and shoot at the apple with his father's old rusty rifle. She would be eight years old tomorrow. Well, guess that's all the news I know for now.

Your loving Mom.

Annual 'Operation Alert' Set During The Coming Weekend

"Operation Alert, 1957" is a National training exercise which will bring into coordinated action: (1) The Civil Defense organizations of the United States (2) the Department of Defense, (3) the Office of Defense Mobilization, (4) other Federal Departments and agencies and (5) Canada. The exercise will be conducted during the period 11 a.m. July 12 through 6 p.m. July 14.

The Columbus and Franklin County Civil Defense organization will participate in this annual nationwide exercise of assumed mock attacks.

The sirens will be sounded, but the public should disregard them, and take no action. It will be strictly a communications exercise.

The Main Control Center will be in operation for a 55-hour around the clock schedule, maintained by the "key" volunteers and local staff.

The mock action will follow instructions after the opening of a sealed envelope from the Ohio Civil Defense Corps.

Bids Asked For Highway Edgelining

Some Franklin and Madison County Highways will have a new look in the near future.

Instead of the single white line down the center of the thorpughfares, the highways will also be dressed with another line down each edge.

"Edgelining" as engineers term it, is an innovation in Ohio promoted by Governor William O'Neill and highway Chief Charles Noble to make traveling safer on Ohio's highways.

The edge of the highway will be painted with white paint to show the driver the exact width of the pavement and how much maneuvering room he has, keeping him off the road's shoulder.

Routes in Franklin County that will be included in the primary project include Nos. 3, 16, 23, 33, 40, 62, 161, 257, 315, 317 and 665. Routes in Madison County are 29, 38, 40, 42, 62, 142 and 161.

Bids for the project will be opened July 23, at the department of highways in Columbus. Work is expected to be done by Oct. 15.

3 Persons Hurt In 2-Car Crash

Extensive cuts and bruises were suffered by three persons involved in a two-car crash at W. Broad-st and Coolidge-av Saturday noon.

Injured were Murrill Johnson, 49, of 497 S. Harris-av, Wilford Crise, 30, and his wife, Ellen, 31, of 4949 Malden Way, Lincoln Village. Crise's daughter, Lisa, 3, was allegedly uninjured.

Sheriff's Deputy Harry Lewis said Johnson, attempting to make a left turn off Broad-st, turned into the path of the Crise car. All were treated at Mt. Carmel Hospital.

Medical Division Opens At Local Training Center

The chief of naval personnel has authorized a naval reserve medical division to be established at the U.S. Naval and Marine Corps Reserve Training Center, 240 N. Sandusky-st. This unit was activated on July 1 and is known as "Naval Reserve Hospital Corps Division 4-3."

This medical division was formed so that medical personnel could receive a higher level of instruction and indoctrination.

Commander Warren G. Harding, II, nephew of the late president, will be the original commanding officer of this unit.

The division will be composed of five medical officers and 50 enlisted personnel of the hospital corps. Persons qualified in the hospital corpsman ratings can become a proud part of this division by contacting the commanding officer at CA. 1-6818.

How Come You Pump Gas Back In The Ground?

To keep you warm next winter!

The amount of natural gas your family uses varies greatly from one season of the year to another. In fact, it's not uncommon for a family to use 15 times as much gas on the coldest day in winter as on a summer day.

Billions of cubic feet of gas are constantly being piped here from the southwest. In summer, when you need less gas, the surplus supply is stored in underground rocky formations, which once held natural gas. Then on cold winter days, your increased requirements are met by tapping these down-in-the-earth storehouses.

That's one more reason why natural gas is the modern, efficient fuel. And it serves you best when you use it with modern, automatic gas appliances.

'Nicest Doll Display' Won By Bridal Party

DOLL SHOW WINNERS—For the "nicest display," Joyce Mohler, left and Marsha Mohler won first prize at the West Mound Street School playground doll competition. Their miniature bridal party included a bride, two bridesmaids and a flower girl.

One hundred and three dolls were lined up in a West Mound Street schoolroom last week—hoping to claim one of ten titles in a playground doll show.

Forty-eight little "pretend" mothers were rooting by the sidelines—in hopes that their "child" or "children" would do themselves proud.

It was a lucky day for 11 doll-lovers, who proved to be tops in the following categories: Lydia Sue Sims, largest number displayed; Mary Schaefer, largest doll; Connie Collins, smallest doll; Rita Conard, most original handmade costume; Susa Casto, most original storemade costume; Mary Ellen Jasko, oldest doll; Lois Echols, most unusual costume; Darlene Dawson, prettiest face; Betty Lou Razor, most unusual animal doll, and Joyce and Marsha Mohler, nicest display.

Playground supervisors are Mrs. Leonard Echols and Joseph Campbell. Judges were Mrs. Frank Frost, Mrs. Ralph Sims and Mrs. Ralph Harrington.

No Loss Record Of Bears Broken By Defeat Of 6-3

The Eagles, behind the four-hit pitching of Pat Purcell, dropped the Bears from the undefeated ranks, 6 to 3, in Glenwood Recreation Center's Kiwanis-Lions Little Jet League. Purcell and Steve Conrad sparked the Eagles in batting with three hits apiece.

The Cubs remained undefeated as they blasted the winless Bucks, 12 to 2. The one-hit pitching by Mike Brigg's and Frank Rinehart's three triples led the Cubs.

The Reds dumped the Braves, 16 to 8, as John Goodin hurled a one-hitter for the winners.

The Bears won their second game of the week by edging the Reds, 2 to 1. Tom Webster allowed the Reds only three hits, with one being Dick Scheel's home run.

The Aces won their two games of the week by trouncing the Bucks, 17 to 1, and the Giants, 6 to 0. Sam Link hurled both games for the Aces.

Hilltop Health Club Invites Public Inspection Saturday

A nation-wide turn to health studies as a means of reducing both tensions and weight and increasing muscle tone has prompted a new business venture on the Hilltop.

Next Saturday, July 13, from 10 a.m. to 4 p.m. Fred and Margaret Dinsch of 41 S. Hunsaw will hold the formal opening of the Hilltop Health Club at 2775 W. Broad-st.

In bright, spacious quarters, the studio boasts complete health building facilities for men and women. Four instructors will offer their services in weight lifting, hand massage, steam cabinet and numerous reducing and body building machines.

The public is invited to tour the studio Saturday. Refreshments and souvenirs will be offered.

Daily studio hours are: Men—Monday, Wednesday and Friday from 2 p.m. to 8 p.m.

Women — Tuesday and Thursday from 9 a.m. to 7 p.m., Saturday, 9 a.m. to 4 p.m.

Special instructors include Don Speakman, a Hilltop resident for 18 years; Malcolm Saylor, 406 S. Harris-av and Josephine Prehm, 1281 Sullivant-av.

Speakman is a 1949 graduate of West High and is studying for the Masters Degree in physical education at Ohio State. Affiliated with the Air Force four years, he has had considerable experience in judo and weight lifting there and at school. A daytime supervisor and instructor at Hilltop Health Club, he plans to introduce judo soon.

Mrs. Prehm is a licensed masseotherapist and instructor in exercise. Also familiar with weight control, she has worked in several Cleveland and Columbus studios. She was associated with Roger Eells Studio four years.

Saylor will give evening instruction in all phases of exercise. Formerly with Appollo and Roger Eells studios here, his specialized exercises have been written up in national magazines.

Glenwood Tops Church League

The first round of play in the Hilltop YMCA Junior Church Softball League came to a close Saturday morning with Glenwood Methodist Church topping the league with a record of 5 wins and no losses.

West Park Methodist Church was second with only one loss to accompany their 4 wins. There was a three-way tie for third place between Hillcrest Baptist, Hoge Memorial Presbyterian, and West Junior Hi-Y club, each of them having won 2 and lost 3.

Hilltop Christian Church team holds the fourth place position with a 0 to 5 record. The repeated cry is "wait until next round!" The next round should be a good one, as the teams already have the measure of their opponents. On Saturday, Glenwood will play West Park, Hi-Y vs. Hoge, and Hilltop Christian vs Hillcrest Baptist, at Westgate Park at 10:30 a.m.

Glenwood Boys' Ball Teams Lead West Section Leagues

All four Glenwood Recreation Center boys' softball teams tallied wins last week to lead their respective divisions of the West Section Softball Leagues.

The juniors have defeated Hauntz, 19 to 6, and McKinley, 15 to 4. Much of their power is in pitchers Bill Dildine and Mike Kern, while the fielding of short stop George Shaffer, second baseman Mike Shaffer, and first baseman, Steve Maxwell, keeps the ball in the infield. The batting of Ralph Criner and John Eno puts the Glenwood juniors high in the scoring column.

The intermediates are a smooth-running team of high batting averages with Jim Carter and Bill Burke heading the list with .815 and .666, respectively. In two games, they have scored 28 runs to their opponents' four.

In the senior division, the Hoppers defeated McKinley 19 to 6, while the Beef Trust turned back challenging Broadview, 28 to 8. Both teams hold 2 to 0 records in their six team league.

Mrs. Trickey Awarded $200

Mrs. Kathryn M. Trickey, 288 Democrat-av, won a $200 award as one of the first Fort Hayes winners of the Army's Project Paydirt incentive Awards Promotion Program.

Mrs. Trickey

Project Paydirt is a nationwide program during July to re-emphasize the army suggestion award program, which recognizes military and civilian personnel who have money and time-saving ideas on how the government might be run.

Hauntz Lists Winners Of Clown Contest

Hauntz playground held its clown contest on July 1.

Winners were: first, Jeff and Jan Caborn; second, Larry Burchfield, and third, Terry Gheresh. Other participants were: Valerie Gross, Kenda Greene, Risk Greene, Rich Greene, Diane Van Seyoc, and Jimmy Van Seyoc.

The children at Hauntz have been very busy this week with finger painting and pot-holder making. Pitching horseshoes is gaining in popularity. Checkers, card games and kick ball are also very popular.

The softball teams each played one game this week. The junior boys team lost to Broadview, 25 to 1. The intermediate boys lost to Westgate, 29 to 9.

Holton Plans Wiener Roast, Bicycle Show

Holton Playground will have a wiener roast on Thursday. The playground will have a bicycle show on Friday at 2 p.m. These events highlight a full and active week at Holton.

TO CLOSE FOR VACATION

Baby Furniture Rental Service will be closed from July 20 to July 27th for vacation. Orders will be filled if received prior to closing date, according to Mrs. Elizabeth Rose, manager.

wrist bands, gave a swimming interpretation of "The Mask Waltz."

A final number, "Cherry Pink and Apple Blossom White" was performed by Jane Herbert, in red skirt and black gloves, and Nick Merrick, in red vest and black suit.

Perform to Music

The unique class, consisting of girls 12 years through 16 years, emphasizes form in the water rather than speed. Like dancers learn to dance "to the beat," synchronized swimmers must learn to swim and to perform a repertoire of water stunts "to the beat."

Not only must the swimming by synchronized with the music, but the swimmers must be synchronized with each other, with the exception of a solo number. For example, their arms, heads and body positions should be identical when swimming the same strokes in unison.

Synchronized swimming stunts range from a relatively simple somersault to the more difficult catelines and flamingos. The stunts are often descriptive of their names, as dolphins, kips, somersubs, ballet legs, submarines and Eiffel Towers—all have some particular likeness to their counterpart.

Water choreography is again similar to dance choreography. After music and theme have been selected, strokes and stunts are adapted that best suit the "feeling" of the particular selection.

Miss Herbert gained her synchronized swimming experience as a member of the Dolphin Club at Ohio University. During the school year, she teaches elementary physical education at Willoughby, O.

Original Cake And Cookie Recipes Featured At Bakery

David B. Vogelsang, owner of Hilltop Bakery, at 2425 W. Broad-st, has over 480 recipes for

David B. Vogelsang

Christmas cookies but confessed "I haven't had a chance to use them all."

Vogelsang uses only kitchen-tested recipes for his tasteworthy cakes, pies, cookies, and rolls. "Formulas have changed a lot in the last few years" the kindly baker said. "They call for more sugar now."

He is fussy about his baked goods and mixes all the ingredients himself. His nephew Melvin Shannon, who's been with him ever since he opened 22 years ago, bakes, ices, and decorates the goodies.

His wife Mabel works with him in the bakery and takes care of the books.

The store features all kinds of baked goods most of which have been ordered in advance by a customer who has forsaken his calorie chart for Vogelsang's taste-tempting recipe chart.

Although the new prepared cake mixes have a lot of customers doing-it-themselves, there is still a big demand for the fancy, decorated wedding and birthday cakes.

Vogelsang, a World War I veteran, lives at 199 N. Terrace-av. He belongs to the American Legion and is an HBA member.

He is also active in York Lodge and belongs to Scottish Rite, Masonic Order. Vogelsang and his wife are members of Third Avenue Methodist Church.

Your Youth

July 2 was "Jets Night" for about 60 boys who are members of the Hilltop Little Nine Baseball. Besides having a good time, it is hoped that these young ball players picked up some pointers from the professionals whom they watched.

Standings in the Little Nine are as follows: Big League, first are White Sox and the Tigers with 2 wins and 2 losses each. Second are the Yankees and the Red Sox with 0 wins and 2 losses each. In the Little League, first are the Indians and the Dodgers with 2 wins and 0 losses each. Second are the Giants, Redlegs, Pirates, and Cubs each having 1 win and 1 loss. Third are the Braves and Cards with 0 wins and 2 losses.

Judy Harvey, Don Phillips Repeat Vows

Boulevard Presbyterian Church was the setting on June 16, for the 2:30 p.m. marriage of Miss Judy Ann Harvey and Mr. Don Wright Phillips. Dr. John R. Glenn officiated before an altar decorated with vases of white gladioli and regal daisies.

Miss Harvey is the daughter of Mr. and Mrs. Francis K. Harvey of 581 Salisbury-rd. Mr. Phillips is the son of Mr. and Mrs. Don S. Phillips, 4030 Sharon-av.

The bride wore a floor length white gown of Swiss imported organdy, designed with a fitted basque bodice, short sleeves and a sabrina neckline outlined in scallops. The bouffant skirt had a redingote effect of scalloped edging overlapping the plain panel front and tiers of embroidered organdy at the sides of the skirt extended into a chapel train.

A contour crown of organdy flowers held a fingertip veil of imported silk English illusion and she carried a white prayer book topped with lilies of the valley and a white cattleya orchid.

Miss Susie Harvey attended her sister as maid of honor. Others were Miss Patty Phillips, sister of the bridegroom; Miss Emily Weese, cousin of the bride; Miss Marcia Frye and Miss Evelyn Silbernagel.

They wore taffeta gowns of blue designed on princess lines with a bow and streamers extending to the hemline and matching bandeaus with theatre veils. The maid of honor carried a colonial bouquet of deep pink sweetheart roses and the others carried colonial bouquets in light pink.

Mr. Chuck Bowen served as best man and ushers were Mr. Wesley Mirick, Mr. Bill Weese, Mr. Bill Johnstone and Mr. Dave Davis.

The bride's mother wore a deep pink sheath dress with white accessories and a corsage of pink sweetheart roses. The bridegroom's mother chose a pastel pink sheath with white accessories and an identical corsage.

Hostesses at the reception held at Balcony Hall were, Miss Crete Harvey, Miss Peggy Brown, Miss Joanne Lappin, Miss Mary Jane Hagmann and Miss Joyce Arbaugh.

The bride was graduated from West High school and is a senior at Ohio Wesleyan University where she is a member of Alpha Chi Omega sorority.

Mr. Phillips is a graduate of North High School and Ohio State University where he was a member of Alpha Epsilon national radio honorary. He is employed by the Columbus Public School System.

Double Ring Ceremony Unites Karen Hiett And John Kehayias

SGT. AND MRS. JOHN G. KEHAYIAS WITH DR. JOSEPH SHELLHAAS IN BACKGROUND.

Glenwood Methodist Church was the setting on Saturday afternoon, June 15, for the marriage of Miss Karen May Hiett to Sgt. John G. Kehayias. Rev. J. E. Shellhaas solemnized the double ring ceremony at 2:30 before an altar decorated with ferns palms and an all white arrangement of larkspur and Majestic daisies between traditional candelabra.

Miss Hiett is the daughter of Mr. and Mrs. Paul A. Hiett, 70 N. Chase-av. Sgt. Kehayias is the son of Mr. and Mrs. George Kehayias, 77 S. Hague-av.

After a half hour of music played by Mrs. Clyde D. Moore, the bride was given in marriage by her father.

She wore a waltz length gown of white Chantilly lace over net and satin, designed with fitted bodice, pointed collar studded with rhinestones and pearls and long sleeves tapering to points at the wrists. Her veil was a mantilla of Chantilly lace brought from Guatemala by a friend of the family. She carried a Cambamyan white orchid on a family white Bible.

Anna Hysell, Wray Thompson Repeat Marriage Vows In St. Luke's Church

MR. AND MRS. WRAY THOMPSON

Miss Anna Mary Hysell become the bride of Mr. Wray Thompson on June 29, 2:30 p.m. in St. Luke's Lutheran Church. Rev. E. Krebs read the double-ring service before an altar decorated with vases of white gladioli and blue shasta daisies, smaller cones of the same flowers, palms and traditional candelabras.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Fred Hysell, 784 S. Harris-av. Her husband's parents are Mr. and Mrs. Raymond Thompson, 3855 Maize-rd.

The bridal gown of pastel blue Chantilly lace over taffeta, was designed with a scooped neckline, fitted bodice and long, tapering sleeves. The bouffant skirt featured floating panels of lace and extended into a chapel length train.

A Juliet cap of tiny blue daisies held her fingertip viel of illusion and she carried a cascade arrangement of white gardenias and stephanotis.

Mrs. Stanley Zeller, sister of the bridegroom, served as matron of honor and bridesmaids were Miss Linda Hysell, sister of the bride and Miss Marilyn Calentine.

Their identically styled gowns of blue-dotted white nylon were designed with strapless bodices, large puffed sleeves and wide blue sashes of blue satin tied in back with streamers. They wore white picture hats and carried blue shasta daisies in a cascade design.

Mrs. Hysell chose for her daughter's wedding, a frock of white polished cotton with white accessories and a corsage of red roses. Mother of the bridegroom wore mauve polished cotton with white accessories and a corsage of white gardenias.

Hostesses for the reception, held at the home of the bride's parents were Mrs. James Burke, Miss Patty Keefe, Miss Anna Metcalf and Miss Carol Reed.

The new Mrs. Thompson was graduated from West High School and is associated with Cussins and Fearn Company, main office. Her husband was graduated from North High School, attended Columbus Art School and is employed by Stallman Gear Company.

Following a wedding trip through Delaware and the eastern states, the couple is at home at 1801 W. Mound-st.

Speaking Of Beauty

By FLORIO

WHO EVER ORIGINATED that expression "over thirty"? Those two little words make us reach quickly for a mirror, to examine smile-lines and eye-wrinkles! Yet I feel that a woman's face hardly shows all her character till she reaches thirty-five or forty. At fifty—provided she cares for her face, hair and figure—she may be three times as lovely as the youngster she was at twenty! . . . A good facial mask helps toward loveliness, for instance. Use it when you can lie down for 15 or 20 minutes (preferably with your feet high, so the blood can rush to your face with a tingle!)

YOUR HAIR needn't tell your age these days, even if it's completely grey! There are new silver rinses that make magic of grey hair. Or, if you prefer to try a coulour, we'll help you select that glamorous brand new shade you always wanted! . . . We seldom recommend that your hair be coloured its own natural shade, however. Skin pigment undergoes changes just as hair does. When your tresses grey, your complexion is different. That's why we like to try several shades near your face . . . to see how each lights your eyes, makes your skin glow.

Watching your diet carefully will preserve a pleasant figure! Mature women shouldn't start vigorous exercises without a doctor's advice. If you do lose a good deal of weight, consult your doctor about ways you can tighten your skin. (Nothing is quite so unattractive as loose, flabby arms or neck!) And remember, the right foundation garment makes a world of difference in a figure, too.

THE EASIEST STEP toward rejuvenation is a NEW HAIR-STYLE! And we know just how to put a curl here, a wave there, to make you youthful. Come in this week . . . we'll show you!

Westgate Park Offers Summer 'Family Fun'

For summertime recreation for the entire family the city recreation centers and parks offer excellent opportunities. At Westgate Park not only the traditional swings, teeters, slides and handwalkers are available but also horseshoes, volleyball and tennis. All facilities are open from 12:30 p.m. to 8:30 p.m. and the tennis and horseshoe courts are well lighted.

Especially for the children of the family, Westgate offers a larger selection of ball teams than ever before. The annual Little Jet League teams have been formed, 12 teams in all, including boys 12 years old and under. For boys 13, 14 and 15 the Little Bigger League is this years' addition to Westgate's sports schedule.

The four teams total 80 boys. In addition to the hardball teams, Westgate's boys' and girls' softball teams are playing teams from other playgrounds in the city. This week the boys' softball team will play Holton Park while the girls will travel to Goodale and Sunshine parks.

Arts, Crafts Daily

Every day from 2 p.m. to 4 p.m. children of all ages are invited to join in the arts and crafts program. The materials, with the exception of gimp, are free and basket and potholder weaving, painting, coloring, papier mache are a few of the activies presented.

Special events have been and are being held throughout the summer in addition to the regular program. A pet parade and a clown contest were held these past weeks and the city-wide Lantern Parade, Pageant and Junior Olympics are coming events.

This year, for the benefit of the little leaguers in particular, but open to all, the Columbus Recreation Department in connection with the Pennsylvania Railroad, is sponsoring an excursion to Cincinnati to see the Redlegs play the Brooklyn Dodgers. The train trip, box lunch and grandstand seat at the ball park are offered. For further information and for registration blanks see one of the supervisors.

The playgrounds are provided for the enjoyment of the entire community but are here primarily for the purpose of allowing a safe place in which the children may play.

Jokers Edge Termites In 30-29 Finish

The Jokers came from behind to edge the Termites, 30 to 29, in a West Intermediate Girls softball game last week at Glenwood Recreation Center.

It looked like sure defeat for the Jokers as they trailed 17 to 3 at the end of the second inning. However, the margin had dwindled to 29 to 26 as the Jokers came to bat in the last of the seventh inning. After a hit and two walks, Eunice Smith hit a triple, scoring three runs. Later with two outs and two on, Norma Valentine hit a single, scoring the two runners.

Aiding the losers' battle was a homer and triple by Beverly Friend, and triples by Nancy Chapman and Penny Yungfleisch.

Sullivant Gardens trounced the Glenwood Goofers, 21 to 2, as Kay Wilson pitched a no-hitter. Walks and errors accounted for the nine Goofer runs.

Sunshine and Sullivant Gardens lead the league with 2 to 0 records, followed by the Jokers with 1 to 0.

Who Will Be This Year's Bean Queen?

A highlight of each year's Bean Dinner is the selection of a queen and her court, to reign over the two-day fun festival, and this year will be no exception.

It will be no easy matter for judges to choose from this year's selection of lovelies, judging from entrants who have already entered the competition.

Registration for the event is still open and all eligible girls are invited to enter. Any girl, living on the Hilltop or employed by a Hilltop firm, may enter by stopping at the Hilltop Business Association office, 3183 W. Broad-st, or The Hilltop

Some 'important steps' will be taken here Thursday when the governor, the mayor and a factory executive each "puts his best foot forward" and turns the sod for a new Ohio National Guard Armory.

The ceremony will signal the start of construction of a $400,000 military center on Sullivant-av, just east of the Franklin Township Fire department. The

Originally set for 11 a.m. today, the ground breaking ceremony was postponed at the last minute because of Gov. O'Neill's attendance of the funeral of former Gov. James M. Cox.

armory is being built on a 4.12-acre plot donated to the state last November by General Motor's Ternstedt division.

Using three gold spades, Governor C. William O'Neill, Mayor M. E. Sensenbrenner and Paul Jones, resident manager of Ternstedt, will do the honors shortly after 11 a.m. Thursday.

To head up an official party of dignitaries are Gen. Leo M. Kreber, Adjutant General of Ohio, and Maj. Gen. Kenneth Cooper, assistant adjutant general, commander of the 37th Division. Several county officials and representatives will attend. Representing the Hilltop Business Association will be Charles Campbell, executive secretary and his committee which had been instrumental in finding a site for the armory.

Hope for Spring Occupancy

A military spokesman said the project is expected to be finished in about nine months. Five National Guard units of Columbus will set up headquarters in the building. The division commander has not decided which ones will be assigned there.

In addition to offices the new headquarters will include spacious kitchens, a gym-auditorium and large parking lot. It will be available for many community activities.

armory is being built on a 4.12-acre plot donated to the state last November by General Motor's Ternstedt division.

Using three gold spades, Governor C. William O'Neill, Mayor M. E. Sensenbrenner and Paul Jones, resident manager of Ternstedt, will do the honors shortly after 11 a.m. Thursday.

To head up an official party of dignitaries are Gen. Leo M. Kreber, Adjutant General of Ohio, and Maj. Gen. Kenneth Cooper, assistant adjutant general, commander of the 37th Division. Several county officials and representatives will attend. Representing the Hilltop Business Association will be Charles Campbell, executive secretary and his committee which had been instrumental in finding a site for the armory.

Hope for Spring Occupancy

A military spokesman said the project is expected to be finished in about nine months. Five National Guard units of Columbus will set up headquarters in the building. The division commander has not decided which ones will be assigned there.

In addition to offices the new headquarters will include spacious kitchens, a gym-auditorium and large parking lot. It will be available for many community activities.

HILLTOP RECORD—Wednesday, July 10, 1957—SEC. 1-4

Plan Gala Birthday Celebration

Rated as the biggest birthday celebration ever held in Columbus, the big four-day event of the Great Western Shoppers' Mart will be held Wednesday, Thursday, Friday and Saturday of this week—July 10, 11, 12 and 13.

The huge shopping center, conveniently located at W. Broad-st and Wilson-rd, has gone "all out" to make the first anniversary event a gala affair, with numerous free attractions, "give-aways" and values in merchandise that are truly exciting to bargain-hunters.

A "sure-fire" special event has been scheduled each evening at 9:15, when Grandma Ella Carver, internationally famous high diver, will plunge into a five-foot tank, flaming with gasoline. Grandma is 66 years of age.

Free Balloons

The western theme of the center will be accented by 10,000 gaily colored balloons to be given to the youngsters. Each balloon is imprinted with a cowboy and lasso. There will also be [illegible] carnival rides available for the kiddies. Tickets for the rides are available at each Great Western store.

On pages eight and nine of this section will be found coupons which, when deposited at stores indicated, makes one eligible to become a prize-winner. In addition to the individual prizes offered by the various merchants, depositing one of the coupons also makes it possible for one to become the major prize winner.

To Give Trip to New York

The major prize of the birthday celebration is a week's trip for two persons to New York via TWA, staying at the beautiful Waldorf-Astoria Hotel. Many wonderful features are included, such as a guided tour, visiting lower New York, radio and television broadcasts, dinner, dancing and a show at the world famous Latin Quarter, a cruise, reserved seats for a Broadway show, a visit to Rockefeller Center and tickets to a current sporting event, such as baseball or boxing. In addition to all this, $100 for meals and miscellaneous expenses will be provided the winner.

No purchase whatsoever is necessary to win any prize, nor need the winner be present at time of drawing, which will be held Monday, July 15, near the Great Western J. C. Penney store. Just be sure to fill in one or more of the coupons on pages eight and nine of this section and deposit as indicated on each coupon. Each merchant will provide a container for depositing the coupons. Remember, this makes you not only eligible to win the grand prize, but also that offered by individual merchants.

Dance Saturday Evening

Square and round dancing will wind up the four-day celebration Saturday night. This is entirely free to the public—even "hot dogs" will be supplied without cost to the dancers. Cliff Huffman and his Wildcats will be on hand to supply the music for the "swingsters."

According to L. C. Swinford, president of the Great Western Business Association, the merchants of the center have cooperated 100 per cent in promoting the anniversary celebration. "The special values, events, 'give away,' etc., is our way of showing our appreciation for the patronage we have enjoyed during the first official year of Great Western Shoppers' Mart," he said.

Hilltop Bean Dinner Program Is Outlined

Fun and entertainment will share the spotlight with traditional beans at the annual Hilltop Bean Dinner, scheduled for July 30 and 31 at Westgate Park and presented by the Hilltop Business Association.

When hospitable HBA members say, "Be Our Guests" they really mean it! In addition to free beans and $700 in cash prizes, two full days of free entertainment and fun have been arranged by the genial hosts.

TUESDAY EVENTS

This year's Bean Dinner will get underway with the premiere of a brand new event Tuesday, July 30 at 1:30 p.m. A hobo parade for boys and girls eight to 12 years old will be held on the bandstand, with trophies awarded to the king and queen of hoboes.

Two hours of games and contests planned for everyone from the tiniest tots to their grandparents, will be held from 3:30 until 4:30 p.m. Silver dollars will be awarded the winner of each event.

Three tons of free beans will be served in the large shelter house from 5 to 7:30 p.m.

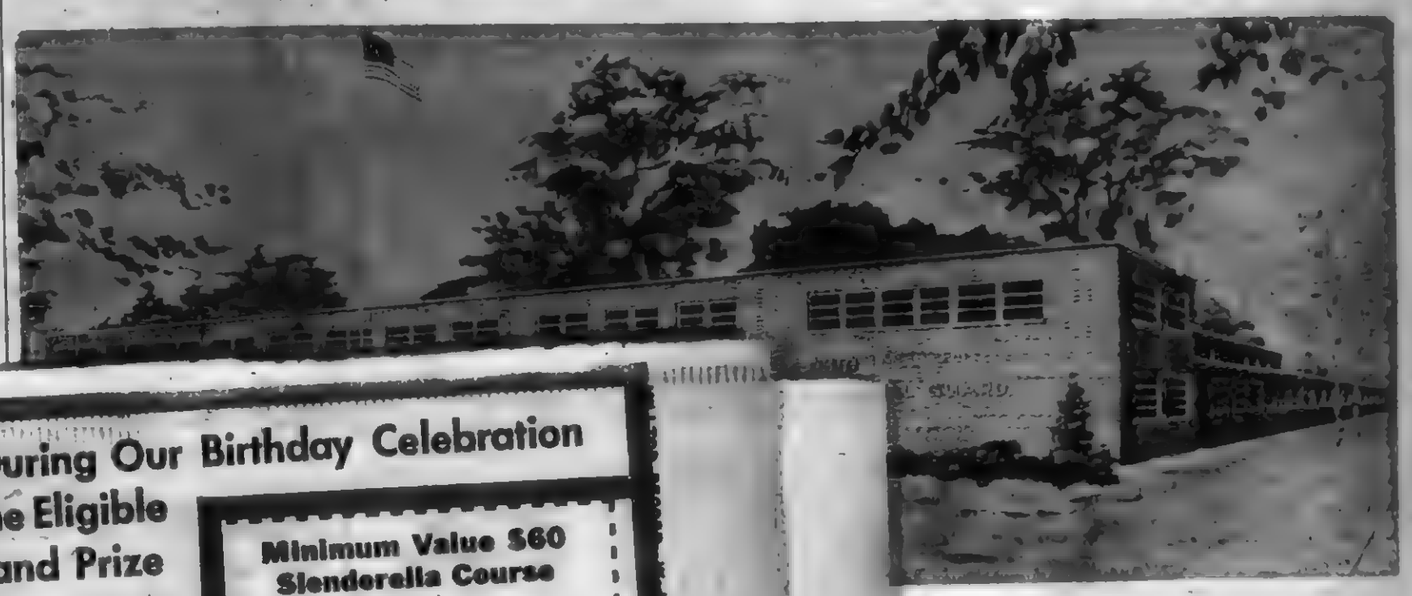
An epoch boat race with opposing crews of West Franklin Kiwanians and Y's Men, will be staged on Harder Lake at 6:30

Who Will Be This Year's Bean Queen?

A highlight of each year's Bean Dinner is the selection of a queen and her court, to reign over the two-day fun festival, and this year will be no exception.

It will be no easy matter for judges to choose from this year's selection of lovelies, judging from entrants who have already entered the competition.

Registration for the event is still open and all eligible girls are invited to enter. Any girl, living on the Hilltop or employed by a Hilltop firm, may enter by stopping at the Hilltop Business Association office, 3183 W. Broad-st, or The Hilltop



Lantern Parade Set For Thurs.

Fourteen West Side and Hilltop playgrounds will combine lights, lanterns and costumes for the annual lantern parade at 8 p.m. Thursday at Westgate Park.

The lanterns are designed by the children to conform to their individual playground's theme, such as Mother Goose, animals, or birds.

Using three gold spades, Governor C. William O'Neill, Mayor M. E. Sensenbrenner and Paul Jones, resident manager of Ternstedt, will do the honors shortly after 11 a.m. Thursday.

To head up an official party of dignitaries are Gen. Lee M. Kreber, Adjutant General of Ohio, and Maj. Gen. Kenneth Cooper, assistant adjutant general, commander of the 37th Division. Several county officials and representatives will attend. Representing the Hilltop Business Association will be Charles Campbell, executive secretary and his committee which had been instrumental in finding a site for the armory.

A military spokesman said the project is expected to be finished in about nine months. Five National Guard units of Columbus will set up headquarters in the building. The division commander has not decided which ones will be assigned there.

In addition to offices the new headquarters will include spacious kitchens, a gym-auditorium and large parking lot. It will be available for many community activities.

'Walk of Wonders Draws Many To Mart

The "Walk of Wonders" at Great Western Shoppers' Mart, where many of the world's wonders have been reproduced to scale, draws thousands of people to the center each week. School buses from many places in Central Ohio have brought children to see the remarkable replicas.

Conceived by Don M. Casto, Sr., Don M. Casto, Jr., and Joe Skilken, developers of the center, the construction was under the supervision of Ivan Pusecker, well known Columbus designer and artist.

The "wonders" include a 19-foot replica of the famous Eiffel Tower of Paris; ancient buildings of Athens, including the Parthenon and the Acropolis; Carlsbad Caverns of New Mexico; Niagara Falls, with tons of water pouring over the "miniature" brink every minute; the breath-taking Taj Mahal, and the ancient Sphinx and the Pyramids.

There are also the Colorado Canyon, the famous Leaning Tower of Pisa and the Fountain of Trevi, made famous in the movie, "Three Coins in the Fountain."

The replicas are located right in the heart of the center, with plenty of free parking only a few steps away. The beauty of the "wonders" has been greatly enhanced by landscaping. Flowers always seem to be in bloom.

Dean & Barry House Paint

makes your home look like a million

new super processed linseed oil gives the best paint jobs ever

Dean & Barry house paint with Poly-Lin keeps homes looking better longer, keeps dollars in your pocket, too. Poly-Lin is the super processed linseed oil that gives Dean & Barry house paint a tighter, tougher, locked-together film. It flows on easier, levels better, covers more uniformly to defend against weather and wear.

That's why Dean & Barry white looks whiter, colors look brighter. That's why a Dean & Barry house paint job stands out in any neighborhood, stands-up much better to give you economy at its greatest best.

Practical, too, is the fact that Dean & Barry house paint with super processed Poly-Lin sells for less than many brands using ordinary linseed oil. Now available in a wider range of bright dress-up colors, plus D&B's whiter white. Come see—come soon. Or ask your painter-decorator to quote on a "looks like a million" house paint job. He will know what you mean.

William T. Grant Reviews Fifty Years Of Retailing

Because a young department store executive noticed that 25-cent items were selling so fast

W. T. Grant

it was difficult to keep them in stock, the huge W. T. Grant family of 650 stores was born.

Young William T. Grant, in charge of the shoe department and several others in a Salem, Mass., department store, discovered he was making more money with the costume Jewelry department than he was with the shoe department despite the fact that the shoe section had a much bigger inventory and many more personnel. He was impressed with the fact that the girl in charge of the jewelry counters was repeatedly stopping by to report this 25c item and that 25c item was out of stock. "Why not have a store devoted entirely to this action-packed price line" he said to himself.

In 1906, Mr. Grant, then 30 years of age, put his idea into operation in Lynn, Massachusetts. His first store was financed with $1,000 of his savings and $7,000 advanced by his former employers. It contained twenty-one departments, with nothing selling for more than 25c. Thanks to his buying skill and his flair for dramatic salesmanship, his store was an instantaneous success. From that one store grew today's Grant family of 650 stores, with a sales volume of $380,000,000 in 1956.

The young man who founded the W. T. Grant stores is a product of old Yankee stock, descended from Matthew Grant who immigrated to Massachusetts in the early 1630's. In 1934, Mr. Grant, though still a young man, resigned as President of the Company and since that time has supervised its growth as Chairman of the Board.

Because of his wide and varied interests, however, the leisure time permitted by this move has never been a problem to him. "Who's Who in America" lists among his activities: Member visiting committee Harvard Business School, advisory council Department of Oriental Languages and Literatures, Princeton University, member American Academy of Political Science and New England Genealogical Society."

His interest in the Orient came through his brother, the late Dr. Elihu Grant, Biblical archeologist and author of some note who directed archeological expeditions in Palestine during the late twenties and early thirties. Prior to this he had been professor of Biblical literature at Smith College and Haverford College.

In discussing Mr. Grant's interest, one interviewer has commented on his extraordinary fund of intellectual curiosity which at one time made him an "ardent amateur photographer." During later years he had developed a great interest in painting, a field in which he has passed well beyond the amateur stage.

But his greatest interest has always been in people and, as he himself has put it, "in helping people, or peoples, to live more contentedly and peacefully, well in body and mind." The Grant Foundation, which he established some years ago, has done much of the work in the area of human relations.

The programs and projects undertaken by the Foundation during the past fifteen years, indicate particular emphasis on research, education, training and service which would be of direct or indirect benefit to children and young people in making a satisfactory social and emotional adjustment to modern living and to families in encouraging healthy, positive family life.

Public recognition of Mr. Grant's efforts came early this year when he was given the first annual Jacob Marley Award for his outstanding service to mankind, by the Youth Consultation Service of the Protestant Episcopal Diocese of New York.

Naturally enough, the people who claim his warmest interest are the men and women who make up the Company which bears his name; particularly the women, to whom he always goes when real Company problems arise because they are closest to the customer. "In this business," he says, "the customer is what counts most, as she is the source of everything we have."

"Many impressive improvements have taken place in this wonderful business of retailing since the days of my first store, but one most important factor remains unchanged . . . the need for courteous, friendly, helpful people to run the stores, to give them their heart," Mr. Grant concluded.

Hilltop Bean Dinner Program Is Outlined

Fun and entertainment will share the spotlight with traditional beans at the annual Hilltop Bean Dinner, scheduled for July 30 and 31 at Westgate Park and presented by the Hilltop Business Association.

When hospitable HBA members say, "Be Our Guests" they really mean it! In addition to free beans and $700 in cash prizes, two full days of free entertainment and fun have been arranged by the genial hosts.

TUESDAY EVENTS

This year's Bean Dinner will get underway with the premiere of a brand new event Tuesday, July 30 at 1:30 p.m. A hobo parade for boys and girls eight to 12 years old will be held on the bandstand, with trophies awarded to the king and queen of hoboes.

Two hours of games and contests planned for everyone from the tiniest tots to their grandparents, will be held from 2:30 until 4:30 p.m. Silver dollars will be awarded the winner of each event.

Three tons of free beans will be served in the large shelter house from 5 to 7:30 p.m.

An epoch boat race with opposing crews of West Franklin Kiwanians and Y's Men, will be staged on Harder Lake at 6:30 p.m.

Who Will Be This Year's Bean Queen?

A highlight of each year's Bean Dinner is the selection of a queen and her court, to reign over the two-day fun festival, and this year will be no exception.

It will be no easy matter for judges to choose from this year's selection of lovelies, judging from entrants who have already entered the competition.

Registration for the event is still open and all eligible girls are invited to enter. Any girl, living on the Hilltop or employed by a Hilltop firm, may enter by stopping at the Hilltop Business Association office, 3183 W. Broad-st, or The Hilltop

Fourteen West Side and Hilltop playgrounds will combine lights, lanterns and costumes for the annual lantern parade at 8 p.m. Thursday at Westgate Park.

To head up an official party of dignitaries are Gen. Lee M. Kreber, Adjutant General of Ohio, and Maj. Gen. Kenneth Cooper, assistant adjutant general, commander of the 37th Division. Vandals Hit Glenwood Third Time

Striking for the third time in 10 days, vandals Tuesday night continued their attempts to wreck Glenwood Recreation Center.

The latest break-in occurred minutes after the center at 1925 W. Broad-st was closed. Desks and tables were tipped over, materials in the craft and equipment rooms destroyed, a typewriter smashed to the floor and foodstuffs in the kitchen strewn everywhere.

Early last week vandals broke windows, door locks and door frames and dumped paint in one room. Friday night the same thing happened again, director Charles Moore said.

Hilltop Bean Dinner Program Is Outlined

Fun and entertainment will share the spotlight with traditional beans at the annual Hilltop Bean Dinner, scheduled for July 30 and 31 at Westgate Park and presented by the Hilltop Business Association.

When hospitable HBA members say, "Be Our Guests" they really mean it! In addition to free beans and $700 in cash prizes, two full days of free entertainment and fun have been arranged by the genial hosts.

TUESDAY EVENTS

This year's Bean Dinner will get underway with the premiere of a brand new event Tuesday, July 30 at 1:30 p.m. A hobo parade for boys and girls eight to 12 years old will be held on the bandstand, with trophies awarded to the king and queen of hoboes.

Two hours of games and contests planned for everyone from the tiniest tots to their grandparents, will be held from 2:30 until 4:30 p.m. Silver dollars will be awarded the winner of each event.

Three tons of free beans will be served in the large shelter house from 5 to 7:30 p.m.

An epoch boat race with opposing crews of West Franklin Kiwanians and Y's Men, will be staged on Harder Lake at 6:30 p.m. The professional vaudeville team of Al Verdi and Dolores will perform on the grandstand at 7:30, followed by the Dog Patchers at 8.

Selection of a queen and her court will be made at 8:30 p.m. Al Verdi and Dolores will return for their second appearance at 9:30.

WEDNESDAY EVENTS

A Pony Tail contest, sponsored by The Hilltop Record and Rural-Urban News and open to all little girls in the newspapers' circulation areas from age one through 12, will be judged on the bandstand at 1:30 p.m.

A two hour program of games

Who Will Be This Year's Bean Queen?

A highlight of each year's Bean Dinner is the selection of a queen and her court, to reign over the two-day fun festival, and this year will be no exception.

It will be no easy matter for judges to choose from this year's selection of lovelies, judging from entrants who have already entered the competition.

Registration for the event is still open and all eligible girls are invited to enter. Any girl, living on the Hilltop or employed by a Hilltop firm, may enter by stopping at the Hilltop Business Association office, 3183 W. Broad-st, or The Hilltop Record and filling out an application. Contestants must also provide a billfold size picture of themselves.

The girl selected for queen will win a handsome trophy and regal bouquet of red roses and she and the two runners-up will each be given a $25 United States Savings Bond. Judging will be on the first night of the bean dinner, July 30.

Pictures of all contestants to date will be published in next week's issue of The Hilltop

Lantern Parade Set For Thurs.

Fourteen West Side and Hilltop playgrounds will combine lights, lanterns and costumes for the annual lantern parade at 8 p.m. Thursday at Westgate Park.

The lanterns are designed by the children to conform to their individual playground's theme, such as Mother Goose, animals, or birds.

Fund Raising Committee Is Appointed

An executive committee to direct a fund-raising campaign for the proposed new Glenwood Methodist Church was appointed last week by the pastor, Dr. Joseph Shellhaas.

Committee members include Homer Johnson, general chairman; William E. Jones, assistant general chairman; visitation chairman, Harvey Postlethwaite; assistant, Ray Coffman; special gifts, Robert Cramer; assistant, M. W. Seiller; publicity, Howard Lloyd and assistant publicity chairman, C. Carlton Hartley.

A goal of $150,000 in pledges, to be paid within a three-year period will be sought. Construction on the church, to be located on a ten-acre site on N. Hague-av at Valleyview-dr, is expected to get underway in about three years.

Ceremony To Start Work On Armory

Above is an architect's sketch of the new National Guard Armory being constructed on Sullivant-av.

Will House Five City ONG Units

Some 'important steps' will be taken here Thursday when the governor, the mayor and a factory executive each "puts his best foot forward" and turns the sod for a new Ohio National Guard Armory.

The ceremony will signal the start of construction of a $400,000 military center on Sullivant-av, just east of the Franklin Township Fire department. The armory is being built on a 4.12-acre plot donated to the state last November by General [illegible] tor's Ternstedt division.

Using three gold spades, Governor C. William O'Neill, Mayor M. E. Sensenbrenner and Paul Jones, resident manager of Ternstedt, will do the honors shortly after 11 a.m. Thursday.

To head up an official party of dignitaries are Gen. Leo M. Kreber, Adjutant General of Ohio, and Maj. Gen. Kenneth Cooper, assistant adjutant general, commander of the 37th Division. Several county officials and representatives will attend. Representing the Hilltop Business Association will be Charles Campbell, executive secretary and his committee which had been instrumental in finding a site for the armory.

Hope for Spring Occupancy

A military spokesmen said the project is expected to be finished in about nine months. Five National Guard units of Columbus will set up headquarters in the building. The division commander has not decided which ones will be assigned there.

In addition to offices the new headquarters will include spacious kitchens, a gym-auditorium and large parking lot. It will be available for many community activities.

Originally set for 11 a.m. today, the ground breaking ceremony was postponed at the last minute because of Gov. O'Neill's attendance at the funeral of former Gov. James M. [illegible]

Jackpot Value Is Still $150

In these days of phenomenal $100,000 jackpots, a $150 "Confederate" money jackpot may not seem too impressive. But, when a subscriber opens his copy of the Record and spots that big, lucky insignia, it's like a windfall!

The winner doesn't be a financial wizard, a baseball expert or know the name of Genghis Khan's third cousin, to cash in on our "Confederate" money game.

Any subscriber whose name appears on our records as having paid in advance, or on his carrier boy's route book as a paying customer, is eligible to collect "Confederate" money.

Newspapers containing the big lucky jackpot insignia or the ten $1 insignia also included in each week's issue, may be redeemed at The Hilltop Record office, 2465 W. Broad-st, before noon on Saturday.

"Confederate" money may be spent at face value with any merchant advertising in the current issue of The Hilltop Record.

Husband, Wife Combine Forces At Westgate Manor Swim Pool

Psychologists and counselors may insist that emotionally, husbands and wives are better off working their own separate ways.

However, Sherwood and Barbara Perse, husband-wife lifeguard team, insist that joint positions can also prove advantageous—like seeing each other, having common interests and lots of shared fun.

The Perses, residents of 851 Wedgewood-dr, are marking their second summer as managers of the Westgate Manor Swimming Pool. Besides life-guarding from noon to 8 p.m. daily, the young couple teach Red Cross swimming lessons three mornings a week and junior and senior life-saving classes several evenings.

Competitive swimming has been added to the Westgate water menu for the first time this year, and meets have been planned with Eastmoor and Depot pools.

Both swimmers since childhood, Sherwood received his life-saving training as a guard along

TAKING A BREATHER from their duties as manager's, lifeguards and swimming instructors at Westgate Manor Swimming Pool are Sherwood and Barbara Perse. Their assistant, two and a half-year-old Terry, is absent only because it happens to be naptime.

'Pony Tail' Entries Still Coming In

Pony tails by the dozen, each one prettier than the last . . . we seriously doubt that any other community can boast more cute little girls with bobbing pony-tail hairdos than we have!

Entries are still rolling in for the Pony Tail contest, sponsored by The Hilltop Record and Rural-Urban News. Any little girl from year-old toddlers, to young ladies of 12 who live in the circulation areas of our newspaper are eligible to enter.

The contest will be judged on the second day of the Hilltop Bean Dinner, July 31, 1:30 p.m. in Westgate Park. A total of 24 silver dollars will be awarded winners in three age groups, one through four, five through eight and nine through 12.

A committee of local beauticians will judge entrants on the basis of whose pony tail is prettiest, and whose hair-do is arranged in a manner most becoming to the child.

Any child wishing to enter should be registered by calling Betty Daft at this newspaper, BR. 9-9444.

Girard Case To Be Topic Of Lions Meet

John Terry, news director of radio station WVKO, will discuss US Status of Forces agreements with foreign nations at the 6:30 p.m. dinner meeting of the Hilltop Lions Club July 18 at the Colony Restaurant.

Terry will review the Girard case now pending before Japanese courts and explain why parents of servicemen should be especially interested in the recent Supreme Court decision on the subject.

Causes Of Youth Delinquency Hard To Control, Shaw Says

An explanation of the problem of the police in curbing juvenile delinquency was given by Paul Shaw of the Juvenile Bureau to members of the executive committee of the Hilltop Business Association at its monthly meeting, held last Wednesday at the Colony Restaurant.

Despite reports of minors being sold beer and other intoxicants by some carryouts and taverns in the city, proof of the violations—sufficient for the police to make arrests—is almost impossible to obtain, Shaw said.

Enforcement of the curfew law may help to keep minors off the streets, he said, but unless a real effort is made by the parents themselves, delinquency will continue to be a major problem in every community.

Foot Patrolmen Scarce

That the police department is handicapped because of insufficient manpower was indicated by Shaw when asked by a member whether the presence of foot patrolmen in particularly difficult areas would help. He acknowledged that they were badly needed, but said there just are not enough patrolmen available.

Though police have a list of carryouts and taverns which have been reported as having sold beer to minors, the hands of the police are tied unless one is a witness to such sale or a parent is willing to file a complaint that his or her boy or girl—a minor—had purchased intoxicants at a specific place of business, Shaw said. However, he added, carryouts and taverns which have been reported as having sold intoxicants are being closely watched.

Following Shaw's talk, a motion was made to appoint a special committee to lend whatever assistance the HBA might in assisting the Juvenile Bureau in stemming delinquency in this area.

Vandals Hit Glenwood Third Time

Striking for the third time in 10 days, vandals Tuesday night continued their attempts to wreck Glenwood Recreation Center.

The latest break-in occurred minutes after the center at 1925 W. Broad-st was closed. Desks and tables were tipped over, materials in the craft and equipment rooms destroyed, a typewriter smashed to the floor and foodstuffs in the kitchen strewn everywhere.

Early last week vandals broke windows, door locks and door frames and dumped paint in one room. Friday night the same thing happened again, director Charles Moore said.

Moore estimates total damage

V'view Mayor Unimpressed By 'Freeze'

Valleyview Mayor Charles J. Ringer apparently isn't impressed by recent action of the Columbus City Council freezing extension of sewage lines outside the city.

"It hardly even affects us," Ringer said pointing out that all tracts in the village are single residential lots and hardly the place for industrial expansion.

"And we have no annexed area that could be a site for a housing development," Ringer continued. "We haven't even annexed any territory to the village during the past seven or eight years."

He further pointed out that the sewage lines located within the village definitely do not belong to Columbus. "They are our lines and were constructed by the Rogers Realty Co. when the Valleyview Subdivision was first laid out about 1924. We also do our own maintenance work."

He said the village had "no ambitions for annexation. Franklin Township, which is waiting a court decision to decide its possible incorporation, bounds the village on two sides and Columbus lies adjacent to the other town edges.

Westway Post Fish Fry Set

Annual fish fry, sponsored by Veterans of Foreign Wars, Westway Post 3441, will be held July 20 at the post home, 852 Clarendon-av.

Entertainment for everyone, from games and carnival attractions for the children to dancing for adults, is promised by general chairman Otis R. Lowe and post commander, Jim Horn.

Admission price includes fish and beverages, and children under 12 are admitted free when accompanied by adults. Other hot sandwiches will also be available.

Proceeds from the event will be used to enlarge and improve the post. The public is invited.

HBA Installs 3 New Members

Thomas Safford, realtor, 1804 Sullivant-av, Clarence Freeman, plumbing contractor, 2850 Valleyview-dr, and Pat Cleary, Jr., manager of the Hilltop store of the General Tire Co., 2434 W. Broad-st, have been added to the roster of the Hilltop Business Association.

The three were installed at a meeting of the executive committee of the organization, held on Wednesday of last week at the Colony Restaurant.

'SENATOR' JIM LEAVES FOR BOYS NATION WEEK

It will be a "politicking" busy week for Jim Callard, 282 S. Sylvan-av, successful Boys State mayor who won a senatorship to the 12th annual Boys Nation at Washington, D. C.

One of two Ohio representatives to the top convention of Boys Staters, Jim will leave tomorrow evening by train. His companion, this year's Boys State governor from Cleveland, will join him in Pittsburgh.

The young "senators" will be met in Washington by the American Legion and escorted to the University of Maryland, where they will stay during their government-filled week.

A story describing Jim's week in Washington will appear in The Hilltop Record following his return.

Boys Nation, a practical approach to the study of federal government, will be packed with highlights, including a tour through the Pentagon, lunch at the National Press Club, attendance at Congress, and introductions to many well-known Washington personages.

A Nationalist at Boys State, Jim must switch his party sentiments for Boys Nation, where he has been designated a Federalist.

Before returning to his duties as Scout craft head counselor at Camp Lazarus, Jim will spend a day visiting his grandmother in Baltimore, Md.

Norton-rd Tract Rezoned For New Golf Course

A 200-acre plus site on the corner of Johnson and Norton-rds was rezoned for the construction of a golf course July 8 by the Franklin County Zoning Appeals Board.

No allowance was made in the rezoning, however, for the construction of a restaurant and other clubhouse facilities according to Arthur V. Price, Millikend, a member of the board.

Edward A. Tonti, local subdivision developer, announced several weeks ago that a course would be built on the tract.

Bethlehem Lutheran Addition Planned

Proposed new addition to Bethlehem Lutheran Church, Vida-pl at S. Harris-av, is shown above in the architect's prospective. Construction of the stone and brick edifice is expected to be completed within a year. F. W. Shrimpf of Dublin-rd, a member of the congregation, is the architect.

Ground-breaking services for the proposed new addition to Bethlehem Lutheran Church will be held Sunday following late morning worship services.

The new, complete church building will include Sunday School rooms, lounge, pastor's study, kitchen and a church nave large enough to accommodate 425 Educational rooms, divided by folding doors, will open into social rooms.

Present church building will be retained and all its facilities kept in use. Sunday School classes will continue to occupy the educational rooms, and the sanctuary will be used as a chapel for small worship services and weddings.

The church-owned dwelling at 808 S. Harris-av, will be removed for the building program. The home, formerly rented by the church, is now empty.

Rev. Paul Milheim is pastor of the church and the building committee includes O. P. Nuetzel, chairman, R. T. Dell, William E. Truitt, Edward L. Schneider and Lester J. Sass.

Local Masons Date Annual Joint Picnic

The annual joint picnic of West Gate Lodge No. 622, West Gate Chapter No. 219 and West Gate Council No. 129, Masonic orders, will be held Saturday, July 27, at the York Country Club, N. High-st.

Cranston Williams, 385 S. Ogden-av, excellent high priest of the chapter, urged all members and their families to attend the outing, bringing a basket.

Games and contests are on the agenda for the afternoon. Round and square dancing will follow in the evening.

Spill The Beans On Us, Win Some Yourself!

A case of baked beans and other bean prizes to help you whet your bean appetite for the Hilltop Bean Dinner will be given if you "spill the beans" on the misspelled words appearing in the ads on pages 12 and 13. We purposely got our ad takers befuddled and the proofreader "all shook up" so that they have let the most elementary errors get through. All you have to do is find their mistakes, and use them in a poem, slogan or sentence.

Deadline for all entries is midnight, Sunday, July 21, and winners will be announced in The Hilltop Record of July 24.

Second prize in the contest will be 12 cans of baked beans. Third prize winner will receive five pounds of white Navy beans. Fourth being 3 pounds of white Navy beans.

Hilltop firms participating in the contest include Schutte Market, Shoaf Realtors, Abbott Laundry and Dry Cleaning, Tonti Rentals, Crown City Farmers Exchange, Jones Flying Service, Allen Milk Co., Hilltop Laundry, Sapp's Food Markets, Inc., Jones Sugar, Gegner's Garden Center, John Reece Realtor, Garber's TV.

at about $500. "Our recreation program, especially crafts, is nearly wrecked," Moore said.

"We think it's just a pure case of meanness," he continued. "We can't believe that it's a grudge case."

Last night's damage was discovered by Bob Kern, athletic supervisor, who returned to the center after running an errand after closing hours. He said police had been cruising in the area earlier in the evening. Several youths were seen hanging around the center after it was closed, but they fled when officials came near, Moore said.

Police Sgt. Pat Montenare of the juvenile bureau said the force is doing everything it can to curb the trouble. "We've grilled several suspects", he said, "but gotten nowhere. We certainly would welcome any information from parents or youngsters who might know something about this."

Furlough Of 130 May Idle 2,000 At Westinghouse

The possibility of some loss of time by about 2,000 workers at the Columbus Westinghouse plant loomed today as a result of disciplinary action by company officials against a group of 130 employees in the fabrication department, who have been furloughed for three days.

Spokesmen for the firm claimed the group had joined in a sit-down strike shortly after noon Tuesday. The dispute is said to have stemmed from a disagreement over bonus rates being paid.

Because of the integrated nature of work at the plant, it was believed by company officials that work in the rest of the plant would be halted or sharply curtailed during the furlough period.

Local Kiwanis Club Is Impressed By Romulo Speech At National Meet

Romulo States Free World Depends Upon Fate Of Asia

EDITOR'S NOTE—Copies of a dramatic address by Carlos P. Romulo, Philippine ambassador to the United States have reached every Kiwanis Club in the nation. The speech was given at the Kiwanis International Convention at Atlantic City June 23-27. West Franklin Kiwanis Club President Maurice Stretch this week introduced Romulo's words to his club. In the belief that the Romulo speech has important food-for-thought for every dedicated American, this newspaper is reprinting it in its entirety. Ambassador Romulo's words follow:

"When your President today reminded me of the day when we returned to Leyte to reconquer the Philippines from the Japanese, I also recall that day because the American newspaper correspondents with us wired back to their respective newspaper offices here that General MacArthur with General Romulo behind him waded in water waist-deep when they landed at Leyte and one of the newspaper editors in New York who knows me, when he read the dispatch said, 'Let's wire our correspondent, because if General MacArthur waded in water waist deep, Romulo must have drowned.'

"My friends, I thank you for the privilege you have given me today to share my thoughts with you.

"These are crucial times. I do not believe in this temporary shift in Soviet Russian foreign policy. I always recall the conference in 1956 when everybody seemed to be smiling, we thought everything had changed and that we would have peace, yet suddenly Soviet Russia emerged as a middle eastern power, which she never was before, thus covering up with smiles what the Russians were doing in the middle east in the meanwhile.

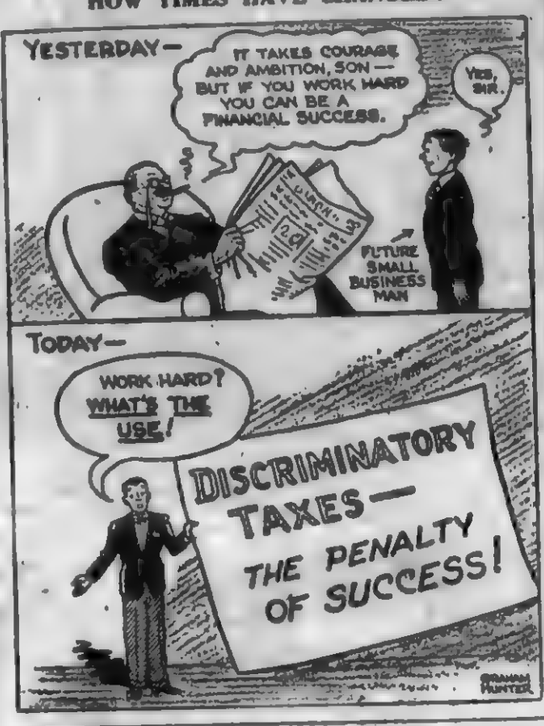
"And so I have come to you today to tell you certain truths that need telling: because, while it may be true that truth makes man free, the fact remains that when you are pitted against a foe such as Soviet Russia, it is good to reemphasize this truth.

"I am going to tell you a certain truth that will not be pleasant, a certain truth that may be unpalatable. I feel that you must be warned, that when Soviet Russia in Hungary did what it did, and the United Nations special inquiry report written by five impartial nations unanimously tells the world that Soviet Russia was guilty of murder, brutality, and terrorism in Hungary, and that the Kadar government is a Soviet imposed government and it was Russia who suppressed the freedom of Hungary, I think it is my duty to come to you and to link this Soviet action with another event which happened on the other side of the world in my own country; namely the action of the Philippine Congress over a week ago in passing a law outlawing the Communist Party in the Philippines, making it punishable with death for anybody to be adjudged a leader of the Communist Party there. These two events, the one in Hungary, and the other in the Philippines are inter-related because they show that while in Hungary there was overaggression and in the Philippines there was overagression, we defeated it and yet we believe that the Communist Party should be outlawed, because what Communism fails to do by force it will try to do by peaceful, insidious means. President Garcia said that the Communists may for the sake of expediency forswear violence, but they will continue to destroy and subvert and overthrow the government, and the laws which protect us. And so it is important and essential for the security of the country to outlaw the Communist Party. That is what we have done!

"These are two danger signals, one in Hungary and the other in the Philippines, which serve notice to the people that you can never appease Communism, that Communism can be opposed by the free world only at the risk of its own destruction.

"Now, my friends, I want to take you back to the days immediately after the second World War when America was demobilizing her troops, in the opinion of some, too fast. While America demobilized her troops, Russia refused to demobilize one single Russian soldier; and so, it came to pass, that before you knew it Latvia, Lithuania, Bulgaria, Rumania, Czechoslovaki, and Poland, one after another, fell under the sinister shadow of the hammer and sickle. Millions of once free men were turned into robots of the Kremlin. The iron curtain was rung down, and the cold war started. That is how it came about.

"My friends, those of us who have studied Marxism, those who have studied Leninism, those of us whose business it is to follow closely the trend of International affairs, know despite the temporary shifts of Soviet Russian policy, despite the zigs and the zags of the Kremlin, Communism's objective is world conquest. When Soviet Russia saw, immediately after the second World War, that the only nation which could prevent her from achieving her objective of world conquest was weakening herself by demobilizing her troops, she took advantage of that phenomenon; she saw her chance, and so you know what happened! All the Satellite countries were practically annexed by Soviet Russia. But there was one country in Europe which, of all countries, Soviet Russia in 1947 really wanted. That was Greece: because Soviet Russia, being a land-locked country, had always coveted an outlet into the Mediterranean. After the second World War she knew she could get that outlet through Greece alone and, following the Communist pattern, Soviet Russia infiltrated into Greece the so-called guerrilla from Czechoslovakia and Poland and other Satellites with the specific instructions from Moscow to subvert the government, to make of Greece, another puppet state and thus win an outlet into the Mediterranean. She wanted that outlet into the Mediterranean in 1947 in order to be able to cut the western worlds lifeline in two and ultimately deny to you use of the Suez Canal. That story is now on the front pages of your newspapers. As far back as 1947, Soviet Russia wanted to get the Suez Canal through Greece. But Washington saw what Soviet Russia WILL-ed to do in 1947, and so you sent to Greece one of your greatest American Generals; General James Van Fleet; and with him a corps of American military experts. Together they helped train the Greek troops; together they helped direct Greek strategy. Then American economic aid and material began to flow into Greece. I am sure many of you, in 1947, must have shaken your heads when you read of this in your newspapers: you must have mumbled to yourselves, 'Now, why, for heaven's sake, do we have to send all this economic aid to Greece; let the Greeks fight their own fight. We are happy and contented here. What do we have to do with Greece?'



"How fortunate for the world that you then had the courage and the vision to send economic aid to Greece, to send General James Van Fleet, because when the Greeks saw you were interested in them, their drooping spirits took on new life and they fought Communism with all they had! They fought Communism as their old ancestors fought, with courage and heroism. With your help they succeeded in defeating Soviet Russia's attempt to make of Greece another puppet state. Greece succeeded in forestalling Soviet Russia's attempt to win an outlet in the Mediterranean — the first great victory of the free world in the cold war.

"But by way of digression, and to show you the enemy you are pitted against: Soviet Russia failed to win the outlet into the Mediterranean in 1947; but she succeeded in achieving the same end in 1956 through the sale of arms by Czechoslovakia to Egypt. In 1956 Soviet Russia emerged as a middle eastern power, which she never was before; which she tried to do in 1947, but failed to do. Today Soviet Russia is a middle eastern power, and much of what is happening there springs from that fact.

"Now, resuming my main line of thought: after the defeat of Soviet Russia in Greece, she went into France and Belgium, into the Netherlands, into Italy, into all the western European countries where there was misery, and poverty, and suffering, because misery, poverty and suffering are the greatest allies of Communism. Communism was advancing. My wife and I, in 1948, were eye witnesses to the electrifying and the galvanizing effect that American economic aid had on the European masses. With your aid you helped oppose Communism in Europe then one sad day you heard your radio commentators say and you read across the front pages of your newspapers that on the other side of the world a catastrophe had befallen democracy. China was conquered by Communism—600 million Chinese were lost to democracy, lost to you. We saw how Soviet Russia fought the Korean war to the last Chinese soldier — not a single Russian soldier was engaged in Korea, not any Russian blood was shed in Korea, all Chinese. Now Soviet Russia has 650 million Chinese that she can make use of for her wars by proxy. It is because my friends, we have chosen to ignore a truth that we all knew, the true aim of Communism as laid down by Lenin: 'The road to London and Paris is through Peking and Calcutta,' meaning, for Soviet Russia to conquer the world, Soviet Russia must first conquer Asia. In terms of 1957, in terms of present ideological warfare, what Lenin meant was this: For Soviet Russia to defeat the United States, for her to conquer the world, she must first conquer Asia. In strict conformance with that basic strategy as laid down by Lenin, while all

(Continued from Page 4)

your statesmanship and all your national attention and all your leadership was concentrated on Europe, Soviet Russia took the first big grab in Asia by conquering China. That is the first truth that I have come to tell you today.

"The second truth is that your national security, the safety of your lives and of your dear ones, the survival of your American way of life is anchored in Asia. Why do I say this? I don't really say it. It's your Congress, your White House, your Pentagon, your State Department, that say it; that have established the American perimeter of defense.

"What is the American perimeter of defense? Visualize your geography, if you may. The American perimeter of defense extends from the Aleutians way up north through Japan, Okinawa, Korea, Formosa, Guam, and the Philippines. Your newspapers call it your Pacific chain of defense: but your military men call it your American Perimeter of Defense, and that chain can only be as strong as its weakest link. If any of the links in that chair falls under Communism, the whole chain can snap; and if that chain snaps Asia is lost to Soviet Russian; and if Asia is lost, curtains for democracy. That is why President Eisenhower announced to the whole world that the United States will defend Formosa to the last ditch. Why? Because Formosa is an important link in that chain and you cannot allow Formosa to fall under Communism. That is why you fought in Korea.

"Why did you fight in Korea? Because the unfolding strategy of Soviet Russia in 1949 and 1950 was to conquer China first. After China the next step was to conquer Korea. Korea divided the American perimeter of defense. Had the Soviets succeeded in Korea they would have gone southward to blast the American perimeter of defense into a [illegible].

"How well do we know that in the Philippines, we in the path of Communist aggression. As far back as 1947 while Soviet Russia was infiltrating into Greece, she was doing exactly the same thing in the Philippines, infiltrating the so-called Huks. Moscow - indoctrinated Communists, with specific instructions to overthrow the Philippine government. They were to subvert the Philippine government, preparing for the day when, in 1950, had they succeeded in Korea they would have gone southward. They would have found the Huks, the advance guards, ready to welcome them into the Philippines; and my country would have been theirs for the taking.

"That is why you fought in Korea. That is why the American boy who fought and died in Greece really fought and died for his sweetheart in Ogden, Utah; the American boy who fought and died in Korea really fought and died for the safety of his relatives in Boston, Mass.; the American boy who fought and died in Korea really fought and died for his dear ones in Tallahassee, Fla., because, my friends, while the American perimeter of defense appeared to be 12,000 miles away from Cedar Rapids, Ia., in terms of your national security, in terms of modern technology, in terms of guided missiles, supersonic planes, submarines, the atom bomb, that American perimeter of defense is your next door neighbor, like Georgetown, Delaware is to Atlantic City. You must not forget the Pacific Ocean no longer affords you the protection that it gave you ten years ago. The Pacific Ocean has been annihilated by modern technology, and so that state of mind which ten years ago seemed to be logical and safe and sound, in the light of modern technology is not; because it is important in this day and age that men keep pace with modern technology. That is the second truth that I have come to tell you.

"And the third truth is this!" Before the second World War there was an ingrained belief in the Asian mind that the west was invincible, invulnerable in the use of arms. Because of that belief Asia was quiescent for centuries—weak, meek, perhaps [illegible]"

But after the second World War, after Japan had you practically on the run for almost two years, after Japan defeated the combined armies and navys of the United States, the United Kingdom, France, Netherlands, and Belgium for almost three years, after the massacre in Hongkong, after the fall of Bataan, after Corregidor fell down like a pack of cards before the Japanese onslaught, after Americans, Britishers, Frenchmen, Belgians and Dutchmen were captured, imprisoned,and tortured, insulted, after the stalemate in Korea which is continually dinned into the ears of the Asians, after the victory of the Chinese native troops over what they call the pick of the armies of seventeen nations, after the fall of Dien Bien Phu, which Moscow daily dins into the ears of the peoples of Asia, after the victory of Viet Nam troops over the flower of the French Army, that once ingrained belief in the Asian mind of the invincibility of the west was gone, finished, forgotten. That is the reason for much of what is happening in Asia today.

"That, too, is a truth that you must know, because it gives us food for thought.

"How important it is, my friends, therefore to realize that America must make friends and allies. President Eisenhower after his inauguration had to go to Panama to attend a Latin American Presidents Conference; and when he arrived, he not only presided at the meetings, he saw to it that he conferred individually with each and every one of the 20 Latin-American presidents. Because President Eisenhower knows that his country needs friends and allies and that international friendship cannot be taken for granted; it must be nourished, and cultivated in order to fructify.

"Your Vice-President, who will be here Thursday, after a grueling political contest, had to go to Africa, because he, too, realizes how important it is for his country and his people to make friends.

"Your Secretary of State travels fast and far. Why? Because he knows that the Secretary of State of the United States of 1957 is no longer the same Secretary of State of this country in 1935; that it is not enough for him to sit on his swivel chair and receive reports. He must know his counterparts all over the world. He must be able to shake hands with them and greet them and put his arms around them and make friends with them.

"Only the other day, under a scorching noonday sun, President Eisenhower and his whole cabinet and the combined Chiefs of Staff waited for the arrival of whom? The President of the Viet Nam, a country of eight million people; and there was the President of the United States, the President of 160 million Americans, the President of the most powerful and richest country on earth, waiting under a scorching noonday sun for this President of this small country; because President Eisenhower knows that you cannot afford to lose one single country in this life and death global struggle in which you are engaged. Any country lost to you now is that much vigor and vitality sapped from democracy.

"And so on the other side Khrushchev and Bulganin, the two Katzenjammer kids, are doing exactly the same thing. They are going from country to country trying to make friends for their Godless ideology, trying to make friends for Communism.

"All these leaders know, more than you or I, that in this life and death global struggle, where the stakes are very high, that no one single nation, no matter how rich or powerful, can win this global struggle alone. It must have friends and allies.

"And you can do it. You have done it once and you can do it again. You have done it in my country. When you first went to the Philippines we fought you for three long years. 250,000 Filipinos were killed in the unequal struggle. My father was one of those who fought to the last. Bullets trained on a boy to hat you. My people hated you as only an occupied people can hate an army of occupation. But what happened? Why is it that now we are your truest friends and your staunchest allies in Asia? Because in your dealings with my people you followed the Golden Rule, 'Do unto others as you would have others do unto you.' Because in your dealings with my people you respected our right to freedom. Because in your dealings with my people you respected the dignity of the human soul.

"That relationship between peoples is paramount.

"Then you fulfilled every pledge that you made to us, of course, not without opposition in many quarters here. But your Congress was unswerving in its determination to keep faith with the Filippine people — saw that every pledge you made to us was fulfilled. We learned to know in the Philippines that America's word is her bond. And so it came to pass that when you were attacked at Pearl Harbor, when you were caught totally unprepared, when you were going from defeat to defeat in the Pacific, while almost all our fellow Asians turned their backs and joined the Japanese, only one nation then in Asia stood loyally by you, and that nation was the Philippine people. I am proud to say they stood loyally by you in your darkest hour in the Pacific, and so where Old Glory was insulted in the Philippines by the Japanese, it never was insulted by the Philippine people; when Japanese hands flung the flag down and trampled on it; there were Philippine hands that picked up Old Glory and held it high because under the rippling folds of that banner my people saw the birth of a new freedom, the motif of which is respect for the dignity of the human soul.

"And so we fought at Bataan and Corregidor for four long months with a handful of 6,000 American soldiers and 75,000 loyal Philippine troops against 300,000 Japanese; and the Japanese used to send over 200, 300 planes a day and we did not have one single American plane to send up against them. We fought in foxholes, starving, malaria-ridden, typhoid-ridden, dysentery-ridden, only a handful of rice once a day, for four months, but we fought, out-manned, out-planed, out-gunned, we fought for four long months because we fought with the spirit of free men. After every operation General MacArthur and I would look up and see those foxholes filled with heroic dead. Here a handsome blond American boy dead, sprawled with seven, eight, nine, ten, eleven handsome black-haired Filipino boys, dead, all killed by the same enemy bomb, their blood freely intermingled in the single cause of freedom. Today their bones now lie in Philippine soil, dust and ashes, sacred ashes, dust and ashes. By those ashes east makes west in the Philippines, as east will make west in Asia if only your allies will follow the path that you set in the future, if only you can convince the peoples of Asia, as you have convinced us in the Philippines, that you are really the spiritual people you are, unlike the material-minded, money-minded Americans as the Communists picture you; that you realize your greatness is Asia lies not so much in material sources, not so much in the military, but in those intangibles, those imponderables of the American spirit in which you as a nation are rich; that you realize that your greatness as a nation is your force not so much from your armies, not from the military camps, but from your temples, your churches, your educational institutions of culture, from organizations such as Kiwanis; that you continue to make your preachments to dovetail with your action, continue to make your deeds to coincide with your ideals, and you need have no fear that America will continue to be invincible and that the American way of life will continue to be supreme.

"That my Kiwanian friends is the message that I have come humbly to convey to you today."

WHAT DO 11,000 NEW CUSTOMERS A DAY MEAN TO YOUR BUSINESS ?

WHO ME? I'm a customer already. Shucks I don't have any money . . . Sure my daddy buys my baby needs, food, drugs, clothes, toys — but poor daddy!

YOU MEAN TO SAY that when my daddy buys me what I need some other baby needs the services my daddy sells? Oh as we 11,000 babies grow up we will need all kinds of products.

WELL NOW . . . That does make sense! In other words, I will make more business for everyone — just like my 11,000 baby brothers and sisters. That's good!

IT'S ASTONISHING BUT TRUE

11,000 NEW BABIES ARRIVE IN THE U. S. EVERY DAY OF THE WEEK . . !

Our population is growing so fast that every month we add enough people to populate a Richmond, Va., or a Tulsa, Okla. At this rate, we'll have about 180 MILLION people by 1960.

This is a very healthy thing for America — and for you. It means an ever-increasing demand for every kind of consumer goods. Not just for cribs and baby bonnets — but for EVERYTHING that people eat, wear and enjoy.

Our soaring population is just one of the many big changes taking place in America today — changes that open up new opportunities for us all. Here are a few of these changes:

1. **MORE JOBS** — Even though employment in some areas has fallen off, we still have 20 million more jobs than we had in 1939. And NINE TIMES more Americans are in the $5000-plus income bracket than in 1941!

2. **MORE MONEY** — In spite of inflation and higher prices, the American people have over TWICE as much spending power now as they had in 1940.

3. MORE SAVINGS — Individual savings in America rose from $68.5 billion in 1940 to about $250 billion in 1953.

4. **MORE FARM OUTPUT** — 52% more per man-hour than we had in 1940 — and this in spite of a net shift of almost six million AWAY from farms since that year!

5. **MORE LEISURE TIME** — Forty million Americans get paid vacations — a great boon to the hotel and transportation business, to the sports, hobby and entertainment fields.

6. **MORE ATOMIC POWER** — Sooner or later, atomic energy will run our trains, heat our homes and light our cities. This — plus advances in electronics — can usher in a fabulous new era for America.

7. **MORE DEMAND** — Right now there is a $500 billion backlog of demands for goods and services to build roads, schools, hospitals, highways and factories. (For example, we have to nearly DOUBLE our school system in the next few years.) Filling these demands will create more jobs, more spending power, more industrial opportunities.

You are BOUND to profit from all these changes — whether you're a businessman, a housewife, an industrial worker, a farmer, or a salaried employee.

Barring a major war, America's future NEVER held greater promise.

The better you know America, the better the future looks!

Jackie Price To Entertain Jet Fans Here Saturday

Jackie Price, baseball's premier trick artist, will bring many of his old tricks plus a few new ones to Jets Stadium Saturday, July 20th. Price will begin his show at 7:30 p.m., prior to the 8:15 p.m. Jets-Richmond game. Among many incredible feats are a series of catches made while standing on his head, batting while hanging from his heels, upside-down throws and a group which he calls, "Twenty Ways How Not to Hit a Baseball." His other stunts include throwing three baseballs at one time to three different catchers, catching flies while driving a jeep, tossing a baseball out of the park with a slingshot and bazooka gun and catching tungsten in his shirt or trousers.

Speaking Of Beauty

By FLORIO

HOW MANY poems applaud beautiful eyes? How many songs praise them?—Unless you make the most of yours, you've created yourself!

—f—

A SQUINT never won a beauty prize. If you need glasses don't let vanity stop you today, when modern eyeglasses come in shades so flattering, shapes so smart, you'll look prettier than ever! . . . Sunshine causes squint-lines, too. Guard your orbs with sun-glasses on bright days. This rule isn't only for the beach — sun-glare speeds wrinkles 'round many a pretty eye!

—f—

ONCE PAST THIRTY, you owe your eyes daily creaming. Many good eye creams are available. Pat them on, don't rub. But do use a rotary motion for "crows' feet" at the corners. Eye cream is great for under-eye circles, too.

—f—

HIGHLIGHT deepset eyes with make-up. Use a cream base all around them. And remember, please—no eye shadow for deep-set eyes . . . If your upper eyelid protrudes, use eye shadow on the highest part of the lid. See how delicately it tones down size.

Unusual shades of eye-shadow are fine for glamorous occasions. For everyday, stick to "natural" colors: blue, brown, blue-grey. Remember shadow should define the eye and add contrast to the white.

—f—

SMALL EYES need eyebrows arched lower. Remove straggling hairs only at the top of the brow. Accentuate the lower arch with sharp, swift strokes of a sharpened eyebrow pencil. Unruly brows need old-fashioned mustache wax or a bit of wave-set.

—f—

A BEAUTIFULLY PLANNED HAIRSTYLE brings out the best in your eyes! We'll experiment to help you find the line that best makes your eyes look more melting . . . or makes your small eyes take on size and charm! A new home or a skillfully placed wave sometimes makes a world of difference. Or simply a different PART may do it. Come in . . . let's plan a lovely new look for YOU this week!

John Couldn't Make It, But... Annex Gets Needed Paint Job

NEW COAT—Holy Name Men of St. Aloysius parish braved the hot sun to slap a much-needed coat of paint on the annex last week-end. John Laubmeister, caretaker, who would have painted the wooden building this week, suffered a bad fall and was laid up for the first time since he began serving the parish nearly 20 years ago. Rev. Charles Fessler, right, admires the efforts of the men.

For a while this past week it looked as if the annex at St. Aloysius parish was doomed to look a little worse for wear for a while longer. John Laubmeister, caretaker, had intended to paint the building this week, until a bad fall changed his mind.

Rev. William Maloney, pastor, explained the parish plight to the Holy Name Men at their meeting last Wednesday, however, and several members volunteered for the job.

The annex has served at various times as cafeteria, parish hall, recreation and meeting hall, and additional classroom space.

HE'S HAPPY NOW—John Laubmeister, maintenance man, caretaker and Johnny-on-the-spot for St. Aloysius parish, was a little unhappy when he thought the parish hall wouldn't get its coat of paint, but his worried look has changed to smiles now!

Millers Back Home On Hilltop After Exciting Tour Of The West

Swimming, ice-skating, a snow storm and heavily-laden fruit orchards, all within 30 miles, were among the intriguing sights Dr. and Mrs. C. O. Miller encountered on their four-week's trip through the West.

The Millers, accompanied by his sister and husband, Mr. and Mrs. Emil Musolf of Erie, Pa., attended the American Optometric Congress in Los Angeles, visited their son, Victor and family in Long Beach and were also entertained by Dr. W. L. Durflinger, former Hilltop dentist now living in Yakima, Wash. They drove through the redwood forest and visited Disneyland.

At Sun Valley, Ida., they saw adjoining pools, one for swimming and the other, containing refrigerated pipes, frozen for ice-skating. Fruit, fig and date orchards made possible by irrigation, grew in the nearby desert and, a few miles up the mountain they encountered a heavy snow storm.

The group visited with Dr. Miller's stepbrother, Dr. A. D. Gillespie in Twin Falls, Idaho.

Nazarenes Plan District Assembly

Delegates from Warren Avenue Church of Nazarene will represent the church at the denomination's annual Central Ohio District assembly to be held at the district center on Morse-rd, July 16 to 19.

They are, Mrs. Raymond Ours, 141 S. Ogden-av; Rev. and Mrs. Harris B. Anthony and daughter, Marilyn of 675 S. Harris-av. Miss Nina Bargdill, 223 S. Harris-av; Mrs. Robert Leonard, 560 Chestershire-rd; Mrs. Ludlow Smith, 616 S. Ogden-av.

Mrs. Noah Miller, 2648 Sullivant-av; Mrs. John Manley, 471 Binns-blvd; Mrs. Jesse Summers, 351 S. Terrace-av; Mrs. George Neff, 495 N. Powell-av; Harry P King, 943 Amity-rd, Galloway and Miss Mary Ethel Whitt, 1960 Sullivant-av.

100 Guests Fete Mrs. G. Hull

One hundred friends and relatives from Pennsylvania, Ohio, Massachusetts and Florida gathered to honor Mrs. Gertrude Hull, 92 S. Hague-av, on the occasion of her birthday Sunday, July 7.

Hostesses for the occasion were her four daughters, Mrs. William O. Born of Bexley, Mrs. Marion E. Bennett of Springfield, Mrs. Mary Grace Phillips of Bradenton, Fla., and Mrs. Elizabeth Stockdale of Ashland.

Refreshments were served by Mrs. Hulls' two granddaughters, Mrs. James E. Hof of Winchester, Mass., and Miss Linda Born of Bexley. Two grandsons, Warren Phillips and Russell Born were in charge of the guest book and assisted the hostesses.

Prosecutor Says City Must Give Fire Protection

County Prosecutor Samuel L. Devine reported recently that Columbus has responsibility for furnishing fire protection to Franklin Township areas which have been annexed since the proposed incorporation of the area.

Devine told township trustees that a ruling by the Ohio Supreme Court on the proposed incorporation of the township does not automatically invalidate annexations that took place before the ruling. The opinion was requested by the trustees.

No matter how bad prose is it might be verse.

the ocean in his hometown of Asbury Park, N. J. Barbara, a native of Bexley, had quite a job "converting" him to the merits of swimming pools after their meeting at Ohio State University.

Swims Year Round

A joiner of the synchronized swimming movement last December, Barbara keeps in shape by swimming with The Nereids, swim club at the Jewish Center pool, several afternoons a week.

She has already won her first laurel in synchronized swimming by placing third in the state AAU meet in June at Ohio State University. She swam the part of a schizophrenic to the musical diversities of "The Golden Horn."

Two and a half-year-old Terry Sue is already following in her Mom's "splashes" and trying a few ballet legs of her own. Along with her Mom and Dad, Terry is almost a permanent fixture around the pool.

The Pereses faced their first near-tragedy on July 3 when a boy, diving from the pool's edge, hit his head against the side. The two applied artificial respiration for more than a half hour before his breathing was restored and firemen arrived.

When he's not lifeguarding, Sherwood attends OSU, where he is studying for a PhD degree in industrial psychology. He hopes to complete his doctorate by next Barbara, an OSU graduate in social administration, has a two-fold position during the winter months. She is a part-time swimming instructor at the YWCA and an interviewer for the Gallup poll.

The summer program, which continues through July 24, is the third in Ohio State's series of annual programs dealing with important world areas.

McCourt Trains In Transportation

Army Pvt. James P. McCourt, son of Mr. and Mrs. William J. McCourt, 63 Midland-av, is receiving on-the-job training in transportation at Fort Eustic, Va., under the Reserve Forces Act program.

McCourt received basic combat training at Fort Knox, Ky., before arriving at Fort Eustic. The 21-year-old soldier was employed by the Jerry Spears Company before entering the army. He attended Ohio State University.

For Your Thoughts

Question: Do you think the speed limit on Broad-st should be increased from 35 to 40 miles per hour?

Mrs. Emmett DeLong, 511 N. Eureka-av: "I think they go fast enough right now without driving any faster. I think 35 miles an hour is fast enough in both a commercial and residential area.

Mrs. Wilbur Fisk, 1623 Sullivant-av: "I think it might be better and five miles more certainly isn't very much. However, if they increase the speed, I think they should add more traffic lights so pedestrians will be able to cross the street easily and safely."

Mrs. Arthur L. Harrigan, 267 N. Warren-av: "No, I don't think it should. There are too many children along Broad-st and I think an increased speed limit would be dangerous for both children and pedestrians."

Charles Jolley, 247 N. Wayne-av: "I do not. I think we have too many accidents now because of high speed limits and many of them are on Broad-st or in that area. I think people better learn to drive safely at 35 miles per hour."

Mrs. R. C. Milliken, 77 Elden-av: "No, I think 35 miles per hour is fast enough. I live just half a square off Broad-st and the way some of these youngsters speed by scares me to death; I think even 35 is too fast in the residential sections and in heavy traffic."

Annual HBA Bean Dinner Expected To Draw 50,000

Event To Be Held Tuesday, Wednesday At Westgate Park; 3 Tons Of Beans Purchased

Hilltop Business Association members will play host to thousands at their big two-day festival of fun and merriment, Hilltop Bean Dinner, next Tuesday and Wednesday, July 30 and 31. This year's feast will be the 14th consecutive celebration.

The genial hosts invite everyone to "come early, stay late and have supper with us." Three tons of free beans, served with crisp, salted crackers will be prepared for the event.

Cash prizes totaling $700 will also be awarded during the two-day affair. Prize drawings of $500 in cash prizes will be held on the second night, and the balance awarded to winners of events.

Entertainment on a grand scale has been arranged for the tremendous "open house" party. Two full days of fun and pleasure are assured by a program packed with a staggering variety of planned events.

In addition to beans and entertainment, the midway will offer more rides than ever before, with some brand new ones introduced this year. Carnival attractions and games will also be available.

Displays by the Army and Ohio National Guard on exhibit, Tuberculosis Society's X-ray cruiser parked on the midway to offer free chest checks and the traveling zoo are a few of the added interests.

Some brand new events to be premiered at this year's Bean Dinner, promise to lend an added spice to the variety of the 1957 program.

HOBO PARADE for boys and girls eight to 12 years old will be staged at the bandstand on Tuesday, 1:30 p.m. Handsome trophies will be presented to the king and queen of hoboes.

Possibilities for original hobo attire are limited only by the entrants' imaginations and their mom's ingenuity. A committee of judges will select the winners.

Registration for the event is not necessary. Contestants need only present themselves at the band stand at the appointed time.

A NEW FAVORITE to old favorite guessing game will also be inaugurated. Instead of "how many" beans in the jar, the question will be "What kind?"

Thirty-six varieties of dried, edible beans, all available in Columbus and suitable for growing in this climate, will be displayed in a rack near the Hilltop Business Association tent.

VALUABLE PRIZES, donated by HBA members, will be given the 13 entrants who can correctly identify the largest number of bean varieties.

SOMETHING ELSE has been added to this year's Bean Dinner . . . it's an extra ton of free beans! Two tons proved to be not nearly enough to satisfy the appetites of last year's dinner guests, so an extra ton, bringing the total to 6,000 pounds, is ordered for this year.

Much of the fun will be in seeing old friends and neighbors. Everybody—but EVERYBODY—will be there . . . be sure you are, too!

A New Armory Is Born . . . . .

FLAGS OF OHIO AND THE NATION stand guard as a new Ohio National Guard Armory is born. The scene was the ground breaking ceremony last Thursday noon for a $400,000 installation on Sullivant-av, just east of Franklin Township Fire Headquarters. Using the golden spades (left to right), are Mayor M. E. Sensenbrenner; Paul Jones, manager, Tarnstedt division, General Motors; and Gov. C. William O'Neill. Others participating were top ONG officials, state and county representatives and Hilltop Business Association.

Pat Hensel Rescues Dad From Water

To paraphrase a well-known safety slogan—"The life you save may be your dad's . . ." Fourteen-year old Pat Hensel, 351 N. Burgess-av, believes this, when it comes to water safety.

The pretty teenager was credited with saving the life of her father, John Hensel, Sunday at Hoover Dam reservoir. She and a friend, Sandy Amore, 14, of 184 N. Warren-av were boating with him when their balky motor popped into flames. They were about 20 yards from shore at Red Bank-rd turnaround.

Hensel ordered the youngsters to swim ashore. When he feared that a five-gallon can of fuel aboard would explode he leaped out of the boat but forgot his lifejacket.

An assistant river patrolman, George Tocar, saw the incident from a distance. He noted that Hensel was unable to swim, as he was holding his nose and fighting the water. Tocar called to the girls who had just reached [illegible] and Pat immediately swam back and pulled her father to shore. The 55-year-old operator of Rosebud Floral Co. was given brief first aid by the patrolman.

"We're certainly glad now that we decided to let Pat take those swimming lessons when she was nine," said Hensel gratefully.

Bean Winners Earn More Of Same

Anne Marie Sexton

Anne Marie Sexton, 12, of 307 Josephine-av, proved she really "knows her beans" by winning a full dozen of them this week.

Her entry was the first received to correctly unscramble the misspelled words in last week's contest and form them into the right slogan, "One And All Come On The Run! Eat Our Beans and Have Some Fun!" First place prize was a case of baked beans.

Second prize in the contest, 12 cans of baked beans, was won by Etta Jester, 303 N. Warren-av, and third prize, five pounds of navy white beans, by Mrs. Willetta Hoffmann, 427 S. Huron-av.

There were two claimants for the fourth prize. Sue McGee, 883 Derrer-rd, and Margaret Kennedy, 633 Derrer-rd, tied for fourth place and each won three pounds of navy beans.

Pony Tail Contest Is Still Open To Entries

Cute, bobbing pony tails by the dozen, each one prettier than the last were proudly displayed by their happy owners at Bean Dinner time last year. A few of them are shown above. This year, the contest is proving to be even more popular, judging by the number of entries already in. Contestants may still be registered.

A veritable bevy of little beauties is already registered for the Pony Tail contest, sponsored by The Rural-Urban News and The Hilltop Record for judging at Westgate Park during the annual Bean Dinner on July 31.

There's still room for many, many more and all little girls from one through 12 years old who reside in the circulation areas of our newspapers are invited to compete for the $24 in silver dollar prizes.

Registration for the contest may be made by calling Betty Daft at this newspaper, BR. 9-9444 anytime before the event or at Westgate Park at contest time, July 31, 1:30 p.m.

A committee of beauticians will serve as judges for the event. They will choose as winners, the little ladies whose hairdos are most attractive and are arranged in a manner most becoming to the child.

There will be three classes of entrants with three prizes in each classification. First place in each class will receive five silver dollars, second place, two and third place, one silver dollar. Age groups are, one through four, five through eight and nine through 12.

One Copy Of Today's Record Worth $150

One copy of this week's Hilltop Record — and it could be this one — is worth $150 in merchandise of the subscriber's choosing!

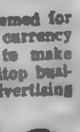
That's a whopping big sum of money to be lost for want of an observing eye and a few minutes time spent scanning the ads.

The newspaper containing that big lucky jackpot insignia may be redeemed at The Hilltop Record office for 150 crisp, new "Confederate" bills, before noon on Saturday.

Insignia are never hidden; they are always printed by hand in distinctively colored ink, in plain view on an ad. In addition to the jackpot insignia, ten $1 insignia, each worth one "Confederate" bill are also put in circulation on the Hilltop each week, via Hilltop Record ads.

Any merchant advertising in the current issue of the newspaper will accept "Confederate" money at face value, in payment for any merchandise in his store.

Any subscriber whose name appears on our records as having paid in advance or on his carrier boy's route book as a paying customer is eligible to collect "Confederate" money.



Exact size replicas of the insignia, with complete instructions for playing the game, are shown in the accompanying box.

Look For This

Any subscriber who finds this insignia stamped on an ad in this copy of this newspaper should take it to the office of The Hilltop Record before Saturday at noon. It will be redeemed for $150 in Confederate currency which can be used to make purchases at any Hilltop business establishment advertising in this issue.

This insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

No employe or carrier of The Hilltop Record nor any member of his family, is eligible.

Homer Keefer Is Chairman Of Committee

Newly-named general chairman of the fund-raising campaign for Glenwood Methodist Church's proposed new building is Homer Keefer. A previous announcement of Homer Johnson as chairman was in error.

A goal of $150,000 will be sought in the drive, which is scheduled for fall. Construction on the church, to be located on a ten-acre site on N. Hague-av at Valleyview-dr is expected to get underway in about three years.

No More Sunning For This Victim!

Arthur Shepard, 28, of 230 S. Ogden-av, probably won't do much more sunbathing this summer.

Saturday's sunburn turned first into a burning itch, next into paralyzation of his hands and arms and finally, according to his private doctor, "a case of nervous exhaustion."

After an anti-itch shot and a prescription to calm him down, Shepard is relieved of his symptoms. But he's still not looking for a good hot day of swimming!

Surviving are his stepfather, William R. Bishop, Fort Lauderdale; and grandparents, Mr. and Mrs. R. B. Straub, of the Sullivant-av address, and C. B. Kelley, Phoenix, Ariz.

Westinghouse Plant Back In Operation

Columbus Westinghouse plant resumed full scale operations Monday following enforced layoff last week brought about by disciplinary furloughs to employees in the fabricating department.

Operations at the plant were normal Monday with all employees back on the job according to E. L. Smith, works manager.

Company officials have been meeting with leaders of IUE Local 746 in an attempt to resolve the differences that brought about last week's trouble which was sparked by a dispute over incentive pay for work on new automation machinery.

WILHARM TO SPEAK

Herman Wilharm, representative of the Big Brothers organization, will speak Wednesday noon at the West Side Kiwanis Club. His topic will be "You Can Be the Greatest Guy in the World." The club meets at the Chicago Avenue Church of Christ.

Humphrey Is Assigned To Patrol Post

Joseph E. Humphrey, 309 S. Ogden-av, is one of 30 state highway patrol recruits graduated from the Patrol Academy following a 14-week course. He was assigned to duty at a patrol post in Fremont.

With the graduation of this 48th training school, Colonel Fred Moritz, Patrol superintendent, who lives at 90 N. Warren-av, warned that the organization is nearing its authorized strength. "Young men considering the patrol as a career should act immediately," he said, "if they wish to be considered for the next meeting starting in September.

Men 21 to 35 years old interested in entering the patrol should contact in person their local patrol post. Requirements include a high school education or its equivalent, good moral character, top physical condition, U.S. citizen and resident of Ohio. Whack 300 From Payroll At North American Plant

North American Aviation, Inc., has started the first of a series of layoffs, expected to 3000 workers between now and next January. Three hundred workers were trimmed from the local division this week.

The company said the adjustment was necessary because of the suspension of three aircraft models.

Family Reunites As Reformatory Releases Mother

Army Sergeant Robert W. Brillhart, whose parents and only surviving child live at 31 N. Huron-av, rejoined his British-born wife this week as she was released from a federal reformatory at Alderson, W. Va.

She had served less than three years of a life sentence imposed by Army court martial in 1954. She had been declared guilty of killing her three children by dropping them. She was ordered released last week as the result of a recent Supreme Court ruling that military courts have no jurisdiction over civilians accompanying servicemen overseas. The Brillhart's were stationed in Africa during the incidents.

During Mrs. Brillhart's imprisonment, her five-year-old daughter, Diane, has stayed with grandparents, Mr. and Mrs. Wade Brillhart, on the Hilltop.

Diane is now expected to accompany her parents to Sandia Air Force Base, near Alberquerque, N. Mex.

Bait Farmer Finds His Army Of Worms, Craws 'Fascinating'

Good candidates for "What's My Line," TV show, are Mr. and Mrs. William Krack, whose "line" is raising and selling bait at 262 N. Central-av.

Their bait-stock includes droves of crappies, minnows, soft craws, meal worms, night crawlers and hellgrammites. "Although they're putting out every sort of artificial bug imaginable, complete with smell, I still think live bait fishermen outnumber the ones who use artificial bait," remarked Krack, who sells both in his store.

Although bait-men formerly scoured the streams and rivers for their lively produce, many of them order their stock from large wholesale houses today.

For example, Krack orders his small minnow supply from Wisconsin, by the pound, 1000 minnows weighing in at three pounds. However, the large crappies and minnows are still seined locally.

Night Crawlers Go Modern

Gone, too, are the days when night crawlers were caught with a flashlight and a quick grab. The Kracks' night crawler supply travels in refrigerated trucks all the way from Ontario, Canada.

They are shipped in a special warm bedding, which serves as both food and lodging, and sells for $90 per ton. Night crawlers are sold by the box, containing 500, or by the quart, which holds 100.

One of the Kracks' home-caught bait consists of the hellgrammites, the larvae of the dobson fly. Found in streams under rocks and leaves, the hellgrammite is used to catch bass, rock bass and catfish.

Meal worms, a bluegill bait, live, eat and breathe in the meal from which they take their name. A characteristic of the meal worm is its ability to turn into a bug, lay its eggs, and return to the worm stage. Krack keeps them in a refrigerated room in order to inhibit their development into the bug stage, since only the worm is good for bait.

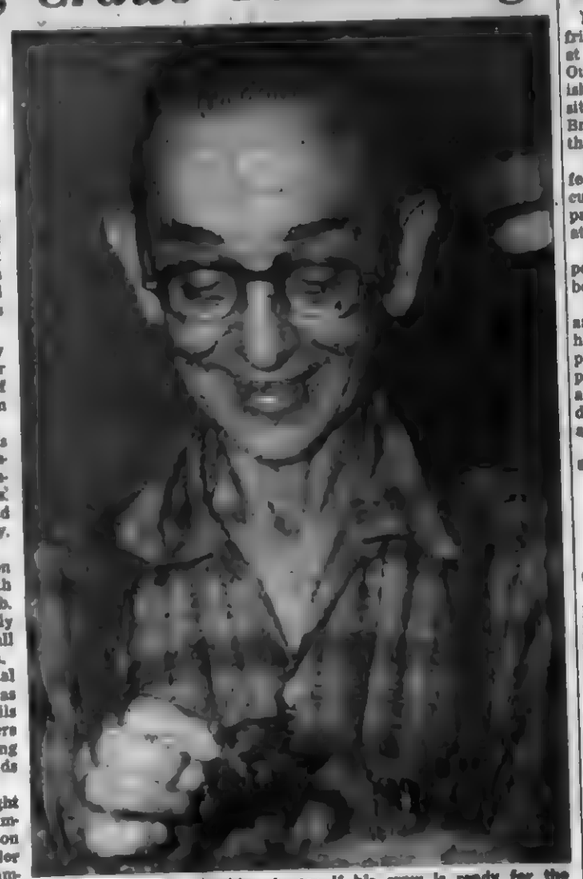
Krack also explained why he keeps his soft craws in two separate tanks with different water temperatures. "Since the soft craws' skeleton is outside of his body, he soon grows too large for it and sheds his shell. We keep the hard-shelled craw in warm water in order to hasten this shedding process. When he has shed, he is best for bait.

Empley Tempering Process

"After shedding, we put him in a tempering tank, cooler water, which toughens his hide but, slows up the hardening process, which we don't want. When soft, the craw is in a completely helpless condition."

Krack pointed out the importance of a good water supply and proper temperatures in ensuring good bait. "Heat is the enemy of all bait," he said. I keep the water at around 60 degrees. Also I use well water because I feel the chlorine in city water causes too much bait loss."

Both minnows and craws are used as bait for bass and catfish. Besides two large refrigerated rooms and several fresh water tanks, the Kracks make use of a freezer for their bait supply. "We freeze dead minnows and craws for catfish bait and the pinchers and tails of frozen craws make excellent bait for blue gills and rock bass," Krack said.



Fishing Changed His Life

Formerly a construction worker, Krack went into the bait business at 18 N. Central-av in 1950 because "I had fished all my life and I wanted to work with it all the time."

His wish was generously granted as the Kracks are now available 24 hours a day for bait, rods, minnow buckets, reels, lines and almost any fishing accessory.

In 1953, they moved shop to their present location at 262 N. Central-av, where they open from early May until late October. A third member of the bait store's staff is Viola Werner, a cousin of the Kracks.

A final observation from the local bait-farmer is the growing popularity of spinning rods, in preference to casting rods. "The spinning fisherman seems to get more pleasure from it, becomes proficient much sooner and seems to be more successful. Fly casting has always been an art. It isn't easy to accomplish."

CRAW TEST—Checking to see if his craw is ready for the tempering tank is William Krack, bait farmer at 262 N. Central-av.

Dear Mr. Hartley:

We wish to thank you and the people at your paper for the fine picture and story in last week's Hilltop Record and West Side News. As the result of your publicity we are already receiving a great deal of material each day at the Big Bear Collection Center. This of course means added rehabilitation and training for handicapped workers. Your papers were the only means used of telling people of this new collection center.

Thanks again for your help.

Yours truly,

Lantern Parade Attracts Hundreds To Annual Westgate Park Event

About 220 children participated in the West Sectional Lantern Parade, held July 18 at Westgate Park. This parade, which is sponsored by the Columbus Recreation Department, included all city-operated playgrounds in the West and Hilltop sections of the city.

All the lanterns that were paraded around Harder Lake were made of colorful craft materials by the children on the 14 playgrounds in this section. They were lighted by candles or flashlights.

The parade was emceed by Clarence Young. The judges were City Councilman W. Wesley Llewelyn, City Recreation Member William Bell and John Kuhn.

Playgrounds winning awards for the most original theme were: first, Holton ("International Geophysical Year"); second, West Mound("Safety on the Playground"), third, Glenwood ("Space Men").

Winners in the best executed theme category were, first, Sullivant Gardens ("Japanese Lanterns"); second, Westgate (Mother Goose Land); third, Goodale ("Underwater Creatures").

"JAPANESE LANTERNS" entered by children from Sullivant playground was one of the two first prize winners at the sectional lantern parade. Holton won the other first. Looking like a scene from old Nippon the youngsters are pictured as they emerge from trees around Harder Lake.

Creativity, Imagination Contribute To Unique Individuality Of Mary Slane Home

Resting snugly among evergreens on the corner of Mound-st and Racine-av is this combination home, office and apartment, owned by Mary Slane, realtor. Originally separate structures, Mrs. Slane connected her one-hamily home to the office and apartment with a garage and overhead deck several months ago. The four-room apartment is occupied by her daughter, Mrs. Charles (Sunya) Abbott and two-year-old grandson, Chuckie.

Particularly adaptable for a small lot is this open air deck, a connecting link between home and apartment above the garage. The deck provides a sunny and dry retreat from the rugged schedule of a business woman and a wonderful spot for one of Mrs. Slane's favorite summer pastimes, sunbathing. At right is the living area which stars a ceiling-to-floor fireplace, six-foot philodendron, a console TV set and a small spinet piano.

Easy informal relaxation is enjoyed by Mrs. Slane and Sunya in the basement recreation area. A unique feature of the fireplace, left, is the glass paneling, backed by diffused lighting. Walls are

alternating squares of Sea Swirl plywood, while the floor is done in easy-to-clean asphalt tile. At the right is rustic bar, complete with cushioned stools, large lazy susan and mirrored backdrop.

Comfort, Convenience Found In Combination Home, Office

By Shirlee Mauzy
Photos by Bohmer

A self-decorator with a creative imagination, an eye for design and even a hand for carpentry is Mrs. Mary Slane, 738 Racine-av, who put them all together in her charming and clever "Home of the Week."

Mrs. Slane decorates telephones with old jewelry, suggests a new method of installing Sea Swirl plywood in her recreation room, and tells carpenters "You can, TOO, install a TV in my cupboard," and shows them where to put the "problem" vent.

When the kitchen and living room were devastated by fire three years ago, Mrs. Slane decided that the few things salvageable would be fine recreation room furnishings.

She retrieved cupboards and a lazy susan which were installed behind the bar and another cupboard was converted into a marble-topped table with a large built-in lazy susan. Perhaps the most ingenious "conversion" was the built-in oven frame which became a full-sized plush telephone booth, erected at the bottom of the basement stairs at the recreation room entrance.

Complete relaxation may be found in a Niagara chair, which has a control panel to turn it into a gently vibrating self-massaging machine. A connected hand massager takes care of neck, face and other tired areas.

Kitchen Is Cafe Style

Another cozy spot is the knotty pine kitchen, which, although small, has been skillfully remodeled into a combination eating and working area. The cushioned breakfast nook, in bittersweet plastic leather, wraps around a glass and wrought iron table. Triangular planters add further interest to the cafe-like corner.

Additional bittersweet plastic leather pads the basement door, and the color is casually carried out through the curtains and a band around the metallic-flecked linoleum.

Indirect lighting is achieved in the kitchen area by means of a suspended knotty pine ceiling, hung by wrought iron chains a foot from the original ceiling. Eight 4-foot fluorescent bulbs provide soft illumination. An added feature is the built-in TV set which faces the breakfast nook.

The bathroom proves a "feminine paradise" with a pink telephone, connected to a portable stand, and matching poodledog wastebasket, tissue box, cup and stool cover. A sun lamp, installed above the bath, is another feminine delight.

Never out of new decorating schemes, Mrs. Slane is presently planning a renovation of her living area. Carpeting will be gray, walls grey and charcoal with yellow floor-to-ceiling drapes extending around two walls.

New furnishings will include a 20-foot off-white curved sectional and orchid and black metallic-backed chairs.

A second bedroom has been converted into a dining area, with the built-in closets obscured by floor-to-ceiling draperies. Ample storage space is found in a comfortable attic that could easily be converted into additional living space.

Telephones, Television Sets

Because of her realty business, Mrs. Slane has an extensive communicative system from office to home. The two are connected by both a speaker system and a buzzer system. The entire building is also rampant with telephones — four in the Slane home, four in the office area, and one in the apartment — and TV sets — living rooms, bedroom, kitchen, recreation room, office and apartment.

Another communication network transmits music from the living room hi-fi set into the office, deck or recreation room.

The house is well-tailored to meet the strenuous routine of a fulltime businesswoman. In it, Mrs. Slane is able to find both comfort and convenience in the midst of the pressures and decisions which greet her every day.

Knotty pine, glass and plastic leather bring beauty and texture into the kitchen area—here in the form of a curved and comfortable breakfast nook. Note the built-in corner planters, pull-down light fixture and modern print curtains, which give the corner real atmosphere and charm. The working area, efficiently furnished with garbage disposal, dishwasher, steel tile working surfaces, and other built-in kitchen aids, is located directly to the right.

Pennsylvania Railroad Picnic Scheduled Sunday

The Pensey Family Club of the Pennsylvania Railroad will hold its annual family picnic on Sunday, July 28, at Echo Woods Park, three miles east of Reynoldsburg on Route 40.

Featured are kiddie rides, refreshments, prizes, games, contests and Flippo the Clown.

All PRR employes and their families whether active, furloughed or retired are invited.

Wildlife Council Outlines State Hunting, Fishing Dates

With the exception of a split-state squirrel season, most hunting rules and regulations will remain about the same as last year, according to the Division of Wildlife and following the annual fish and game hearing held by the Ohio Wildlife Council.

In an effort to provide more squirrel hunting opportunity in the 32 county southern zone, the season will open in the section on Sept. 2 and run through Oct. 31. The season in the northern section will open Sept. 16 and run through Oct. 31.

According to Hayden W. Olds, chief of the division of wildlife, and William R. Hendershot, supervisor of the game management section, lengthening the squirrel season in the southern zone will have no harmful effect on the squirrel population but will provide hunters additional opportunity.

Southern Ohio can withstand additional squirrel hunting pressure and the lengthened season will provide fine gray squirrel shooting during the height of the most colorful season in Ohio's hill country.

Following are the counties in the southern zone where the squirrel season will open Sept. 2 and close Oct. 31: Jefferson, Carroll, Tuscarawas, Holmes, Knox, Licking, Coshocton, Guernsey, Harrison, Belmont, Muskingum, Fairfield, Perry, Morgan, Noble, Monroe, Washington, Athens, Hocking, Vinton, Meigs, Gallia, Jackson, Lawrence, Scioto, Pike, Ross, Highland, Adams, Brown, Clermont and Hamilton.

The remaining 56 counties, or those in the "northern zone" will have a squirrel season opening Sept. 16 and running through Oct. 31. In both the southern and northern zones the daily limit will remain at four squirrels and the possession limit after the first day will be eight.

Open season for other game species will remain about as last year with only minor alterations.

Rabbit Season

The rabbit season will open Nov. 15 and run through Jan. 1, 1958, with a daily limit of four and possession limit after the first day of eight and the hunting hours 9 a.m. to 5 p.m.

The pheasant season opens Nov. 15 and runs through Dec. 7. Cock birds only may be taken and the daily limit is two and possession limit after the first day four. Hunting hours 9 a.m. to 5 p.m.

Ruffed grouse may again be taken from Oct. 15 through Jan. 31, 1958, with a daily limit of three and possession limit after the first day of six. Hunting hours for ruffed grouse are 9 a. m. to 5 p.m. during the rabbit and pheasant season but daylight to dark before and after the rabbit and pheasant season.

The Hungarian partridge season opens Nov. 15 and runs through Dec. 7 with the hunting hours 9 a.m. to 5 p.m. Daily bag limit is two and possession limit after the first day four.

Deer Hunting

There will again be a statewide deer season and deer of either sex may be taken. (Except in Scioto and Adams Counties, where bucks only may be taken). The gunning season for deer (shotguns only using slugs) will open Dec. 11 and run through Dec. 14 with the hunting hours 9 a.m. to 5 p.m.

The bow and arrow season for deer opens Oct. 15 and will run through Dec. 31. Only arrows with wooden shafts will be permitted and bow hunting hours for deer will be daylight to dark except during the gunning season for deer when the hours will be 9 a.m. to 5 p.m.

Night hunting for raccoon, opossum and skunk will open Nov. 1 and run through Feb. 15. The daily limit on each is four.

The trapping season for muskrat, mink, raccoon, opossum and skunk opens Nov. 15 and runs through Mar. 15. There is no daily limit on the numbers of these animals taken by trapping.

You will learn much about the Columbus Public Library and its services bywatching its TV program on WOSU-TV each Friday evening at 6 o'clock.

Speaking Of Beauty
By FLORIO

HAVE YOU ever taken forty-eight hours, all for yourself? They could become an investment in beauty! Why not choose two days now, for a whole year's worth of better looks? You might start by trying that now-famous two-day diet of cottage cheese and fruit. (Five pounds can disappear in 48 hours!) Or if you feel your skin and your whole system need purging, consider two solid days without solid food—just liquids, lots of them. Fruit or vegetable juices. And milk, at least three or four times a day. . . . Take time for lots of deep cleansing. Cream your face several times. Wipe it with a turkish towel. Finish with a brisk astringent. Use a facial mask each day.

ENJOY PLANNED REST . . . feet up high, eyes covered with lotion-soaked pads. Practice really relaxing. Start with your toes. Make your ankles relax, let legs go limp. Follow it all through your body, till you lose every ounce of tension!

It's no fun to invest in a [illegible] day beauty treatment if you don't come out looking really different! Plan to devote at least two hours of the 48 to us. Perhaps this is the time for that new permanent wave. Or let us design a brand new coiffure, just for you, based on a brand new cut. You might take the leap: try that new hair colour you've admired! (At least try a rinse . . . to lighten your hair, brighten your outlook, bring out hidden beauty you've always longed for.)

"SAME OLD LOOK?" — what YOU need is a brand-new hairstyle! We'll give you a wonderful lift . . . send you out of the shop lots younger and smarter! IF YOU'RE tired of seeing the "same old you," chances are OTHERS may be too. Make an appointment with BEAUTY today!

Antique, Modern—Side By Side In Well-Stocked Goodwill Store

The West Side Goodwill store can not only offer you anything from used spectacles to outdoor furniture—but they can offer you almost any edition as well.

A tour through the store at 1204 W. Broad-st is a course in comparative history. One idle glance might catch an old flat iron sitting girlly beside an electric toaster, an old brass balloon-shaped lamp gracing a modern dressing table or an 1856 edition of "The Universal Genius—The Coming Man" cover to cover on the bookshelf with a pocket-book edition of "Mrs. Miniver."

Your imagination runs wild, guessing the original purpose of a hundred strange articles and inventing modern functions for them.

For example, several jardinieres (ornamental stands or receptacles for plants and flowers) bring back the period of large drawing rooms. However, in our small, compact homes of today, the jardiniere would have to become, either more functional or more modern—as a container for a floor plant, or an aquarium or cookie jar . . .

Clothes come in antique and modern sizes, too. Velvet hats, narrow buckle shoes and parasols that won't open (they were made strictly to be carried!) are visual reminders of the Gay Nineties period.

Appeals To College Trade

But do people buy them? Clothes can hardly be "converted" to modern!

"Oh yes, we sell them," assured Mrs. Wilma Casto, saleslady, "but hardly for street wear. Two of our best customers are the play casts of Playhouse on the Green and Ohio State University. Costume department, of course!"

Drama students aren't Mrs. Casto's only college trade. "Why, I think college kids are going in more and more for antique furniture, which they take home and refinish or modernize. And it's not always cheaper, either. I've seen plenty pay as much for a bed here as they would pay for a modern one. Guess they realize that they were made better in the old days."

Plenty of old books are available, too, among them a German copy of the Martin Luther Bible, which has no edition date but was estimated at more than a century old.

Teachers of progressive education would probably not agree with the title of a 1915 edition of "Practical Methods of Teachers." Within a chapter on Drawing are techniques for teaching perspective, placing, direction, inward and outward curves, parallel lines, angular lines and measure forms.

Chapters on domestic science, agriculture, penmanship and seat work are as analytical as the drawing methods.

What if something won't sell? "We send it to the plant and they send it to another store," explained Anne Streaty, salesgirl. Anne, a graduate in music education from OSU, started working at the store only a week ago.

"I've spent most of my time just getting acquainted with the merchandise," she said, "but I don't think I'll ever see everything." Mrs. Casto agreed. "Why, as long as I've been here, there are still things I never see . . . until someone buys it!"

Hilliards Raceway Ends Year With Rich Purse Stake, Races

With less than one week remaining in the 1957 season at Hilliards Raceway, it seems likely yearly attendance and handle figures will be broken. Currently enjoying an increase of 10 per cent in pari-mutuel wagering and almost 12 per cent in attendance, the half-mile racing strip has three outstanding rich races still to present.

The two final nights of racing at Hilliards Raceway will offer the "dream race" that central Ohio racing fans have been waiting for, the second annual running of the $6,000 Hilliards sweepstakes free-for-all trot and pace. The trot is scheduled for Friday night, with the free-for-all pace slated for the final night.

The "winningest horse" at Hilliards this year figures to hold the edge in both the harness writer's pace and the sweepstakes event. He is the chestnut gelding son of Jolly Vic, Prince Vic, owned and driven by Frank Grice of Union City, Ind. The four-year-old speedster has won his last six starts at Hilliards Raceway, with the fastest mile being timed in 2:06 1/5.

Winner of over $4,000 this year, Prince Vic has a record of 18 starts, seven firsts, two seconds and four thirds. Other outstanding sidewheelers eligible to the rich pacing event are Belle Attorney, Best Time, Hi Lo's Beau, McLean Byrd, Hi Lo's Surprise, and Peter Hope.

Heading the list of eligibles for the sweepstakes trot is the duo of Wildwood Bill and Jugurtha. Both lateral gaiters have posted times of 2:07 4/5 this year, but Jugurtha has the better record with four wins, one second, and two thirds. Owned by Frank Bruno of Marion, the six-year-old Bombs Away gelding won his last time out defeating other sweepstakes eligibles such as Daily Virtue, Clever Thought, Wildwood Boy, Mary's Best and Homestretch King.

Wildwood Bill, owned by Mrs. Vera Samples of Rockford and driven by Ervin Samples, has a record of 11 starts, five wins, two seconds and no thirds.

W. B. Massenburg continues as assistant manager of the portable appliance division, under Yoximer.

Plans for the construction of a $300,000 Service Center at Franklin Village on Gantz-rd were approved last week by the County Building Commission.

The center would have rooms for 36 children and the capacity could be increased by adding double-deck beds according to Commission Chairman Ollie F. Oelgoetz. The center will be put up within the $300,000 limit.

Girl Scouts' 2 - Year Dream Trip Comes True

NO. 1 TOPIC of conversations these days for Girl Scouts of local Troop 296 is their trip to Washington, D.C. They returned last Friday from a five-day bus trip. Saving their pennies for two years, the girls started their fund with bake sales and cookie sales. Their savings were given big boosts by the Hilltop Kiwanis Club and United Finishers. Patsy. Pictured at far right of each row are representatives of the Kiwanis committee who helped "see the girls off" at Central Point Shopping Center. Seen left to right (front row) are Rita McVey, Diane Kerns, Marilyn LeRoy, Jean Finley, Karen Bieber, and Ed Johnson, Hilltop Kiwanis president. (Second row) Cathy Edwards, Susan Wade, Sharon Kelly, Shirley Engle, Sharon Pettit, Geneva Heil, Marge Karch, leader, and Larry Scales, chairman of the Kiwanis Underprivileged Children's committee.

HILLTOP COMMUTER SAYS:

'See Your Way---In A Model A'

OLD CAR ADVANTAGES—Parking in short spaces and the ability to look down on fellow drivers both appeal to John Harper, 796 Wiltshire-rd, owner of a 1931 Model A. His "high-styled" visibility shows here as he sits alongside a 1955 Volkswagen, owned by Dave Otwalt, 143 Rosedale.

By Shirlee Monty

One way to beat the high cost of living is to buy another car. If you don't believe it, ask John Harper, 796 Wiltshire-rd.

Harper, who drives 26 miles a day going to and from his work at North American Aviation, Inc., used to have a gas bill of $5 a week.

However, since investing $350 in a 1931 Model A Ford his gas bill has been cut in half—and he's discovered other "old car" advantages as well.

Like visibility. "Why, I can see better in my Model A than in my '55 car. It's advantageous to sit a foot above everyone else. You don't miss a thing.

And parkability. "I can always find a parking place since my car's about three feet shorter than the average."

Another advantage shows up in the winter when the new cars are spinning and sputtering to get through the snow. Harper's Model A, equipped with snow tires and the structural advantage of high wheel clearance, bounces right past them with never a thought of this common weather hazard.

Although Harper has modernized his "working" car with radio, heater, and turn signals, he admits that it still isn't infallible

Harper demonstrates, but seldom uses, a crank, probably the most characteristic feature of the early auto era.

Brakes a Problem

Mechanical brakes, he pointed out, take more room for stopping and are consequently more hazardous than hydraulic brakes. Also, you'd better feel like stopping. If you smash a fender or door, it's almost impossible to replace body [illegible].

Capacity and comfort, too, of the Model A could hardly stand up against their automotive offspring unless you use the trunk for storing extra children! Which most children would prefer, anyway!

Although Harper's Model A can keep up with the newer models on city streets, it would be left in a cloud of dust on high speed highways. Only 40 horsepower against today's 240 to 280 horsepower and four cylinders against eight cylinders would hardly be competi[illegible].

But he didn't buy it for speed, comfort or capacity, anyway. He bought it strictly for economy and that's exactly what he's getting.

This is Harper's second year with his Model A, which literally sparkles under the masterful grooming it receives. Although he estimated its mileage at 180,000 miles, it looks as if it had "just begun to travel!"

As long as we're reviving yesterday's hats, shoes, music and furniture — who knows, maybe yesterday's cars will get into the spotlight. "Already, about a dozen fellows at the plant drive them to work," Harper laughed, "you just may be right!"

"See Mary, will you stop wiggling? How can Daddy solve your algebra problem if you bother him all the time?"

Hague-av Stand Offers Comic Book Bargains

Cheerfully awaiting another customer are the young booksellers, left to right, Linda McGill, Linda DeMastry and Kathy McGill.

Inflation can't stand a chance if gals like the Lindas and Kathys of Hague-av keep going into business.

At a little stand, sitting airily in front of 749 S. Hague-av, comic book prices are all the way down to a record low of from three to five cents. And for real bargain-hunters, they can be bought in half-dozen assortments for only 15 cents.

The shop is owned and operated by the Two and One-Half Club, which includes Linda DeMastry, 11, of 749 S. Hague-av, Kathy, 10, and Linda McGill, 7, of 750 S. Hague-av. Handicapped by her age and size, Linda McGill is not yet recognized as a full-fledged member.

True businesswomen, the gals have erected enticing and convincing signs such as "For less than half price," "Why Pay More . . . ?" and "First customer gets one book free."

Besides a good business sense the young booksellers also have plenty of generosity and thoughtfulness, evident in another sign which reads "All Money Goes To Charity."

Although business was slow at first, (so slow that Linda McGill was talked into buying the first book and then donating it and her free book back to the stand's stock!) it's picking up now and the cash register fairly jingles with almost three dollars worth of pennies, nickels and dimes.

Yes, according to the DeMastrys and the McGills, the comic book market is on the upswing. Especially if you offer such Good Bargains!

Women are smarter than men; they don't boast about the one that got away!

Mayor M. E. (Jack) Sensenbrenner is still talking about an unnerving experience he had a couple of weegs ago. He was on a plane, just coming into Chicago when the city's violent storm struck. Freak weather conditions caused the plane to suddenly drop a thousand feet, dumping luggage onto the floor and thoroughly shaking up all the passengers.

Little Marilyn Lekel, member of Girl Scout Troop 166 which spent five days in Washington, D.C., last week, developed a foot infection after her arrival and had to be flown home after only one day's stay.

Mrs. Cecil J. Randall, 1969 W. Broad-st, entertained last week as house guest, Mrs. Fred Moore of Granville. Mrs. Chester Randall and son, Tommy, are home from a week's visit with Mrs. Edward Nicklaus (Mary Randall) of Kokomo.

Lewis Watson is home after a stay in Mount Carmel . . . Phyllis Taylor, daughter of Mr. and Mrs. Byrle Taylor, 1863 W. Mound-st, and Ann Manus, daughter of Mr. and Mrs. Philip Manus, 659 S. Hague-av, are spending a summer holiday at thethe Jolly Roger in Fort Lauderdale. Mrs. Charles Grant is hospitalized in Mount Carmel with a broken ankle.

Mr. and Mrs. Jules Herky, 248 S. Sylvan-av, are home from a two weeks' vacation on the east coast. They visited her mother, Mrs. John Rees of Springfield, Mass., a cousin in Newberry Port, Mass., and friends in New Hampshire.

Sgt. Charles A. Dew, Jr., 221 N. Ogden-av, is hospitalized for several weeks in the hospital at Fort Knox, Ki., for treatment of a respiratory infection. Mail will reach him addressed to 1821 Kingsford-dr, Louisville, Ky. . . . Mrs. Charles Grant is hospitalized in Mt. Carmel with a broken ankle.

Lincoln Association Seeking Historical Items For Library

Documents, books and pictures pertaining to the Civil War era are being sought for inclusion in a new library being formed by the Lincoln Historical Association of Ohio.

The group with 48 attending, held its first meeting June 26 at the State Office Building. It is opening its headquarters at Room 2 on the balcony of Old Memorial Hall, 280 E. Broad-st, local attorney Emile Reiss reported.

Reiss said the biggest objective of the group is establishing a Lincoln Sesquicentennial here sometime in 1958 or 1959. He said locked cases are being secured so that interesting materials relating to Lincoln and the Civil War may be shown to the public. Those who would like to contribute to the display were asked to call BR. 9-4467.

Guest speaker at the association's next meeting, July 31, is to be Arthur L. Evans, 85-year-old owner of the Commercial Paste Co. Evans, a collector of Lincoln lore, is said to be a third cousin of the 16th president, on the side of Nancy Hanks. The program will start at 2 p.m. at Old Memorial Hall.

The group received a pictorial print from the Pinkerton Detective Agency at the first meeting and a more complete display of historical lore was promised.

Preceded by the appearance of a color guard from the Naval Air Station, Ralph M. Howell of Bexley school gave a talk on Lincoln. Howell and D. J. Kuhns were asked to study a proposed constitution for the group to vote on at its next meeting later this month.

Co-chairmen of the finance committee are Joseph R. Sabino and Rev. Alex Vance.

A letter was read from Charles Anderson of Lincoln Lodge inviting the group to banquet there next February 12. Charles Jones reviewed "fictitious stories about Lincoln."

Among other projects discussed: publication of a book on Ohio's contribution to the Civil War; designing and selling souvenir plates; planting a tree and placing a plaque in the State House yard; choosing a "Lincoln" flower; pageant for next year's Ohio State Fair; arranging tours to battlefields.

E. O. Melvin Originator Of Bean Dinners

E. O. Melvin

Our pleasant Hilltop custom of "beans for dinner," introduced by E. O. Melvin and so enthusiastically adopted by the community, has a background rich in history and tradition.

A native of southern Ohio, Mr. Melvin revived the custom of "bean socials," so popular in that part of the state, in 1938. C. H. Campbell and Lou Saunders, also from southern Ohio, heartily endorsed the idea and Hilltop Bean Dinner was born.

"Way back when Civil War veterans began convening for yearly sessions to reminisce about shared experiences, a large kettle full of beans was served as a reminder of Army life. Through the years as the reunion grew to include entire families, beans remained the chief item on the menu.

As the idea proved its popularity, "bean dinners" as a social as well as money-making project spread as far north as southern Ohio.

Not only is Mr. Melvin the originator of what has become a Hilltop tradition, he has been an important man-behind-the-scenes at every Bean Dinner.

As chairman of the arrangements committee this year, he has planned such all-important details as police protection, emergency squad service, lighting in the park, chairs, benches and sanitation.

A retired hardware merchant, he also served the city for many years as a member of the Traffic Commission.

GOT A WISH?

Great Western's Trevi Fountain 'Listens' To Many Each Month

TWO YOUNG WISH-MAKERS, Carol Sue Headley, 8, and David Mathew, 8, close their eyes make a wish and toss coins over their shoulders at the Trevi Fountain, Great Western Shopping Center. Although the original custom was to wish a safe return, the modern interpretation probably consists of requests for dolls, dogs and other smallfry paraphernalia. Carol is the daughter of Mr. and Mrs. Carl Headley, 4433 Trabue-rd, and David is the son of Mr. and Mrs. John Mathew, 163 Belvidere-av.

Wishes come cheap around the Great Western Shopping Center—all you have to do is close your eyes, toss a coin over your head into the Trevi Fountain and make a wish.

You may not believe in such superstitions yourself but about 5,000 persons do — every month. And even if their wishes don't come true, their coins still bring a lot of happiness to the charitable institutions that receive them.

The fountain, a replica of the famous Trevi Fountain in Rome, is open from early May until late fall. The central figure is that of Neptune, on the right is represented Health and on the left is Fertility.

According to the old custom, travelers drink from this fountain by moonlight, then throw a coin backwards over their heads into the basin in the pious belief that their return is thus ensured.

The fountain in Rome, built from 1735 to 1762, received worldwide attention as the central motif of a Hollywood film entitled "Three Coins In The Fountain."

A joint effort of designer Ivan E. Pusecker and sculptor Louis Mori, the local fountain was built between the F. W. Woolworth Co. and the Gray Drug Store as an added feature to the Center's "Walk-O-Wonders."

According to the wishes of the Don Castos, developers, and Joe Skilken, contractor, all coins tossed into the fountain are to be turned over to a worthy charity every 30 days.

In charge of the fountain and its contents is one of the busiest and "hardest-to-find" men around the Center, Robert "Boots" Parker. Parker's "fountain" duties include draining the basin, retrieving the coins, and cleaning the statues every two weeks, and feeding the 436 fish inhabiting the basin.

The basketful of coins is washed several times and turned over monthly to the bank for counting. From there the proceeds are contributed to a charitable institution, determined by the two Casto brothers and Joe Skilken. Between $80 and $75 is recovered monthly from the better's "bottom."

Tossing coins and making wishes is no longer confined to the "Three Coins In The Fountain" where the custom originated. According to Parker, he also finds a considerable number of coins in the Center's Grand Canyon and Niagara Falls.

Whether these are from disappointed "wishers" from the fountain or just professional coin-throwers, nobody knows. But it really doesn't matter. Superstitions are fun even if they are only superstitions. At least, 5,000 persons a month think so.

Salem Heights Church Holds Social Saturday

Sequel To A Snipe Hunt?

THEY TOOK HIM LITERALLY . . . When Hilltop "Y" Secretary Bob Schmidt told youngsters about plans for last Monday's "Gold Rush" he jokingly asked that they "bring their picks and shovels." On the big day, several actually brought the necessary digger's tools to Holton Park. In reality, the kids were entertained on a search for hidden gifts, wrapped in gold foil. It's all part of the Y's Summer Fun Club activities. Seen here are (left to right) Anthony Triplet, John Briggs, Wayne Smith, Wendy Schmidt, Philip Triplett and Bob Briggs.

What? 300 Million Years To Cook Our Dinner!

That's right. The natural gas that now cooks your meals so quickly and does so many other chores so well was born 300 million years ago—or more.

When the earth was still quite young, the vast seas that covered it began to recede. As they did, trillions of tiny organisms and ocean plants were covered by sediment. The sediment became rock. Intense heat and pressure then distilled the embedded plants and organisms into natural gas.

There the gas lay, trapped beneath the ground for centuries, until man discovered it and solved the problems of bringing this clean, dependable, economical fuel right to your home. Nature's gift of 300 million years ago has become the "wonder fuel" of the Twentieth Century.

Today, natural gas is the modern, efficient fuel. And it serves you best when you use it with modern, automatic gas appliances.

Modern Finance Manager On Hilltop For 35 Years

Pete Scholten

Pete Scholten, Hilltop manager of Modern Finance Co., located at 2500 W. Broad-st, was an army captain before joining the company eight years ago.

Scholten, a graduate of West High, attended Ohio State before entering the army.

According to Scholten, the finance business has seen some changes — all for the good—in the past six months. "Continued stability of the consumer credit business indicates a good future for all business," he observed.

He pointed out that "automation is coming to all businesses." He referred to the new office machines that are doing the work people used to do.

The company loans money "for all worthy purposes" and specializes in loans for consolidation of debts.

A Hilltop resident for 35 years, Scholten lives at 1601 N. Hague-av with his wife, Erna, and daughter, Marcia, five years old. The three-year-old ranch style home was "designed and decorated" by Erna, boasted her husband.

Scholten spends his leisure hours caring for his many roses in his garden and his pet hobby, landscaping.

An HBA member, he attends monthly meetings of the Columbus Association of Consumer Finance Companies and is a trustee at Bethlehem Lutheran Church.

Famous Vaudeville Performer To Entertain At Bean Dinner

AL VERDI, famous for his portrayal of "Little Alvey," in many of the antics which will be seen by visitors at the Hilltop Bean Dinner. Verdi, who is known throughout the country as one of the foremost entertainers performing today, will make two appearances before Bean Dinner audiences—Tuesday evening at 7:30 and 9:30.

Annual Tug-O-War Classic Has Grown From Friendly Rivalry

Tradition decrees that Lions Club and Kiwanis Club members shall be "friendly enemies," and the Hilltop groups of these organizations have enthusiastically complied. Throughout the years each group, proud of its own club, has boasted of the prowess of its members.

Boasting and derogatory remarks reached a new high four years ago, until finally in the spirit of "put up or shut up," a challenge was offered and accepted. Westgate Park at bean dinner time was chosen as the proving ground and a tug-of-war decided upon as a test.

To put a real "damper" on the losers it was decreed that the rival teams should station themselves on opposite sides of Harder Lake, and the losers should be pulled through the water.

As the appointed time drew near excitement ran high. Much of the Hilltop was divided into opposite camps with Lions Club and Kiwanis supporters boosting their favorites.

The stage was set, judges were alert, spectators tense with excitement and the contestants were poised for the mighty effort. The signal was given and in the expectant hush that followed each team grasped the rope tightly, gave a mighty pull—and the rope broke!

A stronger rope and a repeat performance was indicated, so Magly Field at West High School's homecoming game was chosen. Once again came the big build-up and then the contest. The Kiwanis team was dragged in inglorious defeat down the length of Magly Field before a stadium filled with 2500 spectators.

But a thorough dunking had been promised the losers, and Hilltoppers demanded satisfaction. Same time, same place and same conditions was the only answer. And so, the following year during bean dinner time, teams from both clubs were on hand at Harder Lake for another try.

Once again the Lions were victorious. Thoroughly wet and bedraggled, Kiwanians' manly pride suffered under the good natured ribbing from the victors.

In the hope of restoring their damaged dignity, Kiwanians asked for a return match last year, and were accepted.

The Lions promised if they won the third consecutive time they would, thereafter appear for the contest dressed in top hat and tails. Amid such taunts, Kiwanis members bent every effort and, with a mighty heave, dragged the opposition through Harder Lake in ignominous defeat.

Suddenly, a brand new bean dinner tradition was born. The tug-o-war match was an annual event.

This year promises to be better than ever—both sides have tasted defeat; both have been victorious. Both have seen the happy spectacle of thoroughly dunked rivals.

P. A. JACKSON of Hilltop Motor Sales is chairman of this year's Bean Dinner.

Ohio National Guards To Exhibit Newest Equipment

Lt. Robert D. Crawford, 3329 Miriam-dr, member of the Ohio National Guard, will be among the personnel on hand at the Hilltop Bean Dinner July 30 and 31, to explain the National Guard display.

A gigantic trailer, opening into a display unit and equipped with the latest advances in National Guard equipment will be a new and different attraction at this year's Bean Dinner.

Of particular interest to Hilltoppers will be the collection of the new and modern equipment that will be used in the proposed new armory to be built on Sullivant-av just east of the Franklin Township Fire Department. Ground was broken for the building on Thursday of last week.

The display will include combat equipment, medical services, uniforms of citizen soldiers, past and present; guard's help in civil emergencies, history of the 37th infantry division, radio equipment, communications equipment, construction equipment and all artillery used by guards-

Mr. and Mrs. "Fix-it"! There are many odd jobs about the house and yard that can be done without calling in an expert, except the authorities who have prepared the many how-to-do it books at the Columbus Public Library. Get these books with easy-to-follow directions.

Travelling Zoo To Attend Bean Fete

Even the animals will attend this year's Bean Dinner!

The travelling zoo, with its interesting collection of 14 animals housed in the big, colorful circus-wagon, will be parked at Westgate Park on both afternoons, 1 to 5 p.m.

Columbus Recreation Department sponsors the travelling zoo, and animals are the property of the Columbus Zoo.

How Many Kinds Of Beans?

Prizes Will Be Given For Best Answers To Bean Dinner Feature

How high is up; how deep is down and how many varieties of beans are there in the world? Darned if we know!

This much we have learned . . . there are many more than three dozen varieties, all available in Columbus and all suitable for growing in this climate. (We stopped at three dozen because the display rack would accommodate no more jars.)

Beans will be in jars as well as the cook-pot at Westgate Park this year. A brand new twist on the old favorite beans-in-a-jar guessing game will give folks a chance to prove how well they "know their beans."

Thirty-six varieties of dried, edible beans gathered from local seed companies will be displayed in glass jars in a specially-constructed rack near the HBA tent. Thirteen handsome prizes, all donated by HBA members will make the guessing worthwhile.

The rack of 36 jars will be prominently displayed and each contestant will be given an entry slip with numbers corresponding to numbers on the jars, on which to record his guesses.

Results will be tallied and scored after the bean dinner, and top 13 winners will be notified.

Prizes, all donated by members of the HBA include, two-slice automatic toaster, Fell's Westgate Hardware; electric fan, Mann Furniture; electric ice cream freezer for the refrigerator, Gearhart Hardware Co.; hassock, Hilltop Furniture; $10 in service or parts, Hilltop Motors.

Record storage box for 45s, Hilltop Tune Shop; eight by ten gift portrait, J. Curtis Allen Studios; gift certificate, Gladys Lee, Inc., women's apparel shop; automatic travel iron, Wolfe Electric; expansion watch band, Mead Jewelers; one gallon paint, Rausch Brothers Hardware; handmade stoneware platter, Craft Fabrics; box Eagles' candies, Eagle Candy Co.

War Mementos 'Often Deadly' To Souvenir-Happy Collectors

People are funny alright, and often foolish; particularly souvenir-happy collectors who still have in their homes potentially dangerous wartime explosives!

An impressive display of deactivated war souvenirs, collectively powerful enough in their original active state to perhaps demolish Westgate Park, will be displayed by the 71st Ordnance Detachment, Explosive Ordnance Disposal, during the Bean Dinner.

Most of the ammunition and weapons, ranging from rocket projectiles and mortar shells to mines and bombs, was actually picked up through central Ohio by the unit, and safely de-activated.

A former Hilltopper, Sgt. John Zimmer will be on hand to answer questions and explain the demolition unit's work of de-activating dangerous war souvenirs.

As part of the group's intensive public-education program, he emphasizes, "War souvenirs grow more potentially dangerous with each passing year. People do not understand that gunpowder actually becomes stronger with age, and active ammunition left over from World War II is much more dangerous now than it was during the war years."

Grass Stains Often Can Be Removed

Summertime is outdoor time, and the homemaker is likely to find grass, foliage, and flower stains a summer laundry problem.

These common stains can be safely removed from most washable clothing, if the treatment is suited to the fabric, says Edna Callahan, Ohio State University extension clothing and textiles specialist.

If you know the fabric is washable, first try rubbing soap or synthetic detergent into a plant stain, and washing the garment. Or, if a test on an inside edge of a seam or other hidden part of the garment shows alcohol won't affect the dye, sponge the stain with alcohol. Use alcohol diluted with water on acetate fabrics. For stubborn stains you can use a sodium perborate bleach. Sprinkle the moist stain with bleach, gently cover the garment with a solution made of one tablespoon of sodium perborate per pint of water, and let it soak several hours or overnight. Use cool water for wool, silk, and Dynel, and hot water for other washable fabrics. Rinse well, suggests Miss Callahan.

If the plant stains are still stubborn, you can use stronger sodium perborate on the stain and dip it into very hot or boiling water. Rinse well, and repeat if necessary.

Chlorine and sodium perborate bleaches generally remove the same types of stains, says the specialist. However, chlorine bleaches should never be used on wool, silk, blends containing these fibers, or on fabrics such as many of the new "wash and wear" cottons, that have chlorine-retentive resin finishes.

Most older persons like to live as independently as possible. They prefer to live in familiar surroundings where their friends and associates are. Elderly people like to be where they can watch adults work and children play, rather than with aged people only.

The increasing rate of employment of older women may be the result of fewer young workers than usual because of the low birth rate of the '30's, fewer older men workers because of the increased retirement of those over 65 and a strong demand for labor to maintain the country's high rate of production.

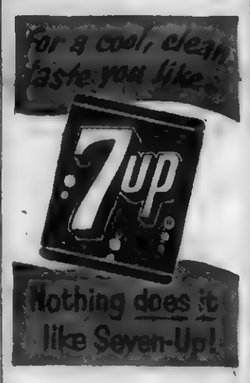
Busiest Man Around Our End Of Town

C. H. Campbell

The man behind the men who plan the Bean Dinner, is always C. H. "Doc" Campbell, executive secretary of the Hilltop [illegible] Association.

Every detail of each committee's planning must be cleared through him and co-ordinated into one smoothly-functioning affair.



A member of the HBA since 1936, he has been executive secretary for six years. He is also a member of the Hilltop Kiwanis Club, Camp Chase Post 96, American Legion; Central Ohio Academy of Pharmacy and is secretary of the Columbus Druggists' Association.

SIZE IS IMPORTANT

"Sizing" a wall before it is painted is often done to provide a uniform surface for subsequent paint coats. Plaster walls, in particular, may vary in porosity or "suction" and may contain chemicals which will impair paint performance. Sizes are transparent liquids and in addition to use on plaster walls may be used on dry wall construction. Use of the right size in the right way is essential to a good job.

A homemade barbecue can be made from an old wash tub lined with foil or from concrete blocks forming an above-the-ground pit. An old refrigerator shelf or oven rack may be used as the grill.

At a chicken barbecue it will take 1 to 1¼ hours for half a chicken to cook.

'Chesty' To Be On Hand During Bean Fete

CHESTY TO VISIT HILLTOP—"Chesty" in the person of Bob Steele, 282 Algonquin-av, will be on hand at the Christmas Seal X-ray cruiser during its stop at the Bean Dinner, July 30 and 31. Steele is one of the TB Society's X-ray technicians. The cruiser will be on the midway to provide free chest checks during both days. Last year 1812 persons were X-rayed, disclosing 54 cases of suspected TB or other chest ailments.

Economist
One who tells you what to do with your money after you have done something else with it.

The prospect of 8 or 9 million more workers in 1965 than in 1956—with women making up about half this increase—is suggested in census estimates.

The Hilltop Record—19 Wednesday, July 24, 1957

Charcoal briquettes should be lit about 30-40 minutes before the chicken barbecue is ready to begin. The briquetter should be glowing. It takes about three-fourths pound of the briquettes to cook half a chicken.

'Regatta' To Pit West Franklin Kiwanians Against Y's Men's Club

Held for the first time last year, the Hilltop Bean Dinner "Regatta" proved to be one of the most popular events. Matched in a boat race were crews drawn from membership of the Hilltop Y's Men's Club and the West Franklin Kiwanis Club.

What made it particularly unique and interesting to spectators was that crewmen used ping-pong paddles for propulsion instead of the customary oars. Two crews from each organization were used in relay and, after valiant battle, the Hilltop Y's Men's Club was declared the winner.

All that was necessary for a renewal of the conflict was a challenge from last year's losers—and that was forthcoming several weeks ago. Harder Lake at Westgate Park is expected to be solidly lined to see the renewal of this rivalry, scheduled for 6:30 next Tuesday night.

In most cases of a collision between a farm tractor and an automobile the tractor driver usually is the one who is killed, according to the National Safety Council.

48-Ton Tank To Be At Bean Dinner

Top tank unit crew in the entire 83rd Division will proudly display its M-47 Patton tank at Westgate Park during the two-day bean festival. Weighing 48 tons, the tank is armed with 90 millimeter guns and equipped with the latest developments in radio communications and optical range finders.

The crew of five men, including some Hilltoppers, are members of the 332nd Infantry Regiment, and are all United States Army Reserve Men. Each summer the unit spends two week at Fort Knox to fire 90 millimeters and train extensively to fight with the tank and operate its equipment, as well as twice-monthly sessions at the armory, 1380 Dublin-rd.

Col. Donald E. Pratt is commanding officer of 332nd Infantry Regiment and Capt. Jerry H. Stilson, Tank Co. officer. Crew members shown include 2nd Lt. Lewis W. Bailey, Sgt. Ben Nye, Cpl. Wells Scott and a new recruit.

Hilltop Merchants Hosts To Summer Socials For 48 Years

Hilltop Bean Dinner, annual institution around our end of town for nearly half a century, was gradually developed through the years from the Hilltop Picnic, first staged 48 years ago.

Instigated by L. M. Seiller and Wyatt L. Millikin, local clothier and hardware dealer, respectively, in 1909, the two merchants actually paid the picnic deficit from their own pockets for the first two years.

Buckeye Lake was the scene of that first picnic and between 400 and 500 attended. They met at Mound and High-sts and boarded two chartered interurban cars. Before the day was over, two more cars were ordered.

The second year, six cars were chartered and more than 800 turned out for the affair. On the third year, about 1200 met at Broad-st and Hague-av to board interurban cars.

Hilltop Improvement Association, formed in 1912, assumed responsibility of the picnic that same year. The group also sponsored the event in 1913 and 1914.

The Hilltop Record 41 years ago published the annual event in its columns. The story read:

"One of the biggest events of the year will take place at Buckeye Lake on Wednesday, July 29, when the Hilltop has its annual picnic there.

"Great preparations have been made for all the former picnics but the Improvement Association has made the greatest ever for this one, with the desire that this is the biggest outing the Hilltop ever had.

"Special cars will leave W. Broad-st and Hague-av at 8 a.m. bound directly for the lake. Round trip fare for adults is 50 cents, and for children, 25 cents. An elaborate program of races, games and other forms of outing entertainment has been prepared. There is every assurance that everybody will enjoy himself.

"This is a fine chance for everyone to show his loyalty to the Hilltop. There should be an immense crowd attending and enjoying this outing. Let everyone show an unusual amount of enthusiasm and interest. Help make it a grand success. Let this outing be an indication of the growth, progressiveness and genial environment of the Hilltop.

"Preparations for the big Hilltop picnic, which will be held at Buckeye Lake Wednesday, July 29, are being made on a mammoth scale by the Improvement Association. All sorts of games and sports are on the program, besides the many attractions offered by the park.

"As usual, the Hilltop Band will be out in full force, playing many pieces on the way to the Lake and more after they arrive there. All stores and shops on the Hilltop will be closed Wednesday and everyone will be given an opportunity to attend the outing. Members of the association state that they expect a crowd of from 700 to 1,000.

"It is hoped that all who can will make an effort to attend this picnic, the largest ever given by the Hilltop.

"Everyone ought to pack his or her lunch and join the crowd for the lake. A good time for all is assured. The spirit in which this picnic is attended will, in a great measure, indicate to the rest of the city the attitude of the Hilltop.

"Let the rest of Columbus see that the people of the Hilltop are the most congenial, neighborly, friendly and enthusiastic in the city. So if attendance to the outing does not appeal to one as an excellent recreation, which it undoubtedly is, it certainly can not fail to be an indication of one's community pride and patriotism."

Glenwood Shelter House was completed in 1915, and the picnic was held in conjunction with the dedication of the new building. Expenses were defrayed by advertising carried in the program issued the day of the event. Hilltop doctors chipped in to help make up the difference.

The first ox roast was held in 1926 after a series of annual picnics. Fred L. Sulzgaber of the Hilltop Business Men's Association was chairman of the ox roast which was held at Binns-blvd and Sullivant-av. Thousands turned out to enjoy the barbecue, prepared by "Cap" Fagley of the Columbus Fire Department.

The next ox roast was held at Westgate Park in August of 1927. Again thousands turned out and the Charleston prevailed at the moonlight dance held afterwards.

The first of the bean dinners was held in 1936 at Westgate Park with Hilltoppers by the thousands eating beans ala carte . . . bread, crackers and wieners were extra . . . the beans, of course, were free.

OSU PIANO INSTITUTE SET

A Piano Music Institute Thursday, Aug. 1, at Ohio State University will be open without charge to the professional public as well as to students and faculty.

Scheduled from 10 a.m. to noon at Hughes Hall, the institute is sponsored by the School of Music and will be conducted by Prof. George R. Haddad, concert pianist and member of the faculty since 1952.

Two Wrestling Matches Are Scheduled

Big time wrestling will be presented at the Hilltop Bean Dinner Wednesday night at 8:30 when Bearcat Wright will meet Chris Averoff. Bearcat, a 265-pound heavyweight, who is said to have the power of Hercules and the speed of a trackman, is expected to provide formidable opposition to Averoff, a mat giant.

In the second bout of the evening, the well-known and popular Frankie Talaber will tangle with Big Bill Scholl.

Peach Crop Is Largest In 10 Years

Peaches from the largest crop in 10 years are reaching markets the country over, the U.S. Department of Agriculture says. Now is the time for homemakers to use recipes to take advantage of the abundance. Pickled peaches are popular, especially as a relish. This delicacy is easy to put up at home, but expensive to purchase.

According to Irene Netz, Ohio State University extension nutritionist, the directions for making 6 pints of pickled peaches call for 8 pounds of small or medium-sized peaches without blemish, ripe but firm enough to hold their shape in cooking. Other ingredients: 2 tablespoons whole cloves; 8 two-inch pieces stick cinnamon; 3 pounds sugar; 1 quart vinegar.

First, make the sirup mixture by cooking together sugar, vinegar and spices for 10 minutes. (Have spices tied loosely in a clean, thin, white cloth so that they can be removed easily later. Save out enough cloves to place two in each peach if desired).

Wash and pare the peaches, stick cloves in each, add to the sirup and cook slowly until tender but not broken. Let stand overnight. The next morning remove the bag of spices. Drain sirup from peaches. Boil rapidly until thickened. Pack peaches in clean, hot, sterile jars. Pour hot sirup over peaches, fill jars to top. Seal tightly. Keep in a cool place several weeks before serving to blend flavor, suggests Miss Netz.

From the start of the International Farm Youth Exchange program in 1948 through last year, 753 U.S. delegates have lived with farm families abroad and 843 farm youths from other countries have visited the United States.

Mrs. Van Wicklen Wins Top Trophy In Bow Event

Mrs. William Van Wicklen, 478 S. Central-av, easily defeated all competition to win the first place trophy in the Women's Bowmen Division in a 56-target archery shoot held at Bucyrus, Sunday.

Team mates Mrs. Wilbur Comer, 2242 Whitehead-rd and Mrs. Tom Rouse, Dublin, captured second and third place respectively in the Novice Class. Third place in the five-man team event went to the Golden Eagles Archers with Norman Sony, Bill Comer, Tom Rouse, Cliff Sierer and Bob Johnson competing.

The Golden Eagles Archers will hold a club shoot on their Alkire-rd range Sunday, July 28, at 10 a.m. Visitors are welcome.

Plastic covers may be the means of making low-cost, time and labor-saving horizontal silos more popular than ever among the nation's dairy farmers, reports the U.S. Department of Agriculture.

Where water is needed in a pasture, the cost of piping it from an existing source may be less than developing another one, say Ohio State University extension agricultural engineers.

Hilltop 'Y' Gets Community Service Award

ANOTHER FEATHER IN THEIR CAP for the Hilltop Y was this annual "Community Service Award" being presented by the Northway Post No. 695, Veterans of Foreign Wars. The post was singled out by national VFW headquarters to select an outstanding public service organization in this city. Annual Press Day Slated At State Fair

Ohio's newspapers and its radio and television stations will be honored by the traditional "Press Day" on Sunday, Aug. 25 during the eight-day Ohio State Fair, which opens Friday, Aug. 23 at the Fairgrounds in Columbus.

Dr. James R. Hay, state director of agriculture, this week extended invitations to Ohio's "press" to attend what should be the biggest day at the star-studded 1957 industrial and agricultural exposition.

D. Robert Jones, manager of the fair, has lined up a galaxy of entertainers to support the colorful full display of farm machinery, industrial exhibits, farm animals, youth projects and commercial booths.

Tennessee Ernie Ford, the old pea picker of radio and television renown, is the headliner, appearing in 10 performances before the grandstand starting Sunday, Aug. 25 and continuing through Thursday, Aug. 29.

Other top attractions will include the rapidly rising star Ricky Nelson, son of Ozzie and Harriet, and Molly Bee, singing star of Ernie Ford's daytime TV show, featured in a big attraction in the Coliseum Friday and Saturday, Aug. 23-24, together with Blue Barron and his Orchestra; Rin Tin Tin, Rusty and Lt. Rip Masters, Matt Dillion, star of TV's "Gunsmoke," and the Championship George Holmes Rodeo, to be seen before the grandstand the first two days and nights of the fair. Dillion's appearances are scheduled for Saturday.

There'll be harness racing, horse shows, wrestling, late model automobile racing, scores of bands including the always popular and spectacular All-Ohio Boys' Band — to name a few.

Press Day guests were asked to enter only at Gate "G" on 17th-av and to register for badges that will entitle them to complimentary admission to the horse show or to general admission at the night grandstand show. Free parking also will be provided, as well as free ride tickets for children from Gooding Amusements Co. Children under 12 are admitted free.

MEETS NATION'S LEADERS

'Senator Jim' Elated With Nation's Capital

JIM CALLARD, 282 S. Sylvan-av, returns home from an event-packed week at Washington, D.C. as a junior senator to Boys' Nation.

Just back from a "behind-the-scenes" week of the national government in action is Jim Callard, 282 S. Sylvan-av, 16-year-old senator to Boys' Nation, Washington, D.C.

Jim was one of 100 high school youths, elected representatives of 20,000 young constituents who participated in earlier Boys' State programs.

And he has nothing but praise for his short but event-packed term in the Capitol city. He found his youthful colleagues "very intelligent and wonderful boys" and his trip "extremely educational."

Jim and his young colleague from Cleveland enjoyed a luncheon engagement and were photographed with their elder counterparts, Senators Frank Lausche and John Bricker.

Another thrill came during their tour through the Pentagon when General Curtis LeMay stepped out of his office, called for the Ohio "senators," and asked that a picture be taken. Both "senators" were quite elated with this unexpected experience.

Their chance to see President Eisenhower came when the president addressed the delegation in the Rose Garden for about 30 minutes. They were also introduced to Congressman John Vorys during their trip.

In addition to a rigid schedule of tours and introductions, the boys appointed a Boys' State cabinet and Supreme Court justices, held a two-party convention, nominated candidates and elected a president and vice-president of Boys' Nation.

Jim was nominated for party chairman, but was later defeated for the post. Both boys were thrilled when Ken Goudreau, junior senator from Cleveland, won the vice-presidency of Boys' Nation on the Nationalist ticket.

With elections out of the way the boys joined their elder cohorts in lively discussions of the civil rights bill, and consideration of the presidential inauguration bill and the 18-year-old voting bill.

In a surprise move, the 17-year-old senators voted against allowing 18-year-olds at the polls, because of lack of experience and maturity.

'Briefed' at Pentagon

The boys were also given a special "briefing" at the Pentagon by America's top brass and they conducted memorial services at the Tomb of the Unknown Soldier. Other highlights included tours through the State Department, FBI headquarters, the Supreme Court,

Bean's Reign Ends Tonight

EVERYBODY — BUT EVERYBODY is on hand at Harder Lake to root for his favorite crew in the epic Kiwanis-Y's Men's boat battle. Armed with ping-pong paddles the determined Hilltop Y's Men splashed and sloshed their way to victory over the West Franklin boys again this year.

All Hail The Queen!

SOVEREIGN OF BEAN DINNER 1957—Patti Donaldson, 16, of 2719 St. Joseph-av, was crowned queen of the Bean Dinner last night, from a field of 30 contestants. She is a senior student at West High School.

It was "beans for dinner" for the thousands of Hilltoppers who thronged to Westgate Park and the HBA's 14th annual Bean Dinner last night. A program ranging from carnival attractions on the midway to continuous planned events kept the crowd entertained from 1:30 until late last night.

More of the same is promised for today, with a schedule packed with fun, and plenty more free beans to be served from 5 to 7:30 p.m. in the shelter house.

First event of today is the Pony Tail contest, sponsored by the Hilltop Record and Rural-Urban News and to be judged at 1:30 p.m. Two hours of games and contests for everyone from tiny tots to their grandparents will follow.

Boat jousting on Harder Lake with teams of Hilltop YMCA boys is scheduled for 6:30 p.m. Traditional tug-o-war match be-

Ralph Clements Dies; Rites To Be Held Friday

Ralph L. Clements, 86, 320 Powhatan-av, a charter member of the West Franklin Kiwanis Club and owner of the Customade Cabinet Shop, 3800 Sullivant-av, died Tuesday in White Cross Hospital. A former contractor, Clements was also a member of the Hilltop [illegible] Association.

Ralph L. Clements

Before moving to Columbus, Clements resided in New Rome, where he was engaged in the grocery business for many years.

Surviving are his wife, Flossie; a daughter, Mrs. Virginia South; two brothers, Clarence and Lewis, and a granddaughter, all of Columbus.

Funeral services will be held at 2 p.m. Friday in St. Paul Lutheran Church, New Rome. Friends may call at the Schoedinger Funeral Home, 3030 W. Broad-st, today. He will be buried in Sunset Cemetery.

Even the weatherman cooperated in making Bean Dinner 1957 the most successful ever, with the weather nearly as hot as the beans. Among the thousands who enjoyed the beans and the fun yesterday was Larry Law, 242 Powhatan, above. More of the same brand of fun and entertainment as well as plenty more beans is planned for today.

Today's The Day We Give Confederate Money Away

Beans aren't the only things that are free on the Hilltop today. One copy of this week's Hilltop Record, containing that big lucky jackpot insignia may be exchanged by any subscriber for $150 in "Confederate" money.

Ten other subscribers also have an opportunity to redeem their copies of the newspaper for "Confederate" dollars. Ten $1 insignia, each worth one crisp, new "Confederate" bill are put in circulation in the community via Hilltop Record ads.

Never hidden nor hard to find, insignia are always printed in distinctively colored ink in plain view on an ad.

Any subscriber whose name appears on our records as having paid in advance or on his carrier boy's route book as a paying customer is eligible to collect "Confederate" money.

"Confederate" money may be spent at face value with any merchant advertising in the current issue of this newspaper.

Copies of the newspaper containing lucky insignia may be exchanged for "Confederate" money at The Hilltop Record office, before noon on Saturday.

Hilltop Boy, 9, Is 2nd Polio Victim

A nine-year-old Hilltop boy has recovered from a mild case of non-paralytic polio. He is the second case reported in Columbus this year.

Jerry Howell, 447 S. Ogden-av, was admitted to Children's Hospital June 28 and was discharged July 5. The health department was not notified of the case until Friday.

The report was delayed because for some time there seemed to be doubt about the diagnosis, according to Dr. Richard Wenzel, City Health Department communicable diseases chief. Dr. Wenzel explained that non-paralytic polio is difficult to diagnose.

The young victim had received only one of the series of three anti-polio injections. His mother, Mrs. Margaret Howell, was a polio victim 14 years ago.

Ahoy! Have You Heard 'Bout The Boat In Biddle's Basement?

BASEMENT BOATHOUSE — No toy boats for this ocean-loving crew! They have the real thing perched on saw horses in the Clark Biddle basement, 374 N. Murray Hill-dr. Left to right are: Jerry Miller, 366 Murray Hill-dr; Jerri and Jacque Richardson, 360 Murray Hill-dr and Sally and Gary Biddle.

A boat might get itself caught in some ravaging waves or a hurricane and feel pretty smug about it! But to get caught in a basement—why, that's plumb embarrassing!

Although this boat is hardly to blame for its summer inertia, there it sits in the basement of the Clark Biddle home at 374 N. Murray Hill-dr, amidst washer, dryer, toys and the beginnings of a recreation room.

And the recreation room is really what started everything. Remodeling began with closing in the basement stairway—and everyone was so excited about the "new look" that they forgot all about the "old boat."

And when the stairway was done and summer came and someone wanted to go boating, poor old "Queen" (as the kids call her) just couldn't squeeze through the newfangled exit. Just too much knotty pine and not enough breathing space!

Biddle has considered taking it apart or cutting it in half to get it "above deck" but he may just put it on rockers and leave it in the basement for the kids, who have pretty much taken over anyhow!

According to Mrs. Biddle, there are about 15 little boat enthusiasts in the neighborhood who think a boat in the basement is just about the best thing that ever happened!

Although "ocean liner" and "going fishing" are favorites with the nautical crowd, "boy sometimes conveniently change their boat into a house for "housekeeping" or an open range for "cowboys and Indians."

But whatever the game, it's always accompanied by the usual squeals, shrieks, giggles and frequently, a disgusted "Hey, you're rockin' the boat!"

St. Aloysius Festival Date Set For Aug. 7

St. Aloysius summer festival will be held on the school grounds, W. Broad-st at Midland-av on Wednesday, Aug. 7, 5 to 11 p.m. In the event of rain the affair will be held the following night, Aug. 8.

A ham dinner will be served from 5 to 8 p.m. Other attractions in the program designed to offer entertainment to young and old include a fish pond, rides, games, and booths offering cakes, fruit, novelties, groceries, ham, soft drinks and hot dogs.

A new Bel Air four door Chevrolet sedan will be awarded as finale for the evening, at 11.

Richard Higgins, general chairman of this year's festival will be assisted by Jack Sleeper, Harry Hetterscheidt and John Laubmeister. Pat Martin will serve as financial chairman.

All proceeds will be used for school expenses. The public is invited to attend.

Amusement Co. Buys Tract On Valleyview-dr

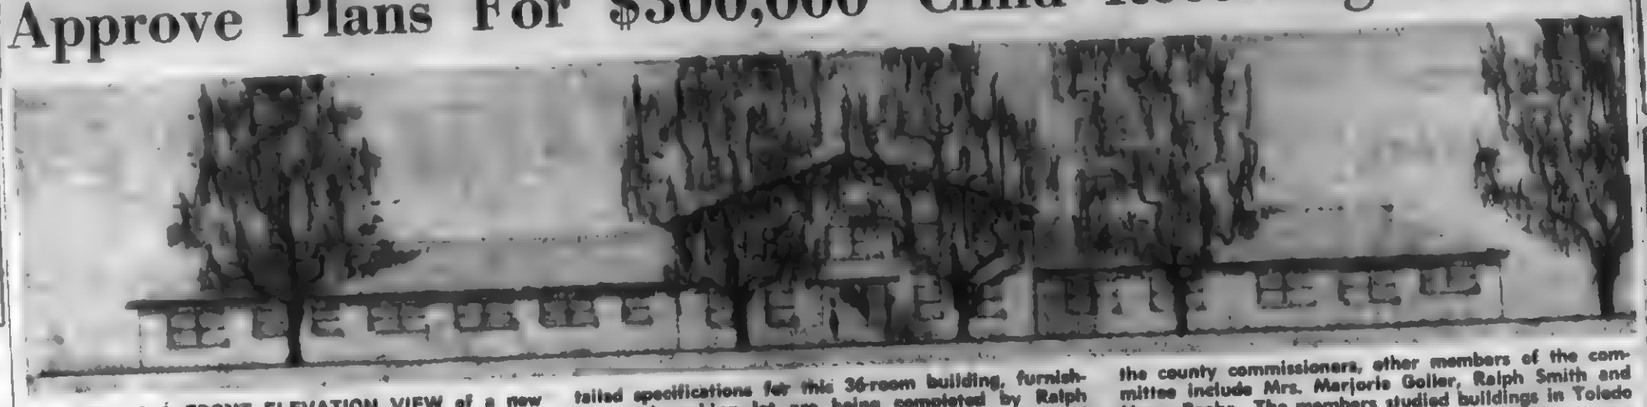
The Gooding Amusement Co., Inc., has purchased 10 acres of land on Valleyview-dr, according to information published this week in the Daily Reporter.

Just how the land will be used has not been decided, a representative of the company said yesterday.

Ho, Hum . . . Vandals Strike Glenwood Again

Vandals, who struck again over last weekend at the Glenwood Recreation Center, apparently are trying to make certain that activities will have to be halted. And, according to Director Chuck Moore, there is now very little left of the interior facilities to be vandalized.

Entering the building early Saturday and again Sunday afternoon, they destroyed supplies in the office, kitchen and craft rooms. Five gallons of liquid wax and two gallons of liquid soap were dumped on the floor and records of the center indiscriminately scattered. This, in addition to extensive damage suffered during previous attacks has served to seriously disrupt activities at the center according to Moore.



Nick Barrack, head of the Columbus Recreation Department, said yesterday that Police Chief Scholer has promised to give the Glenwood situation more attention "as soon as the current investigation in his own department is completed."

Hilltop Kiwanians Award Scholarship Grants

Two West High School graduates were recipients of the first of what will be an annual scholarship award, given by the Kiwanis Club at the group's weekly luncheon meeting Wednesday, July 24. The yearly $100 grant, to be shared by West High School graduates who intend to enter fulltime Christian service, was inaugurated this year by the Kiwanis Club and given through its Support of Churches committee. Shown above with Henry C. Ruegg, committee chairman, are Elaine Lou Wines, 106 Elden-av and member of Highland Avenue Friends Church who will enter Malone Bible College and David Allen Steele 53 S. Westmoor, member of Hilltop Lutheran Church, who will enroll in Wittenberg College in preparation for the ministry.

Approve Plans For $300,000 Child Receiving Center

THIS IS A FRONT ELEVATION VIEW of a new $300,000 receiving center at Franklin County Children's Home, for which preliminary plans have just been approved by county commissioners. Located at Frank and Gantz-rds the county home has often been overcrowded when emergencies arose. As the result of fires, poverty, drunken parents, etc., whole families of children are often hurriedly sent to Franklin Village for refuge. Detailed specifications for this 36-room building, furnishings and parking lot are being completed by Ralph Kempton Architects, 50 W. Broad-st. It will be located near the present dispensary. Fifty children or more can be accommodated in rooms of five each, seperated according to various age groups. Double decker beds could increase the capacity if needed, said Ollie Oelgoetz, chairman of the building commission. In addition to the county commissioners, other members of the committee include Mrs. Marjorie Goller, Ralph Smith and Harry Baehr. The members studied buildings in Toledo and Milwaukee before approving design of the new proposed Franklin Village Center. During the next 90 days architects' specifications must be completed and bids advertised before actual construction can be started.

For Your Thoughts

Question: How do you best save money?

Mrs. A. C. Mathewy, 161 Midland-av: "I just don't spend anymore than I have to. I have a checking account and I pay everything by check except the milkman and breadman. I never want for food or clothes or things for the house but I never buy anything unless I really need it."

Mrs. Frank J. Mehling, 818 Binns-blvd: "I save by doing without things that I don't really need. Although I don't take a certain amount out of our check every month. I do put whatever we don't need into savings at the end of every month."

Warren Pemberton, 180 S. Brinker-av: "I wish I could answer that but we just don't! However, at the end of one vacation, we plan to save so much a day until our next vacation so we'll have something to go on. But like many people, we're not getting very far on this saving business."

Mrs. William A. Sliney, 92 N. Brinker-av: "One way we save is by having so much taken out of our paycheck which goes for stocks in the company my husband works for. We also budget for all of our expenses, as insurance, groceries, utilities, etc. Then when we need the money, we have it and know where everything goes."

Charles W. Bolt, 36 N. Powell-av: "I feel the best answer is having a checking account rather than paying cash so you can see where your money goes. We also have a savings account and put as much money there as possible since it's harder to get at than in the checking account. I also think savings bonds are a good way to save for the future."

Mmmm—Boy! Oh, The Joys Of Being Mayor!

NEVER HAD IT SO GOOD . . . Mayors often are called upon for various and sundry extras like laying cornerstones and posing for pictures, but this . . . well this kind of duty just doesn't happen often enough, these men agree. The event was the third annual bathing beauty contest at Hall Ridge Club swimming pool, 4822 Hall-rd, last Sunday. The esteemed judges (at left, in case you haven't noticed) are Mayors D. J. Kenz, New Rome; Elmer Lambert of Groveport and W. Ernest Hysell, Grove City. Holding top place trophies in their own age groups are Sharon Heesler, 15, 293 W. Maund-st; Jeannette Bahn, 13, 253 S. Brinker-av, and Susan Fritz, 7, 1324 Harrisburg-pk.

Health-Safety Kits Appeal To College-Bound Grads

Rock and roll isn't the only thing on a teen-agers' mind these days, according to the Tuberculosis Society. Career and college-bound high school graduates from every high school in Columbus and Franklin County are interested in their own health and safety.

The Society reports more than 300 requests have been received from local graduates for the annual complimentary health and safety kit.

Compiled by the TB Society as a part of its health education program, the kit includes reference pamphlets on a variety of subjects, including nutrition, safety practices in the home, invalid care, tuberculosis prevention and health careers.

Dear Son

By Joseph Martell

Chittlin' Switch
Sunday Noon

Dear Son:

Guess it's about time I dropped you a line to give you all the news that has gone on here while you're way up North fighting the battle of East Main Street.

Your Paw is really getting sentimental in his old age. You don't remember your Uncle Pud, but it was 13 years ago yesterday the state electrocuted him. Your Paw placed a wreath on the fuse box.

That Myophia Sludge that your brother married a couple of years back sure is a filthy housekeeper. I paid them a visit about a week ago and saw with my own eyes. She's so dirty the dog next door jumps in their front window to bury his bone in their living room rug. Every year she starts spring cleaning by throwing out the Christmas tree.

Uncle Lushmore got his tenth job in one year working in the postoffice but was fired last week. People handed him packages and he'd ask: "For me?"

I must say your brother Zeke's new girl is no looker. She was having trouble with her teeth and the dentist in town kept telling her over and over to open her mouth wider. She told him if he wanted to get in she'd get out. Anyway, he told her he'd have to pull them all. She asked him to leave one in front so when she smiled she'd look good.

Your Paw and I celebrated our twenty-fifth wedding anniversary on July Fourth. Paw told me I looked the same as I did the day he married me. I told him I should as I was wearing the same dress.

Speaking of brides, a widow moved next door to Tobias Scroggins, down near Pasture Flats who tends her own farm. They grew potatoes, corn and darned intimate.

That snooty librarian, Maude Flange, has really a fear of peeping Toms. She keeps the shades down, bars the windows and undresses behind a screen. She's got a method to keep them from peeking through the keyhole, too. She leaves the door open.

These television programs aren't doing the kids any good. Your little nephew Cheddar, was reciting his ABC's to me the other night and he gets up to G ok, but then it's H-I-J-K-L-M-F-T.

Those relatives of your father came down to visit us over the weekend. I must say they don't know too much about farming. One of the clan asked Paw how we kept the farmhouse so white and asked him if we painted it every week. Paw told her "no" because the cows refused to lay on their backs that often.

Well, Jason, guess I'll close now but since you're 19 next week I want to caution you about women. You can't tell about women these days. If she looks young, she's old. If she looks old, she's young. But if she looks back — follow her.

Your loving,
MOM.

ONLY YESTERDAY

Market Basket

By Bertha S. Everhart
County Home Economics Agent
Franklin County

THIS WEEK LOOK FOR:

Fruits—Cherries, peaches, watermelon, cantaloupe, canned applesauce, frozen strawberries.

Vegetables—Tomatoes, green beans, potatoes, fresh salad greens.

Protein Foods—Ham, broiler-fryers, eggs, dairy foods.

Cherries

Some like 'em sweet, some like 'em sour, but either variety makes delightful eating. Use them in your favorite pie, pudding or salad—any way they add color to your table and appeal to any appetite.

If cherry pies are your family's favorite, now is the time to bake lots of them. Salads with a few of the dark red cherries are a real delight.

Now is the time to make some cherry jam or ice cream topping, and to freeze or can some for winter use.

VARIETIES—The most popular sweet cherries are: BING—extra large, heart-shaped, almost black; TARTARIAN — medium-sized, also almost black; ROYAL ANN—the leading light colored sweet cherry; LAMBERT—looks much like the Bing but comes to market later.

The most important sour cherries are: MONTMORENCY—light to dark red, abundant juice; EARLY RICHMOND—light red changing to dark red, earliest on the market; ENGLISH MORELLO—medium to large-sized, dark red to black.

BUYING GUIDES—Try to select fresh cherries which are: firm and shiny, plump and well colored, free from blemishes or brown circular spots.

HOME CARE—Fresh cherries are best soon after they are picked. Buy only as many as you plan to use within a short time. Handle carefully; cover loosely with wax paper and store in the refrigerator. Wash just before using.

PRESERVATION—Canning and freezing of cherries is relatively easy. Two quarts of fresh cherries will yield about three pints of the canned or frozen product. Be sure to choose a firm-skinned variety for canning and particularly for freezing. For complete information on canning and freezing cherries, call your County Home Economics Extension Agent, CA. 1-6611, Extension 484.

Ice Cream

SUMMERTIME IS ICE CREAM TIME. Did you know that there are over 200 varieties of ice cream on the market? Hot summer weather is an ideal time to use this all-around food often. Try making your own sundaes, sodas and even ice cream sandwiches, using some chocolate crumb cookies. The kiddies will love it.

I will give thanks to the Lord with my whole heart.—(Psalm 9, 1.)

Thanking God for His abundant, bountiful blessings is not a matter of a formal few moments or even of hours. It is thanking Him every moment that we breathe, by every thought and act and word—it is by living each moment as we know in our hearts He wants us to live: filled with consciousness of His presence within us. That is thanking Him with a whole heart.

Service Dates Important Toward Bonus

"Already some applicants who have received their Ohio Korean bonus checks believe that they did not receive full payment," Director Chester W. Goble of the Korean Conflict Compensation Fund, said here today.

This belief is due in most part to the applicant's forgetting that the compensable period of time is between June 25, 1950 and July 19, 1953. All service which does not come between these dates cannot be considered.

"If an applicant feels that there is a question as to the amount of his check, he may write to the Director of the Korean Conflict Compensation Fund and request a review and re-examination of the claim," Director Goble said.

Such a review must be requested within 60 days from date the check is received.

Applicants having problems in connection with their claims for the Ohio Korean compensation were advised here today to seek the assistance of the local county representative, John J. Quinlan, 250 W. Broad-st.

Polio Chapter Gives Aid To 158 So Far

Only two new polio cases have been reported in Franklin County, compared to five for the same period in 1956.

One hundred fifty-eight Franklin County polio patients have received financial assistance from the Franklin County Chapter of the National Foundation for Infantile Paralysis during the first seven months of 1957, it was announced at the monthly meeting of the chapter's executive committee. Cost of this aid to date totals $68,821.02.

"SIZE IS IMPORTANT

"Sizing" a wall before it is painted is often done to provide a uniform surface for subsequent paint coats. Plaster walls, in particular, may vary in porosity or "suction" and may contain chemicals which will impair paint performance. Sizes are transparent liquids and in addition to use on plaster walls may be used on dry wall construction. Use of the right size in the right way is essential to a good job.

The bride-elect was graduated from West High School and is employed by Dun and Bradstreet, Inc.

Mr. Henne was graduated from West High School, served with the U. S. Marine Corps, and is employed by the Strietmann Biscuit Company.

The wedding will be an event of Oct. 26, at Saint Mary Magdalene Church.

St. Aloysius Church Is Scene Of DeGioia-Frank Marriage Ceremony

The altar of St. Aloysius Church was decorated with seven branch candelabra and baskets of white mums and gladioli for the July 12 wedding of Miss Theresa Marie Di Gioia and Mr. Frederick Stephen Frank. Rev. William Maloney read the ceremony at 10 a. m.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Ernest Ralph De Gioia, 284 N. Hague-av. Her husband's parents are Mr. and Mrs. John P. Frank, 349 S. Harris-av.

Pure silk bombazine and Chantilly lace bridal gown was styled with a basque bodice of lace, portrait neckline and long, tapering sleeves. The full skirt of bombazine was appliqued with matching lace forming a front panel and extending into a cathedral train, and the entire gown was trimmed with pearlized iridescents.

A pearl crown held her veil of imported French illusion and she carried a cascade of white carnations centered with a white orchid.

Miss Alma Mace served as maid of honor for her cousin and bridesmaids were Miss Ginny Limotta, Miss Betti Evans, Miss Patti Grosh and Miss Millie Bartolucci, cousin of the bride.

Their identically styled gowns of pleated nylon were designed with deep vee necklines and crushed cummerbunds. The honor attendant wore nile green with contrasting forest green cummerbund and carried a white lace fan with green carnations. The others wore bluish pink with rose cummerbunds, and carried similar fan arrangements with pink carnations.

Cindy Sue Milburn, cousin of the bride was flower girl. She wore a floor length gown of white nylon with pink cummerbund and carried a basket of pink and green carnations.

Mr. Jerry Ott served as bestman and guests were seated by Mr. Anthony Zabonik, Mr. Dan Crites, Mr. Ernie Di Gioia, brother of the bride; Mr. James Neutzling and Mr. John Frank, brother of the bridegroom. Michael Neutzling, nephew of the bridegroom, was the ring bearer.

The mother of the bride wore a champagne beige lace sheath with matching accessories and a corsage of pink tea roses. The bridegroom's mother chose a frock of Dior orchid lace with matching accessories and an orchid corsage.

Hostesses for the evening reception held at the American-Italian Club were Mrs. Marie Ferguson, Mrs. Phyllis Borror, Miss Patti Shay, Miss Bonnie Clifton, Miss Ann McIlyar, Miss Earlene Ciotti and Miss Catherine Christoff.

The bride was graduated from West High School and is employed by the Telephone Co. Mr. Frank was graduated from Aquinas High School and is serving with the U. S. Marine Corps at Camp Pendleton, Cal.

Pity The Poor Photographer . . . Nobody Knows The Trouble His Viewfinder Brings

Saga Of A Cameraman As Seen Through The Eyes Of A Subject

by Betty Daft

A photographer, in his role of preserving on film special events in people's lives, assumes the identity of recorder of family history in any community. Recording important occasions in the lives of folks around our end of town has long been the province of J. Curtis Allen.

Our contention is that what goes on behind the camera and the predicaments a photographer finds himself in are, many times, more interesting than the actual photograph.

"Pity the poor photographer's plight," is our theme and exaggerated pictures were posed to prove our point that the subject's eye view of the photographer is often more interesting than vice versa.

A photographer's repertoire of tricks extend ad infinitum. He must have athletic ability, (best picture subjects are invariably found in the darndest places;) have the qualities of a track star, (football players not only run *fast*, they're big enough to mow down anyone in their way).

He must be an accomplished clown, (babies are his most critical audience) and a diplomat, (subjects don't always agree with a photographer's suggestion on posing).

All this, mixed with real camera know-how and a generous sense of humor, makes a photographer.

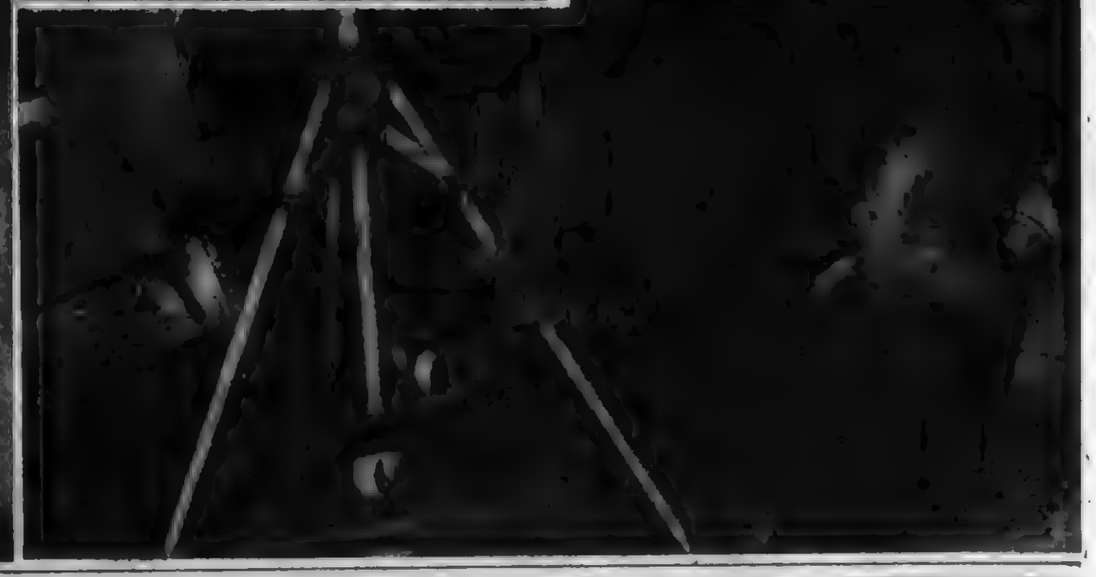
He has to be a downright dictator sometimes—especially when it comes to posing rambunctious youngsters for the school yearbook (after all junior might grow up to be president some day.) The best in mama's darling must be brought out at all costs.

J. Curtis Allen posed for the accompanying pictures, shown in clockwise order:

Life and limb as well as a good picture are at stake from a perch as precarious as the one at upper right.

Dignity is forgotten while trying to coax a happy smile or elusive expression from a baby.

Down and under is the vantage point, and a good angle for an accident shot, the aim.



The tact of a diplomat as well as the eye of an artist are needed for super critical brides.

Neither rain nor snow . . . Always, at any football game at West, there's J. Curtis Allen, perched high atop the press box.

Speaking Of Beauty

By FLORIO

THE ELEGANT finishing touch that means so much — do you have it? Sometimes I'm shocked at the number of well-groomed women who neglect little "finishing touches" that could make them look as nice as the models they admire in fashion magazines! Frequently I meet a patron on the street just a day or so after she's been in the shop. It's so disappointing to see what has happened to the smart coiffure we gave her! The basic style is there—but wisps of hair are flying around her hat. She combed it into place—but she forgot the easy modern "final touch": a flick of hair spray!

YOU'LL NOTICE we usually spray your coiffure when we finish combing it. Perhaps you thought this was done simply to keep the new line until you re-combed it. However, this is only partly true. The familiar aerosol hair spray container belongs on your dressing table, just as you'll find it on ours. It can serve many purposes for you.

THE NEW hair sprays contain little or no lacquer. Use them every time you dress to go anywhere . . . just a gentle mist of it. Then wind, rain, or drizzle won't make your hair droop. One hair spray even contains an ingredient that protects your hair against sun-streaking at the beach!

Many women use hair spray to set a few pin-curls at home between salon settings. Or they spray just a little on each wave as they comb it in place, to reset the style and help it to last longer.

Inasmuch as this is my final article my I take this opportunity to thank each and everyone of you for your fine comments.

If we can be of any further assistance please feel free to call us.

Bean Dinner Through Cameraman's Viewfinder

WIDE-EYED WITH ANTICIPATION, a sea of humanity presses close to the bandstand to see who becomes queen. Seconds later they saw Mayor Sensenbrenner place the golden crown on Queen Patti.

HOW WELL DO YOU "know your beans?" A brand new guessing game, to determine how well contestants really "know their beans," attracted a lot of attention at the Bean Dinner yesterday. Thirty-six varieties of dried, edible beans, all available in Columbus are displayed in a special rack near the HBA office tent. Thirteen valuable prizes are offered winners who identify the most. Shown above are, left to right, Elizabeth Popple, 4489 Rosemont-pl; Mrs. Doris Allie, 300 S. Ethel-st and Mrs. Helen Price, 229 S. Huron-av.

PLAUDITS OF THE CROWD and an impressive trophy from P. A. Jackson, general chairman of this year's Bean Dinner, was the well-earned reward to winners of the Harder Lake regatta. Members of the Y's Men's Club crew won the winners' crown from West Franklin Kiwanians last night after paddling to victory with ping-pong paddles replacing more conventional oars. Winning crew members included, John Hutchinson, captain; Russ Morgan, Harry Crawford, Roger Chrisman, John Clay, Howard Reber, Don Elmen, John Bord.

HUNDREDS OF HUNGRY folks line up at the shelterhouse for their free portion of beans and salted crackers. Doing the serving are HBA workers Larry Rumley and Joe Birnbrick.

BEANS

tween Hilltop Kiwanians and Hilltop Lions will be held at 7:30 p.m. with losers thoroughly dunked in the lake.

An amateur program with Hilltop talent is scheduled for 8 and a free wrestling show at 8:30 p.m.

Last event of the day and of the Hilltop Bean Dinner 1957, will be the awarding of $600 in prize money at 10 p.m. Winners must be present to collect their awards.

Highlight of my Bean Dinner is the selection of a queen and her court. Reigning over this year's festivities will be Patti Donaldson, 3719 St. Joseph as queen. Members of her court are Susan Roush, 212 N. Chase-av and Diana Lee Hinton, 307 S. Roys-av.

Winners were chosen by the judges, Loreene Edgar of Loreene Modeling School, Elaine Taylor of Slenderella, Hesel Rawlings of Rawlings Dance Studio and Gene Fullen, TV personality. Emceeing the event was Sarabel Henderson, chairman of the queen committee.

Winners of silver dollars in the afternoon games and contests were Tommy Snyder, 362 S. Powell-av; Debbie Ellis, 306 S. Ogden-av; Steve Mitchell, 305 Binns-Blvd; Maxine Kenney, 615 Athens-av; Jack Chapman, 333 S. Ogden-av; Sally Baker, 186 Guernsey; Patty Glade, 26 Erskine, Youngstown.

Mike Totman, 228 Demorest-rd; Marilyn Amrine, 3011 Wicklow-rd, Roger Staten, 361 N. Sylvan-av; Carl Roush, 370 Wrexham-av; Sherry Schwana, 130 Guernsey-av; Virginia Snyder, 368 S. Powell.

Bob Thornton, 741 S. Harris-av; Mrs. Charles Myers, 518 S. Hague-av; Mrs. Shurtz, 2948 Crescent-dr; Mrs. Robert Smith, 3250 Parkside-rd; Mrs. Tom Sexton, 300 Josephine; Curtis Vollmuth, 442 S. Chase-av.

CARNIVAL ATMOSPHERE prevails on the midway with all the usual attractions of exciting rides, cotton candy and pop attracting young and old alike.

BOTTOMS UP was the most practical approach for the penny scramble event during yesterday's games program. Tiny tots, above, are shown digging for 250 pennies buried in sawdust.

Joann Sue Morris Is Bride Of Edwin Mason In June Nuptials

Miss Joann Sue Morris and Mr. Edwin Mason repeated their marriage vows June 8, 2:30 p.m. in Burgess Avenue Evangelical United Brethren Church. Rev. Irvin E. Lane read the marriage service before an altar decorated with arrangements of palms and white gladiolas.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Glenn L. Morris, 3216 Whitehead-rd. Her husband's parents are Mr. and Mrs. Harry E. Mason, of Harrisburg.

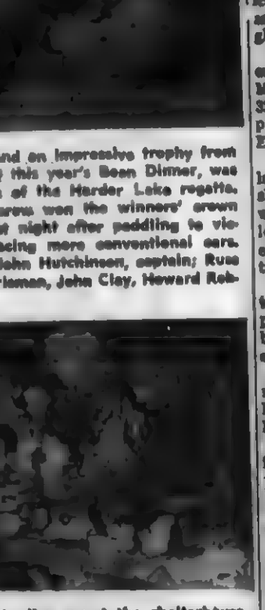
The bridal gown of Chantilly lace was designed with long sleeves and vee-neck trimmed with tulle tucking. Rows of ruffles down the back of the skirt extended into a chapel-length train.

Her fingertip veil was caught to a lace pill box trimmed with pearls and she carried a cascade bouquet of white roses and stephanotis.

Miss Joyce Morris served as maid of honor for her sister and Mrs. Edward Noble and Mrs. Richard Scott as bridesmatrons.

They were identically gowned in pink orchid nylon chiffon and taffeta fashioned with draped bodices, empire waists and bouffant skirts. They wore matching crownless picture hats trimmed with flowers and carried pink baskets of pink and purple asters with ivy.

Mr. William White served as bestman and guests were seated by Mr. Richard Davis, and Mr. Paul Tritt.



Mr. Morris chose for her daughter's wedding a pink mauve Chantilly lace over taffeta gown with a corsage of pink rosebuds. The mother of the bridegroom wore blue chantilly lace over taffeta and an identical corsage.

Hostesses for the reception held at the church were Miss Betty Lou Crabtree and Miss Alice Verity.

The new Mrs. Mason was graduated from Grove City High School and from the College of Education, Ohio State University. She will teach this fall at Harrisburg Elementary School. Mr. Mason was also graduated from Grove City High School, served two years in the Signal Corps and is now employed at Industrial Nucleonics Inc., Research Division.

Following a wedding trip to Niagara, Canada and New York, the couple is at home in Harrisburg.

Harris Avenue Woman Spends 4 Years 'Living Out Of Basket'

Although the end of the rope is almost the end of life to most people, it's no such thing to Mrs. Grace Reese, 204 S. Harris-av, who finds herself there many times a day. In fact, a great part of her livelihood is launched on the end of the rope being reeled in by the lady above. Why the unique system of delivery? Read Mrs. Reese's story on page 6 and find out.

AT VALLEYVIEW

Anxious Parents, Council Hope To Prevent Hazard

A 200-foot gravel walkway, complete with cable guard or handrail has been ordered built by Sept. 1 as a safeguard for school children who walk a dangerous route to the new Valleyview school. It will be located on Valleyview-dr, west of Hague-av to corporate limits of Valleyview

Mayor Charles J. Ringer made the announcement following a long council session Monday night. He added that petitions are being prepared seeking the aid of city and school in extending the walkway to the school.

Parents in the areas of Joan Heights, Valleyview and Prospect have shown increased concern for the hazard on Valleyview-dr which their children must follow to reach their school. The new building will open this fall.

Mrs. Robert Krull, 800 N. Hague-av, a spokesman for the parents attending council Monday night said they fear their children will be brushed by heavy morning and evening traffic from the nearby industrial plants if something isn't done. Also pointed out were the added problems of narrow berms, flooded ditches and heavy construction machinery soon to be seen in the area. Some of the parents earlier had considered hiring contract buses. But the idea was dropped when Valleyview council approved its walkway plan.

At the suggestion of Valleyview village fathers a committee was selected to draw up a petition to get more assistance from Columbus school and city heads. "We hope someone will take up with our idea and help build this badly needed walk," Mayor Ringer said. Robert Parkey, Harold Doughty and Danverse Jenkins are securing the petitions, it was reported.

Cites Growing Pains

"The Valleyview-dr hazard is typical of the 'growing pains' that face the school board whenever we build in compartively undeveloped areas," stated C. L. Dumaree, assistant superintendent in charge of administration. "We definitely are studying the Valleyview Hazard", he said, "but the effects of other construction on that corner make it hard to plan. It would only be useless waste to spend for a walk which would be torn up by heavy construction machinery."

"In some parts of the city we have helped to arrange contract bus lines, but full parental cooperation is hard to get." "In many cases the parents simply have to double up and take the children to school in cars until the 'growing pains' are eased," Dumaree stated

While Valleyview's council session centered mainly on talk of the school walkway, other thought was given to gas rates, alley improvement and drainage. Council resolved to plan a meeting with Public Utilities officials sometime this month to ask for lowering of gas rates

Mrs. Jenkins Wins $150 Jackpot

A hundred fifty easy come, easy-go dollars would make anyone beam and Mrs. Kathleen Jenkins, 638 Racine-av, is no exception. She is shown above with Jerry Aeh, her Hilltop Record carrier boy, and Jack Schloup, Record circulation manager with $150 in "Confederate" money, her reward for spotting the jackpot insignia in last week's newspaper. Jerry also received [illegible] "Confederate" dollars for delivering the lucky newspaper.

Mrs. Kathleen Jenkins, last week's winner of the big "Confederate jackpot, is discovering that a shopping spree can be really fun when the budget can be entirely disregarded

Her eight-year-old son and four-year-old daughter are also sharing in the benefits of the unexpected $150 in "Confederate" currency. They both have new winter wardrobes and there is still lots more shopping to be done.

A brand new jackpot worth $5 in "Confederate" money is started this week and an additional $5 will be added every week until the jackpot is claimed.

As usual, ten more insignia, each worth $1 in "Confederate" money are put in circulation on the Hilltop via Record ads.

Any subscriber whose name appears on our records as having paid in advance or on his carrier boy's route book as a paying customer is eligible to collect "Confederate" money

The currency may be spent at face value with any merchant advertising in the current issue of The Hilltop Record.

Subscribers spotting those lucky insignia on ads in their copies of the newspaper may redeem them by bringing the entire copy of the newspaper to The Hilltop Record office before Saturday noon of the week of publication.

(See sample insignia below.)

'Everybody Out, Gone To Florida!'

Today's a good day for drug store personnel, particularly if they're employees of S. C. Spangler, owner of Spang's Pharmacy at 2785 Sullivant-av.

Although all drug store employers are treating their help to a citywide picnic today, only Spangler saw fit to fly his eight-membered crew all the way to Miami, Fla. for a real "relaxer."

The Florida party will include Rita Bigler, Willa Bonnell, Barbara Waldo, Lucille Sinclair, James Reeder, Nancy Russell, Roger Thompson and Mariellen Russell.

Their daylong schedule will be crammed with sight-seeing in a rented nine-passenger station wagon, swimming in the ocean, fishing, and eating in some novel places, recommended by Spangler. The group will return in time to open the store at 9:30 a.m. Thursday.

Local Contractor Contests Hospital Addition Award

C. C. Vogel, 715 S Wayne-av, filed a suit in Common Pleas Court last week, challenging the Franklin County Hospital Commission's right to bypass the lowest bid in awarding a contract for an addition to Mt Carmel Hospital's School of Nursing.

Vogel's low offer of $886,665 was bypassed to award the contract to the Altman-Coady Co. of 1251 Fairwood-av, which bid $913,444. Mt. Carmel Hospital, which recommended the choice, chose to pay the extra money out of its own funds. A hearing is scheduled at 9:30 a.m Aug 21

Dr. Dillon Named To Head Hospital

New Columbus State Hospital superintendent is Dr Lowell O Dillon, former state mental hygiene commissioner

Dr. Dillon succeeds Dr. Marlin R Wedemeyer, who died last Tuesday. He returned here recently from the West Coast where he spent the past two years in psychiatric training at the University of California

Local Woman Files Charges Against City

Chickens, tomato plants, melons and a bridge have been flooded or drowned because of a city-built storm sewer system, Mrs. Dorothy Land, 2281 Eakin-rd, contended in a suit filed last week in Common Pleas Court.

And it may be a long wait before Mrs. Land either wins or loses the $25,000 damages she's asked for and requests that the city be enjoined from discharging water into a narrow ditch which runs adjacent to her property.

According to George Barr, assistant assignment commissioner, the case probably will not be heard until the latter part of next year, approximately 18 months. He said that even if moved ahead, it could hardly be heard before April of next year.

Mrs. Land contends that the new sewer, built on the Hilltop last year, discharges water into a narrow ditch near her property. During a hard rain, she said, the ditch overflows and floods her land.

Last May, Mrs. Land's suit declared, high water dislodged a bridge which later collapsed when the Land tractor was driven over it. Two other May floods drowned approximately 50 chickens, seeped into her fruit house, washed away 300 tomato plants and damaged a crop of melons.

She claims that her property has depreciated $5000 in value because of "debris, twigs, brush, trash . . .and offensive odors" left on her property when the high water recedes.

Cross Burning Summons Police

Police were called to the home of Clayton Webber, 105 N. Burgess-av, Tuesday, after someone had built a cross-shaped fire on the front lawn.

It appeared that vandals started the fire with an inflammable liquid and a match. It burned a cross into the grass.

Police were unable to find a direct cause for the incident.

Amusement King To Erect Factory

A $450,000 to $500,000 factory and office building will be erected on a 10-acre Hilltop site by Carnival King Floyd Gooding.

The 200,000 square foot building will be built on Valleyview-dr, near Wilson-rd, north of the Great Western Shopping Center. It will be used to maintain show trucks and to house equipment, company officials said.

Hobby Show Open To All Over 60

Two Hilltop residents have registered as exhibitors at the ninth annual Golden Age Hobby Show to be held Sept. 15-22 in the Columbus Gallery of Fine Arts.

Bernard Savage, 211 S. Richardson-av, and Mrs. Beatrice Hawthorne, 2396 W. Broad-st, will display their hobbies.

Mr. Savage will display a small boat this year. At the 1956 hobby show he won second grand prize for his authentic scale models of Ohio River boats which he made. He is a recognized authority on Ohio River boats and plans to give his boat models to Ohio museums.

Mrs. Hawthorne will exhibit children's pinafores at the hobby show. Last year Mrs. Hawthorne showed hobby aprons for boys and girls.

All residents over 60 years in Franklin County and surrounding communities are eligible to enter exhibits of hobbies and collections at the show. Prospective exhibitors are asked to contact the Department of Services to Older People at the Council of Social Agencies, CA. 6-5696. The council is supported by United Appeal-Community Chest funds.

Mrs. N. Guyton, Former Market Owner, Succumbs

Mrs. Norma Guyton, 52, former owner of the old Guyton's Market, 2329 Valleyview-dr, died Tuesday at her home in London.

Surviving are her husband, Leo; two sons, Robert and Ronald; a sister, Mrs. Grace Moshier, and two grandsons

Funeral services will be held at 2:30 p.m. Friday in the Jay D Ferguson Funeral Home, Plain City. Friends may call Wednesday and Thursday at the Gosnell Funeral Home.

She will be buried in Forest Grove Cemetery by the Gosnell Funeral Home.

Plans Approved For New Glenwood Church

Plans for the new Glenwood Methodist Church building as shown above were approved by the church board Monday evening. It will be located at the southeast corner of Hague-av and Valleyview-dr, and is scheduled to be built about 1959. A special building fund drive will get under way this fall. The new church will have a seating capacity of between 600 and 700 with space for about 120 in the chapel. The educational unit will contain 22 rooms and the social hall will seat about 340. There will be parking space for 300 cars. The bulging will be of [illegible] and stone construction with laminated wood arches supporting the roof. Inside the ceiling will be of wood plank. The church was designed by the firms of Holroyd and Myers and Robert Earl Cassell, associated architects, with offices at 3201 W. Broad-st.

2,500 Westinghouse People To View '58 Appliance Line

Westinghouse will bring to Columbus more than 2,500 distributors and dealers from coast to coast over a 10-day period in August to view the firm's 1958 line of major appliances. It will be the biggest Westinghouse convention ever held in one city.

John J. Anderson, manager of the major appliance division, said new models of refrigerators, electric ranges, automatic washers, electric dryers and dishwashers will be shown. The series of five meetings will begin Aug. 19 with the final session starting Aug. 28.

"Each group will spend the first morning watching a Broadway-type show, during which the new products will be introduced," Mr. Anderson said. "After lunch they will tour the plant to see the new appliances in production."

"In the evening there will be dinner at the Veterans Memorial Auditorium, followed by a stage show. On the second day, dealers will get sales training in the new products and detailed sales promotion plans for launching the line this fall."

Arrangements have been made to quarter the dealers and their distributors in Columbus hotels and chartered buses will take them to and from the Westinghouse plant, their hotels and transportation centers.

Railroad Life Proves Almost Hereditary In Hines Family

Former telegraphers, Howard, left, and his father, Raymond Hines, look over one of their remaining souvenirs, a telegraph key, used to transmit messages by Morse code. Both have become phone operators since the B&O Railroad's conversion from the telegraph to the phone system.

If anybody in the Hines family doesn't know railroading, it's simply because he doesn't listen!

With eight male members of the family affiliated with railroad life, it's certain that the conversation will lean toward dispatchers, yard engines and switch tenders at least 90 per cent of the time.

"Railroad fever" has not only affected four generations of the Hines family but it has also spread to four families of the present generation.

The pioneer seems to have been Michael Hines, a section hand, whose son, Martin, followed in his father's footsteps for 32 years. Martin's son, Raymond, 44 N. Eureka-av, has been with the B&O Railroad for 41 years, and his son, Howard, 40 N. Eureka-av, has carried on the family trade for 18 years.

Two other B&O men are Howard's uncles, Floyd Hines, a telegrapher at Gahanna for 36 years, and William Hines, a supervisor at Floria, Ill., for 48 years before his death. Another uncle, Jesse Hines, sectional foreman, has been with the Pennsylvania Railroad for 51 years. Finally, Floyd's son, Robert, an agent at Pataskala, has been railroading for 19 years.

Of the eight railroaders, four are recognized telegraphers, capable of handling messages and delivering orders by means of Morse code. Since telegraphy is rapidly being replaced by phone systems, only one of the four Hineses still occupies a telegraphic position.

Both Raymond and Howard Hines gave up their telegraphy duties to become phone operators when the last telegraph instruments were taken out in 1960.

Liked 'Key' Better

"And I still miss the old instruments," confessed Howard, who also served as chief telegrapher with his army outfit. "To me, it's easier to telegraph because many words and letters sound alike on the phone. Also, telegraphy is faster. You don't have the tendency to jabber that you have on the phone."

According to Hines, the primary reason for replacing the telegraph with the phone system was ease of training. Six months are required in order to learn telegraphy while only two months are needed to train a phone operator.

Besides working six months without pay, the trainee in telegraphy was required to pay a fee for his education. Both Raymond and Floyd Hines paid $50 to learn their trade. Howard was more fortunate, however, and learned telegraphy tuition-free from his father. At 17, Howard accompanied his dad to work every day for six months in order to learn the system.

Although telegraphy has been dying out on the railroads here since World War II, there still seems to be a demand for Morsemen on the western railroads.

"I see advertisements in most of the railroad magazines for telegraphers in the West," Howard pondered. "Just the same, I think I'll stay here. In railroading seniority is pretty important. I'd hate to lose mine."

So this is HOMEMAKING

Breakfast should be all sweetness and light to start the day off well

But not at our house! Bill wakes up grumpy and needs at least two cups of coffee to feel human If his bacon is cold or I cook the eggs too hard, even two cups of coffee won't do the trick!

I seldom buy anything big for the house without consulting Bill first, but this breakfast situation was becoming an emergency So I marched right down to the appliance dealer and ordered an Estate gas range

Reluctantly, Bill agreed to wait a couple of days before voicing any objections to my "impulse purchase," as he termed it. That was all I needed

Before going to bed, I plugged our electric coffee maker into the automatically timed appliance outlet on the range and handed Bill a steaming cupful next morning before he shaved. Then I grilled bacon and eggs together on the big built-in griddle and served them sizzling hot just as he sat down at the breakfast table

For dinner that night I went all-out to demonstrate the talents of my new range. I made shish-kabob on the automatic rotisserie in the barbecue meat oven, and used the adjacent bake oven for baked potatoes and an apple pie

During dessert Bill waved his napkin like a white flag and said, "Okay, okay, the range stays. But did the Whirlpool-Seeger instruction book give you any reducing tips for overfed husbands?"

Mrs. Roese Devotes Time To Shut-Ins, Gardening

EVERYTHING in this roof garden is within window reach for Mrs. Roese who has always had a couple of green thumbs and a yen for flowers. This summer she is nurturing several tomato plants in addition to her colorful mixture of flowers. A water system, piped to the roof, enables her to keep her backroof garden well-watered.

TELEPHONE CALLERS help shorten the days and ease the loneliness for Mrs. Roese. Besides chatting with her family, friends and shut-ins, she often reads to blind persons over the telephone.

ORGAN MELODIES are transmitted by telephone to Mrs. Roese's shut-in friends. Her electric organ is new and one of her prize possessions.

By Shirlee Monty

Next best thing to a good pair of legs is an old basket tied to a long rope!

At least, that's the discovery of Mrs. Grace Roese, 204 S. Harris-av, who has been 'living' out of her basket for the past four years.

Mrs. Roese, who has been crippled for many years, finds that her basket makes the 'up and down' trip to her apartment much faster and easier than she does. "Besides," she said, "I'm pretty independent and I hate to be a bother to anyone. Before I installed my basket, everyone brought everything upstairs to me."

But by now, most callers are in on Mrs. Rose's basket system . . . the mailman, milkman, breadman and paperboy. Everything goes up in the basket, or in the case of bills, outgoing mail or a door key, it comes down in the basket.

Asked if it wouldn't be simpler just to live on the first floor, Mrs. Roese laughed. "That's just what my children say. But I used to live downstairs and rent the upstairs and I just couldn't stand the noise over my head. Besides, from here I can see the West High stadium and several blocks in every direction. I couldn't enjoy that view downstairs."

Although Mrs. Roese used to get up and down the stairs occasionally, she hasn't been down now for the past 10 months. "I've had leg trouble for 20 years and I just don't trust myself on the stairs anymore. Of course, my son is having a fit. He bought a new home recently and I haven't even seen it yet."

Entertains Other Shut-Ins

In spite of her constant confinement, Mrs. Roese keeps herself busily occupied—usually by helping others. Sometimes she reads to blind persons over the phone. Other times she plays her electric organ over the phone to grateful listeners.

As superintendent of the home department of the Westgate EUB Church, she sends cards to disabled members of the church on all holidays. She also sends church quarterlies and Upper Room pamphlets to persons who wish them.

Other interests include painting, reading (particularly books on religion, astronomy and nature) and writing poetry.

She surprised her children on Mother's Day by sending them her own "Mother's Day" verse that read:

"It's nice to be remembered on
Mother's Day, my dear.
But why not think of us other
days, as long as we're both
here?
We don't need a special gift to
prove your love, you know.
We just want a kind word, a
hug, and kiss because we love
you so."

Has Unique Roof Garden

One of Mrs. Roese's "pride and joys" is a roof garden outside a living room window. She had water piped from the downstairs faucet to the porch roof three years ago in order that she might keep her flowers and tomatoes well-watered.

She also takes grandmotherly pride in her 18 grandchildren and great-grandchild.

Her seven children all attended West High School and she remembers the seventh entrant at West was greeted with, "My goodness, how many more Roeses are there?"

Mrs. Roese's philosophy "If you're nice to people, they'll be nice to you," seems to have ushered her through life most successfully.

However, with sincere modesty, she wouldn't consent to a story until convinced that it might give courage and hope to others like herself. Perhaps it will not only help those like herself, but also those who are much better off—as a reminder to count their blessings.

Binns School To Be Completed Next Month

Construction of the new Binns School, Binns-blvd at Briggs-rd, is rapidly nearing completion and is expected to be finished in time for occupancy when school opens next month. The 24 classroom, red brick building will provide relief for overcrowded Westgate and John Burroughs Schools. Plans for the one floor building, copied from the new Berwick School at 2395 Fostwood-rd, were chosen for quick, economical construction. In addition to 24 classrooms, the building will have a multi-purpose room, office area and health clinic, and it will cost approximately $435,000. James Henery, former principal of Westgate and West Mound Schools, will serve as principal of Binns. David Schockne, Jr., architect for the Columbus Board of Education, is the building architect. General contract was awarded to Kent Brothers Co., and plumbing, heating and ventilating contract to Dotter, Inc. Construction was started in March.

Senior Citizens Plan Tour Of Lockbourne Air Force Base

A popular series of summer outings has served to vary the season's program at the Senior Citizens Recreation Center, with a visit to Lockbourne Air Force Base scheduled for Aug. 7.

Senior Center members, whose ages range from 60 years up, are eager to see at close range the air-age "jets" which will be on the flight line, and to become better acquainted with other features of this mammoth military installation so near at hand.

They will be taken in Air Force buses to the flight line as well as the housing and recreation facilities, and will have a break in the day's sight-seeing with a "nose-bag" lunch served in the Lockbourne picnic area.

Advance reservations are necessary. Private cars and a chartered bus have been arranged to transport the senior citizens to the gate of the base where the Air Force men take over. They leave the quarters in Old Memorial Hall at 10 a.m.

Two other outings are also scheduled for the remainder of the summer. A boat trip on the chartered "Queen of the Lake" at Buckeye Lake is set for Aug. 21, and the final event will be a potluck picnic at Indian Village Camp on the Scioto River on Sept. 10.

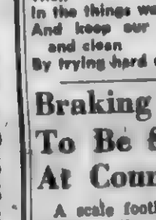
West Mound Playground Appeals To Many Interests

West Mound Street School playground has been a very busy place all summer.

A hobby show was held recently and a number of boys and girls displayed unusual hobbies, including collections of model cars by Stephen Dodson, dogs by Douglas Dodson and model planes by Don Casto, John Dougherty, John Cafarelli and Robert Primer. A collection of soap received from many different hotels throughout the United States, Canada and Mexico, where she visited, was displayed by Lois Echols.



Carolyn Finley and Raymond Simms brought collections of sea shells and coral, while Barbara Smith shared her collection of valuable stamps as well as a number of unusual hats which proved of interest to the girls. Vera Smith brought knicknacks, Connie Collins displayed glass dogs and Martha Boyhan shared her collection of painted pictures. The judges were Mrs. William Primer and Mrs. Donna Harrington.

At the close of another special event, a dress-up parade, awards were presented to Daniel Redmond for the funniest costume, Rita Conard the prettiest, John Pilkington for the cutest, Louanna Rasor for the most unique, and Buddy Conard for the one representing a sad-faced clown. Judges for this contest were Mrs. Donald Dodson, Mrs. Ralph Tenar, Michael Skinner and Donald Harness.

For the lantern parade held recently the boys and girls selected "safety rules on the playground" for their theme. There were 21 different lanterns, each bearing a different safety rule, made and entered by 26 boys and girls. Those participating were John Cafarelli, Paula Collins, Barbara Smith, Diana Felix, Sheryl, Judy and Donna Kleindorfer, Mary and John Riegel, Martha Boyhan, Kathleen and Sally Oddi, Mary Schaefer, Raymond and Lydia Simms, Eileen and Ronald Murnane, Susan Califf, Patty Dulin, Carolyn and Bryan Finley, Kathleen McAndrews, Dotty Hillwig, Stephen and Douglas Dodson, Sharon Scothorn, Lois Echols, Marsha and Joyce Mohler, Barbara VanArsdale, Jim Dailey, Ronald Chafins, Francis Stover, Ronnie Friend and Lynn Brunner.

The physical fitness program has been proving very popular. Those having received a certificate from the Amateur Athletic Union of the United States are Mary Riegel, Daniel Redmond, Francis Stover, Terry Stover, Dorothy, Connie and Paula Collins, Lynn Brunner, Kathleen and Sally Oddi, Ann and Mary Morbitzer, Carol Caulkins, Carol Finley, Patricia Durbin, Eileen Murnane, Lana Dulin, Sharon Scothorn, Rebecca Rasor, Sharon Scothorn, Sharon Caulkins, Larry Lybrook, Lois Echols, Douglas and Stephen Dodson, Barbara Smith, Ann Griffith, Diana Felix, Colleen Redmond and Patrick Boyhan. About 25 other boys and girls are working for a certificate and soon will have achieved the requirements, according to playground supervisors, Mrs. Leonard Echols and Joseph Campbell.

West Mound playground is proud of Connie Sue Conard, 14, who recently put into verse her appreciation for the work done there. She was commended by representatives of the city and recreation office for her literary efforts.

Connie Conard

Following is her poem::

The playground is a place of fun
There are crafts and games for everyone.
The children swing, the children play
The playground is open most every day.

The supervisors are very nice
They give us lots of good advice;
We learn to play the games all fair
That's only one thing they teach us there.

Among other things they teach us
Are to do the things we should;
Be honest and kind to everyone
And try to be cheerful and good.

The City Recreation folks
And Columbus School Board too
Are interested in boys and girls
So they provided this place for you.

Then let us show our gratitude
In the things we do and say
And keep our playground safe and clean
By trying hard each day.

Braking Distance To Be Shown At County Fair

A scale football field used to illustrate the distance an auto travels before stopping when the brakes are applied will be a feature at the County Engineer's tent during the Franklin County Fair scheduled from Wednesday through Saturday of next week.

Also in the tent will be a scale model of the Spring-Sandusky-st interchange with the various routes lighting as directional buttons are pushed. There will also be a mechanical voting booth and a color television set.

Five panels of eighteen pictures will illustrate the work of the department. The use of radar in computing speeds of traveling autos will also be demonstrated.

Coughlin Named Detachment Head

Army 2d Lt. John J. Coughlin, 24, son of Mr. and Mrs. William Coughlin, 2967 Fremont-st, recently was named commander of the 10th Antiaircraft Artillery Missile Battalion's Medical Detachment at Fairchild Air Force Base, Wash.

Lt. Coughlin, whose wife, Suzanne, is now living on Route 1, Spokane, Wash., arrived at the base from an assignment at Fort Sam Houston, Tex. He was a pharmacist with Gray Drug Stores, Inc., before entering the army last March.

The lieutenant, a member of Kappa Psi fraternity, was graduated from Ohio State University in 1956.

EVERYBODY FEASTS — Even those unable to attend enjoyed beans from the Bean Dinner! Beans outdistanced appetites this year, and ten of the 50-pound cans of beans shown right, were left over Wednesday night. One can was delivered to the Friends Rescue Home, two to Franklin Village and the remaining seven to the Columbus State School. Joe Briggs, Jr., is pictured above dishing out the delicacies to Bean Dinner guests.

The Hilltop Record—9
Wednesday, Aug. 7, 1957

A thorough dunking is the losers' lot in the annual tug-of-war contest between Hilltop Kiwanians and Lions. Kiwanis members were victorious this year and Lions Club members are shown, above, as they "hit the drink."

How about getting some of the things you need by making them yourself? You'll be surprised what can be accomplished with a little skill and sound information found in books at the Columbus Public Library on how to do it.

St. Helena Island, in the middle of the South Atlantic, is where Napoleon spent the last six years of his life, in exile, and he died there. It is now a port of call for two regular steamship lines. In case you are interested, a car can be rented for $1.50 per day. A good housekeeper can be had for $18 per month and furnished cottages at a maximum of $40 per month.

High grade meat is the best choice for barbecuing. Tender cuts of meat don't need a sauce, but poultry and fish should be basted with a sauce since they have less fat to aid in the browning process.

Smooth Procedure

In some factories, the paint used for finishing various products is circulated in pipes. The hose lines of spray guns are attached to the pipes containing the desired colors and the finishing process is completed swiftly and easily.

Modern Lincoln Village Home Is Designed On Three-Level Floor Plan

The unusual, split-level design of the home is emphasized in the photo above. Entrance hall in the foreground has a floor of blended slate and the doorway, left, opens onto the patio area in the rear. Front entrance is at the right. Steps descend to the kitchen, center, family room on the left, and half-bath and basement door, left. Carpeting of gold tweed, harmonizing with beige gold walls, is used on the stairs leading to the upper hall.

Most Modern Innovations Are Featured

By Betty Deft
Photos by Groom

Strictly functional yet truly beautiful, the Earl Rader's home at 4915 Malden-way is modern architecture at its best. Artfully designed to meet the needs of modern family-living, the split-level planning and decor of soft golds and beiges gives the compact home a deceptive illusion of space.

Accent on the practical rather than traditional design, is reflected in the careful allocation of space. The living room, to the right of the entrance hall, is quite small with dimensions of 13 by 20 feet, while the family room, heart of family living as well as the scene of entertaining, is the largest room in the house.

Among the home's innovations is the placement of laundry equipment. Folding doors in the upstairs hall open to reveal a washer-dryer combination, cupboards for supplies, hampers and ironing equipment.

Judy's bedroom, at the front of the house, is any little girl's dream come true. Walls and drapes are blue, and furniture enameled in pink. A built in vanity with large square mirror, and long closet with sliding doors line one wall.

Green walls and rugs and a cherry red, terry cloth boxed bedspread give David's room a more masculine appearance. Furniture is of oak and a colorful wallpaper panel in map design is used over the desk.

Drapes combining green, red and gray on a white background and a deep green bedspread, are an effective contrast to the ebony furniture and white walls in the master bedroom.

A sunken, outdoor living area extends completely across the rear of the lovely year-old home at 4915 Malden Way, Lincoln Village. Constructed of cedar on a three-level plan, the home was designed to take full advantage of the natural beauty of the site. William McDonald was the architect.

Windows and doors of the family room open directly onto the patio area in the rear, and practical vinyl plastic in warm shades of light browns cover the floor. Two wrought iron sofas are upholstered in rose and turquoise tweed and other furnishings include rattan, barrel chairs. Framed prints of the B24s Mr. Rader piloted during World War II are hung on the walls. Not visible in the foreground, to the right of the brick fireplace is the dining area with birch furniture. Steel windows with marble sills and oak woodwork are used throughout the house.

Mr. and Mrs. Earl Rader and children, David and Judy, are shown above in their compact living room. A wall divider, separating the entrance hall from the living room also houses a convenient guest closet and fluorescent lighting spotlights the planter, above. The front entrance, not visible in the photo, is at the left.

Also at the Bean Dinner — A ring bearing the inscription of Holy Family High School, 1958 with initials R. M. R. was found. Owner may recover the ring at Hilltop Business Association office, 3183 W. Broad-st.

Amusement Firm Promises To Add Fun To County Fair

FAIR FUN. Besides playing host to farmers and industrialists, the Franklin County Fair also has many facilities available for those people who are just seeking fun. A new amusement company has been hired by the fair directors this season. Among their attractions will be the dodgem cars, not usually a part of traveling carnival companies. Leedy Amusement Co. of Olmstead Falls also has many other diversions that will provide hours of fun for fairgoers. Date of the Franklin County Fair is Aug. 14-17.

Franklin County Fair Opens Next Wednesday

Events of county-wide interest will move into the spotlight next week with the opening of the forty-fourth annual Franklin County Fair at Hilliards.

Scheduled for four days, from Wednesday through Saturday, the fair is crammed with events designed to interest not only rural residents, but also stimulate urban citizens.

The fair climaxes the summer for many area farmers and youths who have been preparing their stock to show at the county event. After the ribbon awarding, the exhibitors begin planning for next year's show.

Down the midway of the fair will be many amusements with the agricultural society hiring a new company to supply the thrill rides. There will be a merry-go-round, dodgem cars and many other amusements.

The fairgrounds are in the process of being completely sprayed, according to Harold Hart, secretary of the fair, to eliminate flys and other insects as much as possible.

Picnic tables will be placed on the grounds this year for families that wish to attend the event throughout the day without having to leave the grounds to eat.

Horse Pull

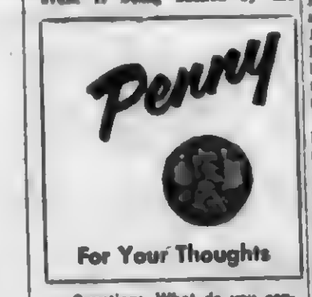
A feature of the fair's opening day is the horse pulling contest scheduled for 1 p.m. in front of the grandstand. The event is being backed by the Buckeye Horse Pullers Association, which has meant in the past that many teams will be on hand.

Horse pulling was a novelty at last year's fair, but the widespread interest has prompted the planners to give the event more attention this season.

Junior Fair activities, always a highlight of the Franklin County Fair, will begin with judging in three classes Wednesday morning. Crowning of the Junior Fair King and Queen will be in the evening of the same day.

A $10,000 night harness racing program has also been lined up with trotters and pacers scheduled to race each evening. Each night's program will consist of eight races split evenly between the trotters and sidewheelers.

The State Brown Swiss Show will make its debut as part of the local fair. Formerly held in Urbana in conjunction with the Champaign County Fair, the cattle show has been moved to the Hilliards site because of its proximity to the state fair and better facilities.



Horse Club

The Triple T 4-H Horse Club will put on its second annual show in front of the grandstand Thursday afternoon. Another Thursday feature will be the Rural Arts Talent Show to be held in the evening.

A tractor pulling contest will highlight the fair's third day, appropriately tagged "Farm Machinery Day." The Junior Fair Livestock auction will also be held in the afternoon with the 4-H demonstration eliminations set for the evening.

The final day of the fair has been customarily reserved for the youth with a bevy of activities scheduled for the youngsters. The Junior Fair Frolics and float parade will be held in the afternoon.

Round and square dancing will be held every night in the dancing area just east of the grandstand. A different high school band is scheduled to play during each day of the fair.

Question: What do you consider an ideal vacation?

Mrs. Charles Herriott, 2285 Midland-av: "I would say just staying at home, lying around and relaxing. Actually, we usually take a trip somewhere but I'm always so worn out by the time we return that I wish we'd stayed home."

Mrs. Charles E. Keller, 1881 Chestershire-rd: "My husband and I both love to take sightseeing trips. In the past we have driven to New Orleans, through the New England states, Canada and out West."

Mrs. Elmer Lowery, 269 S. Wayne-av: "I've never had a chance to take a vacation but if I did, I'd like to go to Idlewild, Mich., and stay at a cottage and lake for a couple weeks. I'd just like to relax and not have much work to do."

Mrs. C. T. Mers, 218 Eldon-av: "I think the most relaxing vacation is to go to a lake and cottage and take your time and leave your problems behind. My husband enjoys fishing but I guess I enjoy going out to eat more than anything."

Mrs. Wilbur H. Morrison, 684 S. Hoyt-av: "I like to go where I don't have to cook and have any household chores. This year we went to Lakeside and stayed at a cottage for a week. There was swimming, sunning, boating, entertainment and all sorts of play equipment. I think this is an ideal vacation particularly when you have children."

Boy's Doctor Says Illness Is Not Polio

Fear that a ten-year old Lincoln Village boy had contacted polio was lessened last week when the lad's physician diagnosed the illness as aseptic meningitis.

James Crossen, son of Mr. and Mrs Gail W. Crossen, Jr., 415 Old Village-rd, had received all three shots of the Salk vaccine before becoming ill.

Although the symptoms were like that of polio, according to Dr. John P. Riepenhoff 3000 Sullivant-av, the boy's physican, the diagnosis was aseptic meningitis.

A blood specimen has been sent to the State Board of Health laboratory to check for polio, Dr. Riepenhoff said, but it would be perhaps a month before a report is made.

The boy was reported in fair condition at Children's Hospital last week.

Amusement Firm Promises To Add Fun To County Fair

FAIR FUN. Besides playing host to farmers and industrialists, the Franklin County Fair also has many facilities available for those people who are just seeking fun. A new amusement company has been hired by the fair directors this season. Among their attractions will be the dodgem cars, not usually a part of traveling carnival companies. Lasky Amusement Co. of Cleveland Falls also has many other diversions that will provide hours of fun for fairgoers. Date of the Franklin County Fair is Aug. 14-17.

Franklin County Fair Opens Next Wednesday

Events of county-wide interest will move into the spotlight next week with the opening of the forty-fourth annual Franklin County Fair at Hilliards.

Scheduled for four days, from Wednesday through Saturday, the fair is crammed with events designed to interest not only rural residents, but also stimulate urban citizens.

The fair climaxes the summer for many area farmers and youths who have been preparing their stock to show at the county event. After the ribbon awarding, the exhibitors begin planning for next year's show.

Down the midway of the fair will be many amusements with the agricultural society hiring a new company to supply the thrill rides. There will be a merry-go-round, dodgem cars and many other amusements.

The fairgrounds are in the process of being completely sprayed, according to Harold Hart, secretary of the fair, to eliminate flys and other insects as much as possible.

Picnic tables will be placed on the grounds this year for families that wish to attend the event throughout the day without having to leave the grounds to eat.

Horse Pull

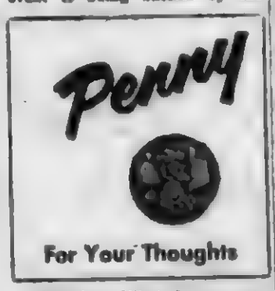
A feature of the fair's opening day is the horse pulling contest scheduled for 1 p.m. in front of the grandstand. The event is being booked by the Buckeye Horse Pullers Association, which has meant in the past that many teams will be on hand.

Horse pulling was a novelty at last year's fair, but the widespread interest has prompted the planners to give the event more attention this season.

Junior Fair activities, always a highlight of the Franklin County Fair, will begin with judging in three classes Wednesday morning. Crowning of the Junior Fair King and Queen will be in the evening of the same day.

A $10,000 night harness racing program has also been lined up with trotters and pacers scheduled to race each evening. Each night's program will consist of eight races split evenly between the trotters and sidewheelers.

The State Brown Swiss Show will make its debut as part of the local fair. Formerly held in Urbana in conjunction with the Champaign County Fair, the cattle show has been moved to the Hilliards site because of its proximity to the state fair and better facilities.



Horse Club

The Triple T 4-H Horse Club will put on its second annual show in front of the grandstand Thursday afternoon. Another Thursday feature will be the Rural Arts Talent Show to be held in the evening.

A tractor pulling contest will highlight the fair's third day, appropriately tagged "Farm Machinery Day." The Junior Fair Livestock auction will also be held in the afternoon with the 4-H demonstration eliminations set for the evening.

The final day of the fair has been customarily reserved for the youth with a bevy of activities scheduled for the youngsters. The Junior Fair Frolics and float parade will be held in the afternoon.

Round and square dancing will be held every night in the dancing area just east of the grandstand. A different high school band is scheduled to play during each day of the fair.

Question: What do you consider an ideal vacation?

Mrs. Charles Herriott, 235 Midland-av: "I would say just staying at home, lying around and relaxing. Actually, we usually take a trip somewhere but I'm always so worn out by the time we return that I wish we'd stayed home."

Mrs. Charles E. Keller, 569 Chestershire-rd: "My husband and I both love to take sightseeing trips. In the past we have driven to New Orleans, through the New England states, Canada and out West."

Mrs. Elmer Lowery, 269 S. Wayne-av: "I've never had a chance to take a vacation but if I did, I'd like to go to Idlewild, Mich., and stay at a cottage and lake for a couple weeks. I'd just like to relax and not have much work to do."

Mrs. C. T. Mors, 218 Elden-av: "I think the most relaxing vacation is to go to a lake and cottage and take your time and leave your problems behind. My husband enjoys fishing but I guess I enjoy going out to eat more than anything."

Mrs. Wilbur H. Morrison, 684 S. Roys-av: "I like to go where I don't have to cook and have any household chores. This year we went to Lakeside and stayed at a cottage for a week. There was swimming, sunning, boating, entertainment and all sorts of play equipment. I think this is an ideal vacation, particularly when you have children."

Boy's Doctor Says Illness Is Not Polio

Fear that a ten-year old Lincoln Village boy had contacted polio was lessened last week when the lad's physician diagnosed the illness as aseptic meningitis.

James Crossen, son of Mr. and Mrs. Gail W. Crossen, Jr., 415 Old Village-rd, had received all three shots of the Salk vaccine before becoming ill.

Although the symptoms were like that of polio, according to Dr. John P. Riepenhoff of Sullivant-av, the boy's physician, the diagnosis was aseptic meningitis.

A blood specimen has been sent to the State Board of Health laboratory to check for polio, Dr. Riepenhoff said, but it would be perhaps a month before a report is made.

The boy was reported in fair condition at Children's Hospital last week.

BUILDS DWELLING

A permit has been issued to A. R. Fadoil, 747 S. Harris-av, to build a one-story frame dwelling at 3156 Vanderberg dr.

Some Flower - - - This Sunflower!

Instead of Jack and the Beanstalk, this is Jimmy and the Sunflower Stalk, who have had a lot of fun this summer seeing who would grow the taller. Although Jimmy had the edge for a while, he fought a losing battle and says now that he really doesn't care because he "couldn't talk to anyone if he was way up there!" The 16-foot plant grew in the backyard of Mrs. Anson Fox, 247 S. Roys-av. Her neighbor staked it, tied it to the garage, and waters it frequently. At times the plant was growing several inches a day . . . which is fine for plants but not for little boys! Jimmy is the son of Mr. and Mrs. Marvin Kincaid, 241 S. Roys-av.

DOUBLE COLLECTIONS EXTENDED ON HILLTOP

Combined garbage and rubbish collections are now being made from Richardson-av to Derrer-rd between Broadel and Sullivant-av, according to H. G. Butler, Sanitation Superintendent.

Residents in this area must provide watertight containers, not to exceed 32 gallons capacity, for their garbage and rubbish. Containers must have handles and watertight [illegible].

Sufficient containers must be provided to hold the combined garbage and rubbish accumulating in one week. Brush and other trimmings will be accepted if securely bundled no larger than the size of a 32 gallon container.

Starting Sept. 2, no collection will be made where garbage and rubbish is placed in oil drums or containers larger than 32 gallons capacity. If you wish to dispose of your empty oil drums or large containers, the sanitation collectors will remove them.

A Picture Editorial . . . . . .

Residents of the ever-expanding Hilltop area need to be aroused into seeing that something is done about a dangerous railroad crossing on N. Sylvan-av. Fed by a narrow poorly paved street, bounded by high grass, the crossing is truly an eyesore. There are no flasher signals, and one of the existing warning signs is almost illegible. The tracks, separated by deep chuckholes, are not level and are almost impossible to cross with low-slung autos and loaded trucks.

Fast New York Central trains daily halt the busy traffic . . . much of it cars, bikes, trucks and pedestrians from Jean Heights and a fine new industry to the north. The spot is busy now, but we haven't seen anything yet! When new Valleyview school opens in a few days, and as the projected new Glenwood Methodist Church, the Hilltop YMCA, Luther B. Turner Lodge and a city park take roots the need for a safe, new crossing will be much more acute.

The only other accesses to this new development at present are at distant Wilson-rd or N. Hague-av. It can be predicted that unless something is done for the Sylvan-av crossing tragic headlines may fill this space in a future issue of the Hilltop Record. Hilltop civic groups, as well as individuals, should lend active support toward a drive to eliminate this hazard.

West Football Physicals Are Scheduled Tonight

Preparations for the football season, under the direction of head coach William Schmitter, are well underway at West High School, with physical examinations for all interested boys scheduled tonight at 7 at the school. Following examinations by Dr. Robert Davis, uniforms will be issued.

A meeting is also planned for Monday, Aug. 19, 7 p.m., at the school. Coaches will be on hand and Schmitter will discuss prospects for the coming season.

First practice of the year is set for Tuesday, Aug. 20, with two daily sessions planned from 8:30 to 10:30 a.m. and from 4:30 to 6:30 p.m.

West High School will also be the scene of the preview game on Sept. 6, 8 p.m. Participating schools will be Eastmoor, Linden-McKinley and South High Schools.

A new policy on preview games, put into effect this year, provides that the games will always be held at West and North High Schools. Games will also, for the first time this year, be played between city high school league teams, rather than non-league schools.

West High's line and backfield coaching staff includes John Batler, who joined the faculty in January as a history teacher and assistant track coach; Charles Meyers, former basketball coach at Franklin Junior High School and Bill Brown from Summit Station.

Schedule of games follows:

At Springfield, Sept. 13
At Arlington, Sept. 20
Central, Sept. 27
Eastmoor, Oct. 4
Aquinas, Oct. 11
At North, Oct. 18
At Linden, Oct. 24
East, Nov. 1

Mrs. Ditrick, Crash Victim, Still 'Critical'

Mrs. Polly Ann Ditrick, 36, of 310 S. Roys-av remains in critical condition today at Mt. Carmel Hospital, with severe injuries received in an auto crash shortly after midnight Friday. Her car careened into the dividing center of the West Broad-st viaduct, near Demorest-rd.

Mrs. Ditrick, whose husband Charles manages the Cussins and Fearn Store at Great Western, suffered a severe cut on the right cheek. Both jaws, both ankles and her right arm were broken and her chest injured.

Mrs. Ditrick was still unconscious this week, so details of the crash were vague. Mr. Ditrick said one witness reported that her car was not traveling more than 40 miles per hour westward when it suddenly swerved left into the bridge support. Police booked her for failure to keep [illegible] distance ahead.

The front of the car was 'accordioned' into the [illegible].

Hilltop Boy Is Killed In Bicycle-Auto Collision

William Snider, seven-year-old son of Mr. and Mrs. Fred Snider, 948 Chestershire-rd, died from head injuries suffered Tuesday evening when his bike crashed into an auto on Harris-av.

He and his brother, Johnny, nine, and another youth were riding their bikes north in Harris-av when William swerved into the path of a car driven by Mrs. Pauline Lovett, 25, of 2731 Eskin-rd.

The boy was pronounced dead on arrival at Mt. Carmel.

The accident lends added emphasis to interest in legislation being considered to limit riders to ten years of age or older.

According to Patrolman T. N. Moore the boys were apparently following a northbound car, which had yielded to Mrs. Lovett to allow her to pass between cars parked on both sides of the narrow street.

When the northbound car pulled to the right, Patrolman Moore said, the boy swerved to the left to pass, and met Mrs. Lovett's car head on.

Mrs. Lovett told the officer she did not see the boy until the crash.

William would have entered the second grade when school resumes next month.

He is also survived by two sisters, Lora, 11, and Jane, five.

Funeral arrangements are being completed by Jerry Spears Funeral Home.

Plan Removal Of X-Way Homes Soon

Demolition of at least nine of the homes in the Sandusky expressway path is expected to start sometime this week.

The buildings are in the 700 block of Thomas-av and the 200 block of S. Sandusky-st. They were bought for removal by Angelo's Starling Street Building Wreckers.

The city relocation office says 69 families are expected to vacate 55 dwellings in the area by Sept. 1. By Sept. 30 some 120 may be under contract for demolition.

The families, all eligible for 221 assistance loans, are being urged to deal for other residences at once. The office reports that in many cases the property owner has failed to notify tenants that he has received payment for his property. The state actually takes possession 30 days after delivery of the check.

Relocation personnel are still desperately in need of listings, particularly rentals in the West Side or Hilltop. They can be reached by calling CA. 4-2829.

Vets to Dedicate Relic of 'Maine'

Dedication of a plaque made from the salvaged battleship Maine will be a highlight in Westway Post 3441, Veterans of Foreign Wars, [illegible] open house observance Saturday, Aug. 17. William Egnor, shown above seated, only Spanish American War veteran of the post, will officiate at the dedication. Also pictured are, standing left to right, Otis R. Lowe, junior vice-commander and Samuel Weller, senior vice-commander. The program, scheduled to start at noon will include food and refreshments, pony rides, carnival games and, in the evening, dancing.

William Egnor of 1965 Floral-av, a Spanish American War veteran will officiate at ceremonies commemorating an event he remembers well this Saturday at Westway Post.

A plaque, made from the metal of the old battleship Maine, sunk in Havana Harbor Feb. 15, 1898, will be dedicated at 5 p.m. as part of the post's day-long, annual open-house celebration. The plaque was presented to the post by the United States Navy.

Egnor, who numbered among his acquaintances President Teddy Roosevelt and Gen. John J. Pershing; served for two years in the Philippines as a member of the Ninth Cavalry during the Spanish American war.

He recalls vividly events of the war, including the famed Battle of Bayan at Lake Lanio and describes the action that, "Wiped out the entire Company F, 27th Infantry."

Although his two best buddies were killed, he was fortunate in escaping with only a minor leg wound. He said, "Casualties from tropical diseases were heavier than from battle. The medical department was very limited; doctors carried mostly whiskey, bismuth and quinine."

Retired from the Army in 1906, Egnor enlisted first at 18. After his return to civilian life, he served with the Ohio National Guards as a second lieutenant.

A Hilltopper since 1921, he is a retired employee of Columbus and Southern Ohio Electric Co. The couple has two children.

He has been a member of Westway Post for 20 years and also belongs to Magnolia Lodge, F & AM.

CLUB HONORS '70

Hilltop Kiwanis Club Holds Top Notch Attendance Record

Hilltop Kiwanis Club is one of the leading clubs in this district for its record in attendance. For the year 1956 the percentage was 98.48% and for the first six months of 1957, 98.53%.

The club believes that an organization which does not stress attendance at its meetings will not have many active members. Periodic post cards and telephone calls are directed to those who have a tendency to lax. In this way Hilltop Kiwanis is able to secure and hold men who are civic minded and are willing to enlist themselves in the program of Kiwanis.

"Kiwanis is a service organization and with the more than 100 residents and businessmen of our Hilltop all being 100 percent behind the Kiwanis program we cannot fail to improve our community, a club spokesman said.

Recognition is given to those who maintain perfect attendance by issuing a tab to fit under the Kiwanis lapel pin. It indicates the number of years of perfect attendance the member has attained.

At a meeting on Aug. 8, perfect attendance tabs were presented to the following 70 men:

Twelve years: Sam Alford, Noble Allen, Charles Campbell, Herbert Deems, Joe Goodwin, Dr. E. E. McNamee, Ed Melvin, Mayor Jack Sensenbrenner, Willis Slyh, Don Smith and Roger Strauss.

Eleven years: Otto Best, Dr. D. S. Cowles, Harold Cunningham, Hayden Jones, Dr. Fred Marsch, Dr. Beryl Miles, Lou Rausch, Phil Stout, Curt Wilcox and George Williams.

Ten years: Charles Ditrick, Harold Fox, Elmer Hejenberger, Paul Rausch, Larry Seales and Dr. Bruce Tanner.

Nine years: Vernon Fiscus, Dr. Evan Morgan, Pearl Spence, Mose Williams and Gene Wolfe.

Eight years: Virgil Cline, Robert Cramer, Dr. Thomas Fox, Robert Kinsley, Otto Mattox (deceased), Richard Nash, John Nippert, Don Rice and Earl [illegible].

Seven years: Ed Schaedler, Lowell Shroyer and Art Walker.

Six years: Ray McVay, Robert Miller and Harry Parker.

Five years: Leo McCombs and [illegible].

Four years: Walter Bonnel, Marden Long, Howard Prout and Robert Schmidt.

Three years: Don Best, James Foote, Robert Herbster, Al Stephens and Clarence Story.

Value Of Jackpot Now $10

Misfortune of last week's Hilltop Record subscribers can mean the added good fortune of today's winner, for the jackpot insignia value has increased to $10.

Since there were no claimants to the prize "money" last week, an additional $5 has been added to the jackpot fund. The usual ten $1 insignia, each worth one "Confederate" bill, are also printed on ads in ten other copies of the newspaper.

Insignia are never hidden nor hard to find. Exact size replicas and complete rules of the game are shown in the accompanying [illegible].

Look For This

Any subscriber who finds this insignia stamped on an ad in this copy of this newspaper should take it to the office of The Hilltop Record before Saturday at noon. It will be redeemed for $10 in "Confederate" currency, which can be used to make purchases at any Hilltop business establishment advertising in this issue.

This insignia has a value of $1. Follow the same procedure for "cashing in" as outlined above.

No employe or carrier of The Hilltop Record nor any member of his family, is eligible.

Any subscriber whose name appears on our records as having paid in advance or on his carrier boy's route book as a paying customer, is eligible to collect "Confederate" money.

Gas Bills Have That New Look

Automation is bringing a "new look" to your gas bill in the Columbus area. The new bills have started arriving at local homes and business places.

Wilbur T. Collins, Columbus District manager for the Ohio Fuel Gas Company, said the change is brought about by adoption of a new, completely automatic billing operation.

The new bills are postcard-type, as were the old ones. However, they are slightly smaller and have been redesigned for easier reading. They are printed in blue on white paper, whereas the old bills were printed in black on tan paper.

There will be no change in the way customers pay their bills, Collins said.

Dear Son

By Joseph Martell

Chittlin' Switch, Saturday night.

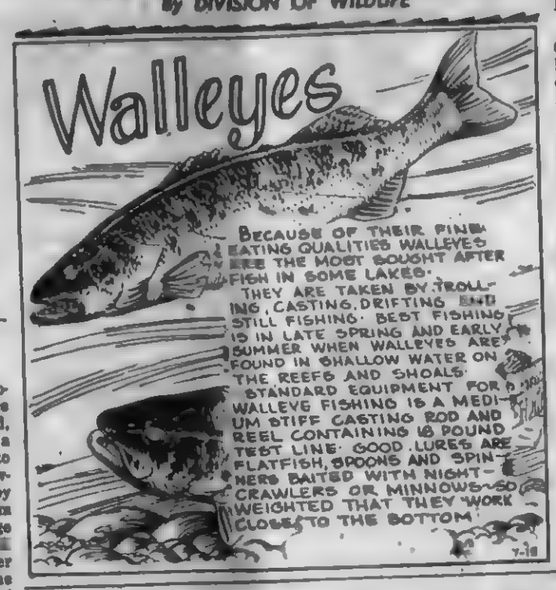
Dear Jason:

Well, there's been plenty going on here at the Switch since I wrote you last. First of all, your brother Snod's wife had a baby last week. All I've got to say is that they must have lowered the requirements. It's a boy and they're going to call him Saliva. He's the spitting image of your Paw. No teeth and [redacted] You know for a fact that I never liked that girl he married. She claims to be a blue blood and I have to agree with her. It shows right through her tattooing.

I was never exactly crazy about Snod's mother-in-law, either. She never knew how to dress. I met her the other day while I was shopping at Polecat Junction and she had so many flowers on her hat two funerals were following her. After Snod was married a week she moved in bag and baggage. Snod told her to treat the house as though it were her own so she sold it.

Last Wednesday night we were invited to Grandmaw and Grandpaw Sludge's fiftieth wedding anniversary. They had quite a party for them. Almost everybody in Chittlin' Switch, Polecat Junction and Pasture Flats went to the brawl. Fifty years is a long time to be married and they fought a good fight all the way.

Naturally, at swanky affairs like the wedding anniversary you're bound to meet a lot of snobs. The old maid librarian, Prunella Tench, was there making a big display of herself and using those big words. She was talking to your Paw about your brother Zeke who will be starting grammar school in the fall. She told Paw that he ought to buy him an encyclopedia. Paw told her that the kids of today had too much and Zeke could walk to school like he had to.



There's a rumor going around that Prunella is taking up cooking on the side. (She's trying to catch a husband.) She cooked the whole supper for the church social last month and I have to admit she did a pretty good job. All the lumps in the mashed potatoes were the same size.

That's all the news for now.

Your loving, MOM

LETTERS TO THE EDITOR . . .

J. A. Downeys Speak Well Of Presbyterian Home Life

Presbyterian Home,
Sidney, Ohio
Aug. 7, 1957

To the Editor of
The Hilltop Record:

Dear Sir:

It is our desire in this letter to you and through the Record, to extend friendly greetings to our friendly neighbors, to all friends with whom we associated, to church members, to all professional men for services rendered, to fraternal brothers, and to all business men with which we had dealings.

Mrs. Downey and I shall always hold in memory the many pleasant associations during the 30 years that we lived in Columbus. While we are several miles away, yet our memories are not limited by distance.

Now this may sound like we are homesick to be back in Columbus, but that is far from desire as we are comfortably situated in this splendid Presbyterian Home. It is located close to Route 20 about four miles west of Sidney.

Here we have not a single care. Everything is done for us to keep us in good health and to make us happy.

There is a hospital here where residents can be taken, when hospitalization is necessary, and medical attention for any who need it.

There is a spacious dining room where meals are served by waitresses. May I say that we never hear Hebrew 13-8 quoted as was so often said in college, for the menus are so planned that we have no continuous repetitions. On Sundays and holidays evening meals are served in our rooms.

Each Sunday we have Sunday School and Church services. Attendance is voluntary. Twice a week we have free transportation to Sidney to do some shopping, if we so desire.

We have the privilege of visiting our relatives and friends wherever and whenever we so desire, without limit of time. Of course we have to tell the matron where we are going, for they are responsible for our well being. Of course only those who are able to travel are permitted to leave.

What a haven of rest are homes such as this for those who have reached the stage in life when they can no longer care for themselves or care for their property.

Some of our friends have visited us and know of our comfortable place to live, but the uninformed may be interested to know something about the place where we live and how comfortable our home is, so this letter to you.

Very sincerely yours,
Mr. and Mrs. John A. Downey

Nearly 200 million trees have been planted in Ohio for reforestation purposes since the first distribution of seedlings from the Agricultural Experiment Station in 1904.

Broiler prices likely will continue near current levels for the next two or three months, due to reduction in hatching rates, say Ohio State University extension economists.

Countians Place Aside Week To Take Stock Of Own Work

All eyes in the area will be turned this week to the Franklin County Fair which is already in progress at the Hilliards fairgrounds and will continue through Saturday.

Busy days are ahead for the exhibitors and county fair-goers who still have three days to watch the pets and projects of the district pass in review at the biggest area local participation show.

Highlights of the Thursday activity are the Triple-T 4-H Horse Club Show scheduled in front of the grandstand in the afternoon and the Ohio Brown Swiss Show which gets underway in the early [illegible].

A $10,000 harness program has been lined up for the fair week by the speed committee of the agricultural society. Eight races will be run each evening, divided evenly between the pacers and the trotters.

Special attention has been taken by the fair planners this year to make the grounds more pleasing to the spectators. The area has been completely sprayed to kill flies.

Picnic Tables

Picnic tables have been placed in the park area for families that plan to spend the day at the event. Food and other concession stands along the midway will be open throughout the event.

Art Price, a member of the agriculture society, estimates that this year's fair is approximately 30 per cent larger than last year's show. "We have a bigger show on the midway," Price said, "and entries in the Brown Swiss Show are crowding our barns."

Eliminations in the safety speaking and 4-H Agricultural Demonstrations will be held Friday evening to determine who will represent the county at the state fair set for later this month.

A tractor pulling contest and the Junior Fair Livestock Auction are features of the Friday afternoon show. Round and square dancing will take place on each night of the event.

Youth Day

Fair officials have decided to continue their practice of turning the last day of the fair over to the youngsters. Features of the program will be a safe driving contest, tractor rodeo, Junior Fair Frolics, float parade and parade of livestock.

Anyone that is looking for something to watch should make the Junior Fair tent his headquarters. According to Jim Mills, associate Franklin County Agriculture Extension Agent, the Junior air tent is always busy with activity.

A large variety of interests and curiosities may be satisfied by touring the fairgrounds. Displays are available in many fields including photography, animals, foods, grains, garden clubs and 4-H clubs.

Entrance to the fairgrounds is fifty cents. Auto parking is 25 cents. Both bleacher and grandstand seats sell for fifty cents with box seats going for one dollar. An economy family ticket is available for three dollars.

Marketmen Stay In Lead; Irish Protest

Jim Bargdill and Jerry Marvin smacked their third home runs of the season, Stan Buchsen walloped a three-run homer and Paul Thompson and Bill Gemmell also homered to spark Schultze Market to an easy 21-4 win over East Side Whiz Kids Sunday at Southview.

The victory enabled the marketmen to retain it's share of first place in the Harley-Davidson League along with Ashville and Grove City.

Besides homering, Jim Bargdill won his fourth game of the season as he struck out six East Siders and gave up seven hits.

In other games Sunday, Grove City smacked six home runs to outscore Wonder Bar 16-12 and Ashville dropped Dublin out of a share of first place by edging them 6-5 in 12 innings. In the other game, nine errors helped Canal Winchester to an easy win over Hilliards.

President William Schultze has announced that the Dublin team has protested their loss to Ashville because of the use of ineligible players. Schultze has so far declined to rule on the protest.

In the Schultze-Whiz Kids game, Al Long and Paul Brinkley hit home runs for the Whiz Kids.

A home freezer, operating normally, runs about 18 out of 24 hours. A dirty condenser can cause it to run longer. When you let a thick coat of ice crystals form on the inside of the box, the running time may increase to 22 hours.

Auto Victim Listed 'Fair'

Mrs. Salyer suffered possible thigh, back and pelvis injuries when she was struck by a hit-skip auto on Sullivant-av, near Emmit-av.

Overloaded electrical circuits in the home are dangerous, but often they will produce signals before they cause fires and other troubles. Danger signals include blowing fuses, flickering lights, and shrinking TV pictures when you turn on additional appliances.

It is wise to cut off the tops of carrots and beets, leaving 1 inch stems, before washing and storing them. Otherwise the tops will draw some of the nutrients out of the vegetable.

Hoge, W. Park Tie For First In 'Y' League

Results of games in the Hilltop YMCA Junior Church Softball league last Saturday change the victory picture for the second round, considerably.

Glenwood Methodist, the first round champs, lost to Hillcrest Baptist 5-11, removing them from the race for first. Hoge Memorial Presbyterian won a close game with West Park Methodist 7-5 to tie with West Park for first place. Their play-off game will be next Saturday, 10:30 a.m., diamond No. 3, Westgate Park. The third game last Saturday was a forfeit to Hilltop Christian by West Jr. Hi-Y.

A make-up game between Glenwood and Hilltop Christian remains to be played in the second round. The play-off between round winners will be Saturday, Aug. 24 at Westgate Park.

Air Guardsmen Make 'Mincemeat' Of Target

Aerial gunnery learned while training weekends with the Ohio Air National Guard at nearby Lockbourne Air Force Base paid off for these Columbus jet pilots during the last two weeks at Phelps Collins Air National Guard Base, Alpena, Mich. Eight pilots fired .50 caliber machine gun bullets at it, and 33 per cent of the slugs hit the 20 by 6-foot tow target seen behind the group. Accomplishing the feat were: (left to right) 1/Lt. Charles L. Weldinger, 1963 W. Broad-st, (pilot of the F84E jetfighter which towed the target); Capt. Clayborne W. Smoot, 111 Douglas-dr, Gahanna; 2/Lt. Jerry D. Fair, 2782 Calumet; Capt. Robert M. Yeager, Upper Arlington; Lt. Col. James A. Poston, 200 Annast, Grove City; 2/Lt. Bruce L. Roudebush, 330 N. Virginia Lee-rd; 1/Lt. Robert Nilles, 420 S. Ashburton-rd; 2/Lt. Kenneth E. Potts, 319 W. Tenth-av; 1/Lt. Donald Reaver, 724 S. High-st.

Tigers, Indians Are Champs In Hilltop 'Y' Little Nine Ball

This summer the Hilltop YMCA has followed the pattern set last year in their baseball program for boys 8-13, by having two age divisions 8-10 and 11-13, within a 12-team league. It has been found that such a division allows more even competition in both groups.

The winner this summer in the older group are the Tigers, coached by Mike Heil. The Tigers have been right out in front all season winning their first game with each of the other three in their division, losing only two of their seven games this season.

The Red Sox, a slow starting team, hit the winning trail after three straight losses and became a real thorn in the side for the Tigers accounting for both the Tiger losses.

Records for the season are as follows:

	W	L
Tigers	5	2
Red Sox	4	3
White Sox	3	4
Yankees	2	5

Since the younger boys predominated in the league, there were eight teams in the younger division of the Little Nine. The Indians were undefeated champions of their division, winning by a good score each week.

The second place Dodgers were tied with the Indians for four weeks until the two met in the fifth week of play and the Indians won 9-1.

The records for these younger teams are:

	W	L
Indians	7	0
Dodgers	5	2
Redlegs	5	2
Pirates	4	3
Giants	2	5
Cubs	2	5
Cards	2	5
Braves	1	6

It is evident from the records that it was a close race between most of the teams in the League. There were 280 enrolled in this program this summer.

Both championship teams played against an All Star team composed of players from their age group in the league, as a final conclusion of the Little Nine season for 1957.

Camp Chase Wins District Legion Award

Camp Chase Post No. 86 of the American Legion here has been awarded a special citation by its national headquarters in Indianapolis for carrying out the most outstanding child welfare program in the Legion's Twelfth District.

Announcement of the award was made by Richard E Martin, 199 N. Eureka-av, commander of Camp Chase Post.

Once each year all Legion posts are required to submit a report of their work for children and youth. On this basis Camp Chase post was selected as having carried on the most outstanding program in the district during the last 12 months. Especially noteworthy was the sending of seven high school boys to Buckeye Boys State. One of these, Jim Callard, went on in a delegation of two Ohioans to Boys Nation at Washington.

Other post youth activity has centered around sports, Boy Scouts, aid to Hilltop Community Council, etc.

The special citation was signed by national and state Legion officials

For Your Thoughts

Question: Do you favor a raise for postal workers?

Mrs. Lou H. Godfrey, 2393 Sullivant-av: "Yes, I do. The mail carrier is out in all kinds of weather and what would we do if we didn't receive our mail? I've received mail for the last 70 years and I feel we put much faith and trust in our carriers. He certainly deserves a raise."

Mrs. M. W. Fate, 868 Wedgewood-dr: "Yes, I do. I think they deserve a raise as much as anyone else. I think people working for civil service are usually underpaid anyway compared to other jobs. They aren't making enough that a raise would add to inflation."

Mrs. John F. Foster, 365 Wrexham-av: "I certainly do. I hope that maybe after giving postal workers a raise, they'll get around to other federal employees, which include my husband. I don't feel that federal employees are making a living wage, when you consider the expenses of a family and buying a house."

Mrs. Gerald E. Ebert, 471 Whitethorne-av: I think the way prices are going up, they should most certainly have a raise. Every time you buy anything, it costs a few more cents, and I think wages should go up likewise."

Mrs. E. Ardle, 2736 Sutton: "It is difficult to understand why any opposition exists. Surely, a week without mail service would create a tremendous loss of business to the American people. They have not had a substantial increase for several years although living costs have mounted as have the postman's desires for better living."

Commissioners Rezone Norwich Township Tract

County Commissioners Tuesday rezoned a 20.6-acre tract along Scioto-Darby-rd to permit heavy manufacturing.

Approval of the commissioners' came after the application by James N. Miller, 123 E. Tulane-rd, had been approved by the Rural Zoning and Regional Planning commissions. No plans to build on the land have been made according to Miller.

The tract is bounded on the north by Scioto-Darby Creek-rd and the New York Central Railroad, on the south by the Pennsylvania Railroad, on the west by Marble Cliff Quarries land and on the east by the Anna Bond property.

One of the country's largest atomic energy plants is located near Piketon, O.

Youthful Talent Brings Dances, Songs, Skits To Drama Festival

AN EIGHT ACT West Sectional Drama Festival recently starred 75 young singers, dancers, actors and actresses from eight Hilltop and West Side playgrounds. Above, ghost Bob Lowery and old man Larry Burchfield, try very hard to frighten Marlene Bould in Hawtz playground's production of "A Ghost Story." Bob lives at 570 Hiltonia-av; Larry at 497 S. Columbian-av, and Marlene at 549 Clark-av.

REAL JUMP VERSIONS of "Glory of Love" and "Little Girl of Mine" were presented by Highland Avenue playground's hand-clapping, finger-snapping boys' quartet. Left to right are: Bill Green, 229 Oakley-av, Shelley Smith, 426 S. Wayne-av, Victor Smith, 227 S. Oakley-av, and Richard Neely, 467 S. Wheatland-av. A girl's quartet from Highland did a rhythmical rendition of "Take Me Out To the Ball Game."

Westinghouse To Demonstrate At County Fair

Westinghouse Electric Co. will demonstrate their "Speed-O-Light" Electronic Range at the Franklin County Fair at Hilliards, Aug. 14 to 17.

Instead of using heat this electronic range cooks with high frequency radio energy which travels at speed of light. This microwave energy produces heat in the food not in the range itself or in the utensils. The food absorbs the heat while ...e range or cooking utensils reflect it and do not even get warm. The end result is that the electronic range produces hot and flavorful food in a cool atmosphere, in cool utensils, in a cool range.

They will also have on display their new 22-inch rectangular tube color television. These displays and demonstrations will be at the Rife Hardware tent.

ODDS ARE AGAINST YOU

If you had 18 million dollars, would you bet it against one dollar that you could toss a ball in the air and catch it? Of course you wouldn't. The odds are all out of proportion to the risk. But how about this: The average adult of 36 has some 18,408,600 minutes yet to live. Every time he takes a chance behind the wheel he gambles all his remaining minutes. The Safety Council of The Columbus Area Chamber of Commerce says—don't gamble on the highway!

If long wear is important in a tricot garment, it is best to buy a closely knit tricot in a heavier weight.

Frisch Home Highlighted With Rich Colors, Modern Furnishings, Architectural Beauty

The new look with the old front porch comfort—is this rambling ranchhouse on the corner of Amesbury-wy and Murray Hilled in Lincoln Village. Redwood and brick complement the Persian red siding to give the exterior a blend of rustic beauty. The home extends to the left, encompassing the dining area, kitchen, storage and two and on-half car garage. A front living room wing and back bedroom wing give the home a T-shaped spaciousness. Including the garage, the home stretches out to an approximate 67 by 46 feet.

A unique entrance, featuring deer-sized glass paneling and indirect lighting, through glass squares gives this home a charming and warm individuality. Yellow gold walls, interrupted occasionally with a papered wall in a matching gold design, are seen throughout the dining, hall and living areas. The exposed beam, open plan effect can be viewed through the dining room which leads into the kitchen (right). A full wall of windows graces the dining area on the left.

by *Shirlee Monty*
Photos by Schauer

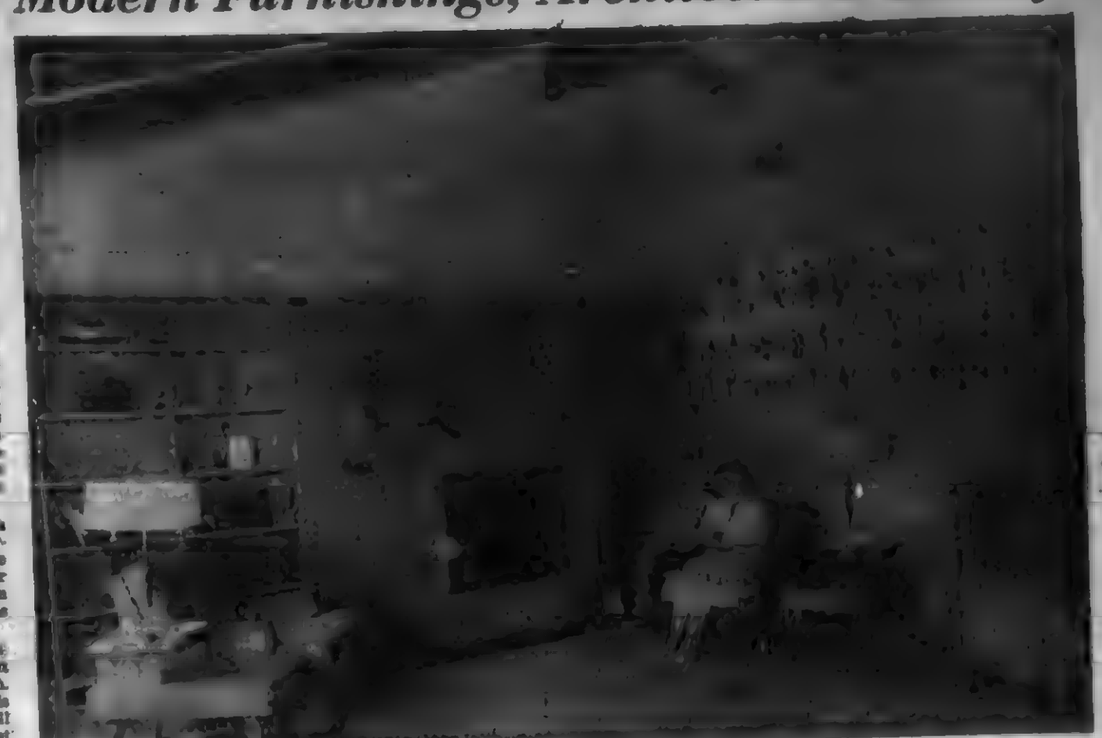
Anyone could find his "blue heaven" in the casual coziness of this dream home at 4600 Amesbury-wy in Lincoln Village.

Rich colors, modern furnishings and architectural beauty combine to give a discriminatory charm to this home. The yellow gold surroundings of the hall and dining areas are met by cool seafoam green walls in the kitchen and storage room.

A focal point of the broken-L type kitchen is the far wall, papered with a rich gray, yellow, and orange design of kitchen utensils. The storage room off the kitchen serves instead as a study for the Nicholas [illegible]. Furnished with a desk and compact TV set, the room is a convenient place to file recipes and records, within easy reach of the kitchen.

Other kitchen features are a built-in cutting board, undercounter dishwasher, garbage disposal, clothes washer, dryer and ventilating fan. Light green formica-covered work areas blend in with the walls.

Modern wheat-colored furniture is enhanced by the sea yellow gold of the living room. The squareness of this area is attractively broken by a small alcove, which holds a spinet piano.



David's bedroom is done in Indian turquoise, the master bedroom in white and David's toy room in sandalwood, with one papered wall. Bedrooms are generously endowed with storage and closet space, which close with double sliding doors.

A half bath near the entrance is easily accessible from the front part of the home while a full family bath is located nearer the bedrooms. The large bath, in green ceramic tile, boasts two sinks, formica counter, one mirrored wall, sun lamp, heat lamp and wall heater.

Uses Indirect Lighting

Perhaps one of the most striking and appealing features of the home is the indirect lighting throughout, engineered to provide maximum eye comfort and beauty. Switches are arranged throughout the house to provide a "path of light" ahead and the switches are, of course, the silent type.

Additional conveniences are air-conditioning, electronic modulflow and a turn-around driveway. Frisch is a staff supervisor at the Westinghouse Corp. The family has lived in their Amesbury residence for the last two years.

Family fun and relaxation come easy in the cozy environs of this living area. Plopped on the arm of a chair, six-year-old David Frisch listens while Mom, Mrs. Nicholas F. Frisch, reads a favorite story. The beamed, low-pitched ceiling is a predominating architectural feature of the open plan home, and covers the living, dining, kitchen-laundry and garage areas. Other living room keynotes are the natural brick fireplace wall, built-in bookshelves and a wall of ceiling to floor windows (left), leading to the patio (lower left picture).

Outdoor privacy as well as outdoor living is found in this small secluded patio, surrounded by a Persian red class-picketed fence. The patio may be entered through the front gate or through a glass door from the living area. A second patio is located outside the kitchen area. "We use them according to the sun," Mrs. Frisch said. "Fortunately, one of the areas is usually shady."

Information On Poison Available At Control Center

A new, 24-hour poison information service, designed to offer immediate, accurate information about various poisons as well as ingredients of all household products, is now in operation at Children's Hospital.

Doctors and hospital emergency room staffs may call the Poison Control Center at any time, on a special telephone, and receive information that may save a person's life.

Ingredients of all common, new and rare household drugs, solutions, poisons and other compounds, as well as the degree of poison and recommended antidotes are on file.

The new center is a project of a joint committee of the Metropolitan Health Council and the Columbus Academy of Medicine, using private contributions.

Dr. Earl H. Baxter, chief of staff at Children's describes the center as a great expansion of a system maintained there for several years.

Market Basket

By Bertha B. Everhart
County Home Economics Agent
Franklin County

Fruits — Transparent apples, cantaloupe, watermelon, peaches.
Vegetables — Sweet corn, tomatoes, summer squash.
Protein Foods — Lamb shoulder roast, whole ham, luncheon meats, cheese, milk.

Sweet Corn

It's sweet corn time again. This month and next locally grown garden-fresh corn will be at its peak in quality and probably lowest in price.

Fresh sweet corn is at its best when husked and cooked immediately after it is picked from the stalk. The sugar in corn turns to starch rapidly when exposed to room temperatures. It may lose 40 per cent of its sugar content within 24 hours. As a result much of its flavor is lost. Corn usually has a high sugar content if picked early in the morning.

Selection — For the best in quality select fresh sweet corn from stores or markets which receive a fresh supply each day and from those which keep it cool, preferably on ice or in refrigerated cases.

Corn should be free from insect and disease damage. The size and color of the kernels will vary with the variety. Buy only the amount of sweet corn that can be used immediately.

Freshness in corn is a must. When selecting corn with husks look for bright, green, snug husks and shiny, dark, silky, moist silks.

If a "window" has been cut in the husk, or it has been husked and packed in transparent containers, look for kernels that are: in even rows, bright, plump, light to medium yellow, and from which milk flows when pressed with the thumb.

Care — Hurry fresh corn from the garden or market to your refrigerator or to the kettle. The sooner it is used the sweeter it will be. If you must store corn until meal time, wrap it in a damp towel or plastic bag, place it in the refrigerator and husk it just before using.

Nutrition — Corn is used fresh as a vegetable, but dried it becomes a cereal grain. One medium-sized ear of corn-on-the-cob yields about one-half cup of corn cut from the cob, and provides about the same amount of B vitamins, a little less iron and fewer calories than two slices of enriched bread.

Preparation — Probably corn-on-the-cob is the favorite of all methods of preparing this taste-tempting vegetable. To cook corn-on-the-cob, steam it over a small amount of water, or cook in water to partially cover the corn. Bring water to a boiling point, add salt and corn. Bring rapidly to a boil again, note time carefully, and allow corn to cook only five to six minutes. Serve hot and buttery. Cut left-over corn off the cob, store in covered container for later use.

Add variety to daily menus by including corn in casseroles, custards, chowders, souffles, and escalloped dishes.

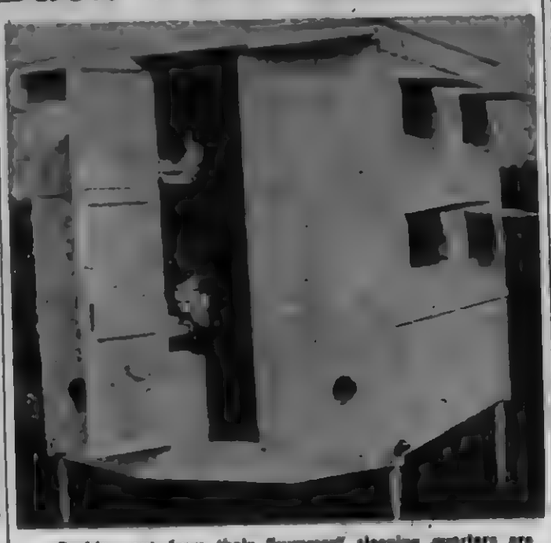
Many families like to cook corn-on-the-cob on an outdoor grill or in the embers of an outdoor fire. Wrap each ear of husked corn in a large piece of aluminum foil or tie the open end of the husks shut with a strip of outer husk. Lay ears in rows on the grill or embers and roast 20 to 30 minutes, turning after 10 to 15 minutes.

WHO NEEDS A TRIP?

Schrade Youngsters Find Camp Thrills In Back Yard Location

Bedtime problems have all but disappeared around the Karl Schrade homestead at 466 Alton-rd. Cherylin, 12, and Donna 8, almost count the hours until they can say "Goodnight!"

The Schrade psychology, responsible for this exceptional behavior pattern, consists of a newly-built camping trailer, complete with four canvas bunk beds.



Cherylin and Donny have preferred sleeping bags on canvas to innerspring mattresses ever since they discovered the difference last week when their dad put the last nail in the trailer.

"That last nail" concluded eight weeks of sawing, pounding, measuring and planning the seven by seven by six foot trailer. "That last nail" also prompted the trailer's camping debut this week when the Schrade family loaded it for a two-week stint in northern Michigan.

The trailer, which collapses from a height of seven feet to only three feet for traveling, was designed and redesigned many times by Schrade during the construction period.

The finished product, in addition to four bunk cots, is equipped with three electrical outlets, a portable table, cooking utensils, gas stove, cooler, fan, screens, windows and a spare tire. Plenty of storage space is available underneath the two bottom bunks.

The trailer will doubtless provide a wonderful two-week camping haven for the Schrade family. The real question (at the end of two weeks) will be whether the two youngsters still prefer sleeping on canvas cots to the soft, sinking comfort of innerspring mattresses.

Peeking out from their "summer" sleeping quarters are Cherylin, 12, and Donny Schrade, 8, who think that the camping trailer their dad just finished is about the best bedroom any kids ever had.

Next best to sleeping in the trailer is "breakfasting" right beside it on their portable table. The Schrade family left this week to initiate their new trailer to some real camping in northern Michigan.

If stung by a honeybee, remove the stinger immediately to keep much of the poison from entering the flesh. It is important to scrape out the stinger—there's nothing better than a sharp fingernail; never pull it out. If the stinger is pulled out, the fingers press the poison sacs attached to the stinger's base and this forces the poison into the skin.

Keep your home at 68 degrees Fahrenheit for good plant growth and keep the plants away from sources of heat.

Sounds Delightful

During the tenth century the medieval monk, Brother Theophilus Presbyter, created a kind of paint from finely powdered burned copper, combined with bits of glass mixed with wine.

Pageant To Draw Crowd To Central

Between 1000 and 1500 children are expected to take part in a mammoth pageant to be presented tomorrow night at Central High School.

Youngsters from 89 city playgrounds will take part in the group activity following a central theme, "Recreation Through The Ages."

The program will start at 7:30 p.m. in the auditorium. Eighth of its kind held here, it will be free and open to the public.

City recreation officials stressed that the affair will not be a talent show for individuals. The personality of each playground will be reflected in the scenes presented. Some of the local topics include "holidays," "foreign countries," "headhunter volleyball" and "recreation on Jupiter."

Don Dupre, dramatics coach at Central will narrate the pageant. Members of the Federation of Musicians Association of Columbus, directed by Tom Crawshaw, will provide the music.

Valleyview Residents To Get Walkway

Columbus School and Franklin Conty officials assured Valleyview area residents this week that a gravel walkway will be constructed leading to the new elementary school being built near the village.

The action was taken after Valleyview Village Council last week heard suggestions on the matter from interested residents. Groups were organized to carry petitions asking construction of the walk, but this proved unnecessary.

The county has consented to build the walkway from Valleyview corporation line to the Columbus City limits on Valleyview-dr. The city will construct the portion from the Columbus limits to the school.

Like To Talk Swap? Here's FREE Golden Opportunity For All Readers

How many times have you looked about your house and found any number of very useful items that you are no longer using that perhaps someone would like very much to have?

Right now as you read these lines some such items come to mind.

Well, the Hilltop Record has a real fine offer that will help you and some other subscriber. It is our job to get you together . . . and make a SWAP . . . and the fine part of it is that it costs you absolutely NOTHING.

Yes ma'am, starting this very next week this newspaper will run FREE SWAP ads in our papers . . . FREE to any paid subscriber of this paper or any of the Hartley Newspapers.

This is a public service that should prove extremely valuable to a lot of people and at the same time be one of the most interesting features of this paper for a long time.

Until further notice FREE SWAP ads will be run for paid subscribers to this paper if they will merely abide by a few simple rules:

1. All copy must be mailed or delivered in person to the SWAP editor, Hartley Newspapers, 2465 W. Broad-st.

2. Copy received by Monday evening will be printed that week.

3. The newspaper reserves the right to edit or reject any ad copy.

4. Any legitimate item may be advertised except real estate or autos.

5. There must be no mention made of price. The exchange must be on a strictly swap basis.

6. Each ad must contain the person's name, address and phone number.

7. No swap ads will be accepted over the phone.

8. Person inserting the ad must be a paid subscriber to one of the Hartley newspapers. Copy should state what paper you subscribe to.

Maybe you have a very good hand lawn mower that you would swap for trading stamps. Or perhaps you have a kitty you would like to swap for a [illegible].

Maybe someone would like to swap with you for that old set of golf clubs you no longer use.

There are hundreds of items that will come to your mind. Start now by sending in an ad to the SWAP editor.

Remember, if you want to sell something for money, send your ad along to the classified department of this paper for good quick results at a very low cost.

Watch the classified section of this paper next week for the first appearance of the SWAP column.

A TIME FOR DECISION

Statement of Robert P. Darrow, principal of West High School

"Twenty-three hundred Hilltop teen-agers will enter the doors of West Junior-Senior High School in just two weeks. They will be taking their next step in education. For them the billboards read: "Opportunities Ahead!"

"There are a few undecided youth on the Hilltop. They have said that they are dropping out of school for a "good" job. Bill is sure that his folks need his income to help out at home; Sally, behind her classmates due to her serious illness, says it's no use to return; Henry, who failed a course, just can't understand that math."

"A full-time job is not the answer. Bill not only will not add to the family income, but also will cheat himself out of better paying jobs later. Sally still can catch up but if she drops out now she never will. The math problems that Henry will face in future jobs will be impossible for him compared with the ones he failed because he did not try."

"The typical high school graduate, during his adult earning years, will receive $50,000 more than the eighth grade graduate, according to the United States Department of Labor; $30,000 more than the high school dropout! Sally, Henry, and Bill, are you going to be dropouts?"

"We'll look for you at West High on Sept. 4!"

114 Appear At West Grid Meet

West High School's head football coach, William Schmitter, was greeted by 114 strong at grid tryouts Tuesday morning. For the first time all sophomore prospects reported along with the varsity.

Nearly a score of last year's squad return this year.

This contrasts sharply with the plight of Central High School. Coach Frank Howe will start the season this year with only three of 29 lettermen last year.

Although reluctant to evaluate West's potential this early, Coach Schmitter insists his boys should do well if their attitudes hold up as well as they have in track and baseball. "What we lack in speed and size, we can overcome by a sincere desire to win," he said.

Practices will be held twice daily—8:30 to 10:30 a.m. and 4:30 to 6:30 p.m. until the start of school. A scrimmage game will be staged Saturday at about 10 a.m. On the following Tuesday a scrimmage is slated with Grandview at 10:30 a.m.

Tuesday also was "warm up day" for the West High band, under Director Clair Barnard. Band Mothers also assembled to help get uniforms in trim for the fall season.

Rosary Addn. Has Celebration

For an estimated 1000 residents of Rosary Addition, last Saturday was "their day."

From 4 p.m. until midnight they whooped it up at a "festival of fun" at West Franklin Elementary School, Briggs-rd and Josephine-av. Rosary Civic Association sponsored the affair which officials hope will continue as an annual event. Mrs. Betty Hamilton, 834 Joyful-av, was general chairman.

Mrs. Kathleen Packelman, 2873 Glorious-rd, had charge of children's games and contests. Balloon games, a fish pond and pony rides were highlights during the afternoon. At 6:30 p.m. Flippo the Clown held the interest of the younger set as their parents cleared the way for a street dance.

Larry Lansberry, 915 Josephine-av, called for square dancing. Bob Marvin's band furnished the music.

William Charlton, 783 Joyful-st, was picked winner of the membership drive prize, a picnic bench.

The group gave a special vote of thanks to E. A. Baker, 3668 Briggs-rd for providing electrical wiring services.

Rosary Civic Association will meet Sept. 4 at General Motors Union Hall. Plans for a Halloween Dance will be made and Doug Stone, treasurer, will collect dues. A full attendance was asked by Don Foulke, president.

'LAMPHREYS' ON THE HILLTOP!

300 Goldfish In Fountain Of Trevi Attacked, Killed

The Lamphrey eel, which has practically destroyed trout in the Great Lakes, has its counterpart at Great Western Shoppers' mart—the anchor worm.

Visitors at the W. Broad-st center during the past few days may have wondered why the "Coins" fountain, a replica of the famous Fountain of Trevi, was without water and, naturally, also without the many beautiful goldfish.

About 10 days ago many of the fish were noticed "coming up for air" and a few died. A fish expert was called in and he quickly diagnosed the trouble as being caused by anchor worms.

The worm, which is threadlike in appearance and about an inch in length, attaches itself to fish much as does the Lamphrey eel, and sucks the blood from its veins. According to Robert "Boots" Parker, Great Western maintenance supervisor, only one cure was recommended—stop the fountain, drain the pool and let the rocks—breeding place of the worm—air out for a week or so.

However, before this could be done, practically all fish in the fountain pool had been attacked and killed. So the empty pool stands today as mute evidence of the ravages of the anchor worm and the step that was necessary to destroy it. Where the anchor worms came from no one knows. No signs of the "lamphrey" have been found in the fountains of the Taj Mahal, only a block or so away.

The Fountain of Trevi will be placed in operation as soon as it is certain that all anchor worms have been destroyed, Parker said, and the fountain pool restocked with goldfish.

Safety Is Everybody's Business

The death of a Hilltop boy this past week when he ran his bicycle in front of a car came as a shock to this community. Nothing said here can bring comfort to the bereaved family.

It is hoped that from the many things that have been said, however, everyone will be more concerned that no more such tragedies befall this or any other community.

Safety is everybody's business. It is the business of youngsters and adults alike. It behooves all of us to lend our cooperation in cutting down the death toll in traffic accidents.

One way such cooperation can be expressed is in the removal of cars from the street when possible. A drive up or down any Hilltop side street will reveal immediately how dangerous it is to drive on these streets.

No one knows when a youngster will dart in front of your car. Parents have the responsibility of watching their children and cautioning them, but they can do even more by taking the family car to the garage or side drive as often as possible.

Already the city safety department is saying that parking on only one side of these streets will have to come about very soon when signs are available. This presents a problem of just which side. If it aids in making your community a safer place to live, your cooperation will be appreciated by the city.

Safety is everybody's business.

MYSTERY LETTER APPEARS

'TB Or Not TB' . . . That's The Question

A Hilltop family, two doctors and TB authorities this week found themselves with a mystery on their hands.

Guesses are that someone may have tried to pull a prank which in itself has uncovered something the prankster should know about himself . . . that he may need medical attention.

Late last week Mrs. John R. Boyd, 231 S. Harris-av, received a letter from TB officials saying that her son was given a free X-ray at the Hilltop Bean Dinner, July 30, and that his case shows need for more checking.

While the letter gives the boy's name and address correctly the other facts don't jibe. His age was given as 15 instead of 19 and the family doctor was listed as Dr. John E. Stephens instead of Dr. Harry Secrest.

Mrs. Boyd said her son, John C. Boyd, did attend the Bean Dinner while on 20-day leave from the Marine Corps but did not take an X-ray. He told his folks that he had passed similar tests in the service recently and had no reason to take them here.

"Before John returned to duty Wednesday, he quizzed all his friends to see if anyone took the X-ray in his name. No one admitted to the stunt," Mrs. Boyd related. "Now we're wondering just how to find this person whose test came out positive."

Officials of the TB Society and city clinic said that a clerical error in this case was highly unlikely.

An unidentified passerby in the alley turned in the alarm. The church's pastor, Rev. Alex D. Venne, was out of town.

Old Butter Cow Returns To Fair

The butter cow will be back to greet 1957 Ohio State fair visitors Aug. 23-30.

She'll be one of the attractions in the dairy products building on the state fairgrounds. Carved from butter, the life-size image in the refrigerated glass case is an annual attention-getter at the fair, according to Frank Koval, Ohio State University extension specialist in dairy technology.

Other dairy products features this year include judging contests and displays. In one contest, individuals will compete in judging dairy products. In another various dairy products will be exhibited and judged by experts on the basis of quality.

A special cottage cheese clinic and contest will be held. The purpose of this program is to permit cottage cheese makers throughout the state to improve the quality of cottage cheese. Also they will be eligible for prizes, Koval says.

ROCK AND ROLL?

Not These Kids! They Swing Their Gals And Promenade Home

Excellent instruction and good fun are the two basic ingredients of the summer square dances held every Tuesday evening at Westgate Shelter House. Here caller Morris Scott helps Carol South, 91 S. Powell-av, master the curtsy, an important feature of every square dance. This is the second season for the junior high dances, which are sponsored by the Hilltop Community Council. The Columbus Recreation department provides the caller.

"Promenade right, promenade left, meet your partner and find your way home!" The young dancers respond to calls and perform steps with the ease and grace of professional square dancers. The dances are attended by approximately 80 youngsters, who form from three to six "dancing" squares. Mrs. George Ralph, 938 Wiltshire-rd, heads the dances, which are chaperoned each week by several parents. No admission is charged for the dances, which are held from 7:30 to 10 p.m.

ATTRACTIVE INTERMISSIONERS — Providing a pleasant and relaxing break between dances are the "Four Petticoats," girls quartet which has also entertained for the Friday night teen-age dances. Left to right are: Chriss Cartrey, 47 N. Warren-av; Kay Abbott, 552 Larcomb-av; Linda Fuller, 472 S. Ogden-av, and Ruthanne Ralph, 938 Wiltshire-rd.

Dancers Chuck Boehm, 2165 Sullivant-av and Carol Blum, 3195 Eakin-rd, seem to be enjoying both the company and the dance. Carol and Chuck wear a matching dress and shirt, which were made by Carol's mom. Dresses and dress pants, rather than shorts or levis, are the accepted costume.

Refreshing themselves with a soft drink and a chance to sit down are Jim Sweeney, 179 N. Powell-av, and Kay Francis, 370 S. Richardson-av.

CONSTRUCTS GARAGE

J. Canjabury, 3453 Eakin-rd, has a permit to build a two-car concrete block garage.

Hoge Is Winner In Second Round Of 'Y' League

Hoge Memorial Presbyterian's Junior Softball team became the winner of the second round in the Hilltop YMCA Junior Church Softball league last Saturday, winning 12-6 from West Park Methodist in a play off game.

This Saturday at 10:30 a.m. on diamond 3 at Westgate, Park the winner of round one, Glenwood Methodist, and the winner of round two, Hoge, will play to determine the league championship.

Hilltop "Y" Baseballers Split Twin Bill

The Hilltop YMCA's two All-star teams traveled to Lancaster Sunday evening for games with the Lancaster Kiwanis and the "Irish Midgets."

The boys 8, 9, and 10 years old, played the Kiwanis team and won a good game 9-8.

Boys 11, 12, and 13 years old played the "Irish Midgets," losing 7-0 in what started out to be a very tight ball game — no score for either team in the first, one run for the "Midgets" in the second and two more in the third. But they really broke loose in the fourth and fifth, capitalizing upon a few errors and misjudgments by the "Y" team. Both teams played well and hard.

The Hilltoppers had a good experience in getting an opportunity to play these two good ball teams under lights.

The older boys have won the other four games which they have played against Westinghouse, Westgate All-stars, the "Y" Little All-stars, and the champions of their division of the "Y" Little Nine, the Tigers.

The younger boys have played three games this season. They lost to the older All-stars, won over the champions of their division of the Little Nine, and won from Lancaster Kiwanis.

West Park Sweeps YMCA Intermediate Church League

West Park Methodist accomplished a "clean sweep" in the Hilltop YMCA Intermediate Church Softball League Thursday evening at Westgate Park by winning from Hillcrest Baptist 14-0. The second game scheduled for the evening was a forfeit to Avondale EUB by DeMolay.

Having won the previous two rounds, the undefeated West Park team is undisputed league champion.

Results of the third round are:

	W	T	Tied
West Park	3	0	0
Avondale EUB	1	1	1
DeMolay	1	2	0
Hillcrest	0	2	1

Since the tie between Hillcrest and Avondale does not effect the determination of the round winner, it will not be played off.

Records for the season are:

	W	L	Tied
West Park	6	0	0
Avondale EUB	5	2	1
DeMolay	2	7	0
Hillcrest	1	7	1

Glenwood's Softball Teams Cop Three Sectional Crowns

Glenwood Recreation Center softball teams have captured all three of the sectional championships.

The senior boys' Beef Trust team under manager-player Jerry Kline turned in a 5 wins-no loss record.

Glenwood's other senior boys' team came in second in the West Sectional League with four wins and one loss. This team, the Hoppers, was managed by player Steve Fetherolf.

Glenwood's intermediate boys' team with Captain Bill Burke also turned in an undefeated record of eight wins-no losses.

The junior boys rose from second place to defeat powerful Broadview for the West Sectional championship in an extra game.

September 5—Softball tournament. Each team in the tournament is the best team from each of the city's four areas, North, East, South, West.

Glenwood was the only playground to send all three of its teams to the city meet.

Hawks Win Little Jet Championship

The Hawks won the 1957 Little Jet baseball championship at Glenwood Recreation Center with a season record of seven victories and three defeats.

Tim Curry was the real hitting star for the Hawks as he collected three hits, two doubles, and a home run.

Mike Briggs was the losing pitcher for the Cubs, who finished in second place with a 6-win, 4-loss mark.

Players included, for the Hawks: Broomfield, Mindigo, Karn, Weisenburg, Curry, Carmean, P. Somers, Fike and M. Somers. For the Cubs, Rawlines, Castle, Burton, Minehart, Briggs, Brown, Tanner, Davies and Cornel.

Currently serving a short tour of active duty at the Columbus Air Reserve Center, Fort Hayes, is Captain Robert F. Harper of 44 Haldy-av. Captain Harper, adjutant for the 9516th Air Reserve Squadron, is working in the Training Section of the center while on duty. The 9516th is one of four squadrons assigned to the 9104th Air Reserve Group, and it meets regularly at the ROTC Building, Ohio State University.

Captain Harper will, very shortly, begin his second year as vice-principal of Clinton Junior High School, a new school completed just a little more than a year ago.

Ohio gave America its first hot dog. Harry Mosley Stevens of Niles, Ohio, was the first person to think of wrapping up a frankfurter in a piece of bread—later roll. He capitalized on the name 'hot dog' after seeing a caricature of a frankfurter made to look like a Daschund in the New York Daily News, 1900.

Carey, Ohio, is a shipping center for onions and celery grown on the surrounding muck lands.

Broadway Musical Introduces New Westinghouse Line

With a cast of Broadway singers and dancers, the musical "The Shape of Tomorrow" opened a two-week stand here Monday at the Westinghouse Appliance Division plant as a medium to introduce the company's new appliance line to over 2,500 distributors and dealers.

"The Shape of Tomorrow" is the theme of the new appliance line being shown for the first time to dealers and distributors throughout the country. According to John W. Craig, vice president of the Westinghouse Electric Appliance Divisions, the current introduction of the 1958 appliance line is the biggest endeavor of its kind the company has ever attempted in one city.

Highlight of the show will be the first showing of the completely new concept of appliance design "The Shape of Tomorrow," in a program interwoven with song and acting. Included will be the line of refrigerators, ranges, laundry equipment and dishwashers.

Dear Son

By Joseph Martell

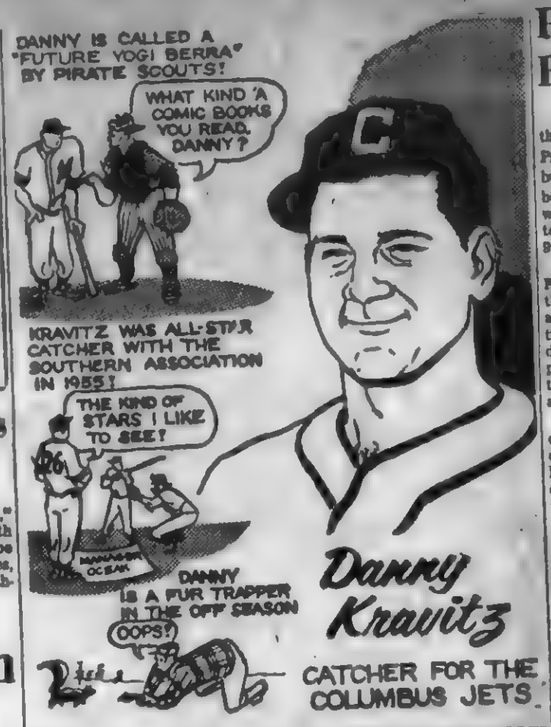
Chittlin' Switch
Saturday Night

Dear Jason,

Lots of news about the family since I wrote you last week.

Your Uncle Lushmore has been [illegible] around Maude Flange. Last week he got courage enough to ask her for a date and she accepted him. Maude has hair that grows all the way down her back — too bad it doesn't grow on her head. Well, anyway, Lushmore needed a little encouragement. He stopped for a few brews and finally ended up at Maude's place empty handed. She told him that all her other boy friends usually brought her candy when they came to call. Lushmore told her he didn't see her passing any of it around.

Your Paw and Lushmore are now operating the still again since the revenuers are all on vacation. Right now they've concocted something they call a Bullfrog Cocktail. Drink a little, hop a little and croak. Lushmore has never been the same since your poor Aunt Sadie fell in that barrel of Jergens lotion and softened to death.



I'm about ready for the happy house what with putting up with your Grandpaw lolling around the house all day. He hates your Paw and Lushmore and any form of liquor. Grandpaw's motto always has been: "Down With Liquor." He downed more liquor than anybody else in his day. Now since Gramps has quit drinking the hard stuff he drinks gallons and gallons of water every day. Then he sits in his rocking chair and sloshes around. Sometimes I don't think I'm really legally married to your old man. I still don't think Grandpaw had a permit to carry a rifle.

I guess I've given you all the news except about your sister Chlorine. She's now 13 and at the age where she realizes that her legs are something more than to slip into a pair of nylons. She went to the beach with that young Vermin Tanzle a few hot days ago and Vermin was teaching her how to swim. The lifeguard came along and made them both get in the water.

She put a penny in one of those weighing machines and the card came out saying: "You are trustworthy, modest, shy and pure." It got her weight wrong, too.

Well Jason, guess that's all the news I have for now. Oh, yes, I was down town the other day to the radio studio and got picked to go on one of those quiz programs. The quiz man told me I'd win an electric washing machine if I could answer his question. He asked me: "What's a Grecian urn? It seems that "about $35 a week unless he owns the restaurant" is not the right answer. I'm still using the wash tub.

Write soon.

Practical Nurse School Open For Fall Term Signups

Applications for enrollment in the fall-semester class of the Practical Nurse School of Columbus and Franklin County are now being received at the school, it was announced today. The new term will begin on Monday, Sept. 9.

The course lasts 12 months. From the time a person enters the school until she is graduated and receives her diploma, her time is divided among lectures, demonstrations and practical experience under qualified instructors in well-equipped classrooms and hospitals.

The first four months—or pre-clinical—training is spent in classes at the school, which is located at 1414 S. High-st. The other eight months are devoted to clinical experience, which is given in the affiliating hospitals.

In addition to learning nursing skills, students are given training in body structure and function, convalescent patient care, nutrition and family living, personal and vocational relationships, and personal and community health.

Graduates may work in private homes, hospitals, or institutions under the direction of a licensed physician or a registered nurse.

Applicants for admission must be between the ages of 18 and 50 and in good physical and mental health. Two years of high school are required of applicants over 25, and a high school diploma of those under 25.

For residents of Franklin County, the one-year course costs slightly more than $100, the exact amount depending upon incidental costs.

The total fee takes care of tuition, books, uniforms and graduation pin. During the eight-month period spent in the hospitals, each student is paid a stipend for her services.

The Practical Nurse School of Columbus and Franklin County is approved by the State Board of Education and is accredited, by the National Association for Practical Nurse Education.

The school is operated by the Columbus Board of Education and is supported through funds from the Trade and Industrial Division of the State Department of Education, the Community Chest of Franklin County and affiliating hospitals.

Ruth A. Nighman is director-coordinator of the school. Further information may be obtained by calling the school at HI. 4-6040, or directing correspondence to Mrs. Nighman.

TAKE SIGHTSEEING TRIP

Mr. and Mrs. Harold Yearling of Wrightsville, Mr. and Mrs. Fred Marah of Grove City, Mr. and Mrs. John Rituman and Mr. and Mrs. Glenis E. Swyers of Columbus enjoyed a tour of the hills and caves of southern Ohio, Sunday. After eating along the road all returned to the Yearling home for the evening.

During the trip Mr. and Mrs. Yearling pointed out a herd of rare Buffalo. In the herd were two small ones. These buffalo can be seen in Madison County, near Kiousville.

"Why did daddy have to die?"

That morning he kissed her goodbye as usual. "Be a good girl," he said, "and I'll bring you a surprise." But he didn't come home that night—nor ever again. How can you explain that to a tearful child?

Death comes suddenly on the highway. No one *expects* to meet it, much less to cause it. Yet last year, 40,000 men, women and children died in traffic accidents. Most of them didn't *have* to happen.

Remember this heartbroken little girl the next time you are tempted to take a chance—pass a stop sign—overstep the speed limit. Only *you* can put an end to such tragedies.

Now, during the peak driving season, accident hazards are highest—so be especially careful!

Big Changes Are On The Way

Homes, Businesses to Go

West Side homes and businesses by the score fall within the boundaries of a $10 million interchange and expressway project now getting into high gear. The area is outlined in black. At the left can be seen a large section, now occupied by filling stations, small factories, stores and shops, which later will be the scene of a huge "cloverleaf" interchange. Relocation of 230 families is underway. The innerbelt will pass over Sullivant, Rich, Town and State-sts and be depressed under Broad-st. Ramps will swing out onto Sullivant, Town and Broad-sts on both sides of the innerbelt. Bids on construction will be taken in October. The project is to be financed on a 90-5-5 basis, with the federal government handling the largest share.

Mound-Sandusky Expressway Demolitions Begin This Week

Sandusky-st in the heart of the West Side will undergo some spectacular changes in the next few weeks and months.

Actual demolition of the first of scores of residences in the Mound-Sandusky-st Expressway path got underway early this week.

It was reported that some 60 families in 35 buildings must be ready to vacate by Sept. 1 because of demolition contracts that will be let.

Nine of the first homes to go have been identified by the city relocation office which is assisting families to find other places to live.

The addresses were listed as follows: On Sandusky-st, Nos. 121, 315, 321, 771 and 399. On Thomas-av, Nos. 702, 707 and 710. The houses have been purchased for removal by Angelo's Starling Street Building Wreckers. By Sept. 30 negotiators expect to have 120 properties under contract for demolition.

Speedup is Asked

Speed is all important now, the relocators stressed, if many of the families hope to get settled before eviction is necessary. "We urge these people to look for deals, now," said supervisor Dennis Carr who also reported that 62 of the liberalized "221 Loans" have been issued. "Trouble is, many of these persons have received certification for the loans but haven't looked for properties. We are here to give them our help if they want it, but we can't help everyone," he said.

Relocation authorities complain that some property owners are not giving tenants fair notice. "The state actually takes possession of the properties 30 days after payment reaches the owner's hands. Some owners fail to tell renters when the check was received. Accordingly, the renter is urged not to pay for any rent after that 30th day, Carr said.

There remains a desperate need for listings of available rentals, particularly in the West Side and Hilltop. They are needed chiefly by good-sized families. Four, five or six-room houses or apartments, unfurnished and renting for not over $70 are especially desired. Listings can be placed by calling CA. 4-2829.

'Car Drop' Is Feature At State Fair

Crashing head-on, two fiery vehicles will illustrate the results of a serious highway smash-up in the "car drop" demonstration to be staged on health and safety day in front of the grandstand at the Ohio State Fair, Aug. 26. According to the Department of Highway Safety, chief sponsor, the two-car collision is made possible by dropping one vehicle from a crane 115 feet in the air onto another vehicle propped up on the ground. This is accomplished through special rigging and an adapted bomb-sight set up by the United States Air Force.

A display of the crafts made in the boys' and girls' craft classes is expected to give parents an opportunity to see what has been going on in this phase of the Summer Fun Club program.

If you were in the vicinity of the Hilltop "Y" Friday you probably saw some of the "scavenger hunters" hard at work searching for all sorts of items to complete the list of items handed to them about 10:15 a.m.

Beauty Of Red Brick And Stone Combined In Wilsons' Ranch Style Home

Blended bricks are combined with stone in the long, lovely ranch style home of Mr. and Mrs. L. E. Wilson, 2495 St. Patrick-av. The door and round window of the entrance hall, and a large picture window in the living room open onto the front patio. One of the two bedrooms is on the right and the den on the left.

Family Living Is Keynote Of Wilson Home

By Betty Deft
Photos by Hawkins

The low, ranch-style home of Mr. and Mrs. E. L. Wilson, 2095 St. Patrick-rd, is among the loveliest in an area of beautiful homes.

Built on more than an acre of ground, the three-year-old home of red brick and stone is surrounded by plantings of trees and flowers. A row of silvery green Russian olive trees and a rustic fence stretches across the back of the lot.

Soon to be the scene of a wedding reception, the house is bustling with preparations for the event. The Wilsons' daughter, Jo Anne, will be married on Sept. 15 in Glenwood Methodist Church.

The den has been converted into a gift display room for wedding gifts with furniture adjusted to accommodate the long tables.

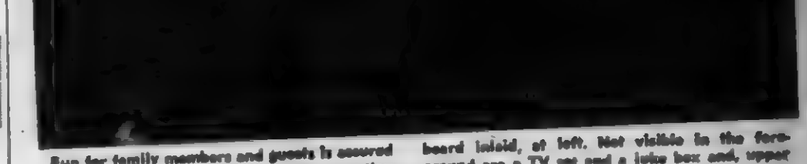
Cork floors in the den extend through the hallway into the kitchen. A door, opening on the left of the hallway, leads into a green-tiled half bath.

Blonde mahogany furniture is an effective contrast to Monterey red walls in the front bedroom. A chair upholstered in green and red provincial print, deep green chenille rug and white drapes and spread, complete the decor.

Sandalwood brown rugs and spread are used with blue walls and mahogany furniture in the back bedroom. Both rooms have wall length closets with sliding doors.

The bathroom combines walls and plastic tile in gray with black carara glass tile in recessed tub, and gray and pink formica silk top.

The dining area, adjoining the living room, is furnished with birch finished in the same warm, honey tone of the woodwork and built-in china cupboard. Doors open onto the patio area in the rear.



Polished brass fireplace fixtures, wall plaques and planters add a decorative note to the fireplace wall of Indiana limestone. Sculptured beige carpeting is accented with sandalwood walls and draw drapes, at picture windows at the front and back of the house, printed in tones of rose, gray and browns. The curve of the four-sectional sofa, upholstered in willow green frieze with threads of beige and gold, is repeated in the coffee table of simulated marble. Swivel chair, at right, is rose and lamp and step tables of mahogany are topped with leather. Seen at upper right is the bedroom hall and, not visible in the foreground, is the dining area.

A mirrored wall and an overhead spotlight feature the floor planter in the entrance hall. Reflected in the mirror are the front entrance and archway on the left. Floors are of rich, deep green marble.

Coral plastics tile on the lower kitchen walls is repeated in the formica table top. Upper walls are pastel, aurora green, and floor is in colorful, sequin linoleum. Cabinets and woodwork here, as throughout the house, are of birch finished in a rich, warm honey shade.

Fun for family members and guests is assured in the knotty pine-paneled basement recreation rooms. Red, green and deep beige asphalt tile is used on the floor, with a shuffle board inlaid, at left. Not visible in the foreground are a TV set and a juke box and, upper left a billiard room. Other basement rooms include the laundry area and a freezer room.

BUILDS GARAGE

A permit has been issued John R. Harper, 796 Wiltshire-rd, to build a one-car concrete block garage. J. and J. Builders is the contractors.

Frozen prepared food production rose 60 percent in 1956, compared with a year earlier. A survey of agricultural marketers listed 173 individual frozen prepared food items.

Penny For Your Thoughts

Question: How do you manage to keep cool this summer?

Mrs. Charles Haid, 42 S. Central-av: "We have a window fan in our bedroom and we keep the shades pulled which helps in that room. However, we live in a brick house and it really doesn't get too hot."

Mrs. Loyal T. King, 525 Larcomb-av: "I just turn on the fans, that's about all there is to do. And I do think the heat this summer has just been terrible."

Mrs. Ethel Pemberton, 185 N. Wheatland-av: "I think the best way to keep cool is to wear loose clothing, stay pretty quiet and stay out of the sun. I think this summer is much hotter and dryer than last summer."

Mrs. Francis J. Scalos, 440 S. Hague-av: "I close all the windows and doors which keeps the hot breeze and sun out. However, I do like the summer weather and it doesn't seem to affect me like it does some people."

Mrs. Lawrence T. Viger, 792 Whitethorne-av: "I guess I just don't think about it. I work and I'm so busy it just doesn't bother me much. And I do think we're lucky in that the Hilltop is about the coolest spot in town."

BUILDS BRICK BUILDING

Mrs. M. Taxas, 2387 Sullivant-av, has a permit to remodel a brick building at 2287-89-97 Sullivant-av. Vangler Metal Products Co. is the contractor.

Letters To The Editor

Editor, The Hilltop Record
2465 W. Broad St.
West Broad Street
Columbus 4, Ohio
Gentlemen:

It was with extreme pleasure that I received a clipping from your July 3 issue featuring an article about my father and his long business career on the Hilltop.

I am sure my sisters and all of Dad's friends join me in a twofold sense of pride: Chet Herbert, the businessman; and as a father who is, and has been, the most wonderful and devoted Dad any family could be privileged to have.

With all the changing in retail pattern, here is a man who was successful in increasing his business when a large supermarket located directly across the street several years ago. It is ironic to note that supermarket has since closed out and Herbert's Food Market has enjoyed a still greater increase in volume. Personally, I know the experience in his store and the wisdom of his counsel have been every bit as important to me in facing today's business problems as my formal education. I am sure a long list of today's successful young executive and professional people, Charlie Fullerton, Dave and Bill James, Dr. Bob Davis and Bill Elliott (to mention a few), would bear me out in a statement that their present business lives have been enhanced through their experiences and associations in and with Herbert's Food Market.

As a father he has been perfect, possibly exceeded in this capacity only by his terrific popularity as a grandfather! He has always given unselfishly of his time and material things to the benefit of his family. It may not be generally known that his own father died when Dad was just a year old and as a young man he brought his mother and a daughter of his sister (who passed away as a young woman) to town and progressed from a youthful clerk in the business through a successful partnership and into the complete ownership which he enjoys today. Incidentally, he purchased the present home before he was married, and our parents were married in the living room. Many Hilltop families would be able to recall the quiet help provided during the depression by Chester Herbert's understanding credit policies.

I expect his store, if it were known, would be rated tops as a favorite calling place for his suppliers as well as his customers, and this tribute would be justly deserved.

Again may I thank you very sincerely for publicizing the story of one of your most solid citizens whom I am lucky enough to have as my father. I would call your attention to one slight discrepancy: The article reported all four children as married. If this word gets to Phoenix, "the nation's fastest growing and finest place to live", it might cause a raised feminine eyebrow or two. You see, I am at this time still quite single.

I take this opportunity to personally urge any western roaming Hilltopper to drop in and say hello at the new main office (largest office building in the state) of the First National Bank of Arizona.

Sincerely,

Anthony-Oskins Wedding Rites Performed By Bride's Father

Rev. Harris B. Anthony officiated at the wedding of his daughter, Marilyn Louise, and Estle Frederick Oskins Saturday evening at the Warren Avenue Church of the Nazarene, where he is pastor.

Rev. and Mrs. Anthony reside at 675 S. Harris-av. The bridegroom is the son of Mr. and Mrs. Estle E. Oskins, Rockford, Ill. Rev. Robert J. Clack of Rockford assisted with the ceremony.

A half hour of music preceded the wedding ceremony by Mrs. William B. Cotner, organist; Mrs. Keith V. Williams, violinist, Miss Marilyn Johnson of Springfield, Ill., and Miss Nancie Davis of Indianapolis, Ind., soloists.

The chancel was decorated with two seven-branch cathedral candelabras, and floor baskets of white gladioli, pompons and chrysanthemums, backed with a profusion of lemon leaves. White satin bows entwined with huckleberry marked the pews reserved for the family.

Ivory satin fashioned the bride's princess line gown which had a high empire waistline. Chantilly lace fashioned the bodice, which had a scalloped neckline, trimmed in pearls. Long lace sleeves tapered to points over her hands and the full skirt widened into a full length chapel train. A pearl crown held her finger-tip veil of English silk illusion.

The bride carried a crescent bouquet, enhanced by an orchid and surrounded by snow white eucharist lillies from which showered white satin streamers.

Matron of honor was Mrs. Robert J. Clack; bridesmaids, Misses Della Anthony and Pauline Anthony, sisters of the bride, and Marilyn Cotner. All wore matching gowns in coral satin, princess style with beateau neckline and brief sleeves. Alternating layers of two shades of coral tapered from the yoke to the hemline of the extremely full skirt in back.

They wore matching circular hair braid crowns with circular veils. They carried bouquets with red garnet sweetheart roses surrounded by white carnations.

Flower girl was Jeannette Clack and ring bearer was Robert

MR. AND MRS. ESTLE F. OSKINS

A reception was held at the home of the bride's parents following the ceremony. Hostesses were Mrs. John Manley, Mrs. Lyle Swartz, Miss Mary Ethel Whitt, Mrs. Arthur Bower, Mrs. Robert Leonard and Mrs. Hugo Brooks.

Mrs. Oskins is a graduate of West High School and Olivet Nazarene College. She taught for three years at John Burroughs School. Mr. Oskins is an electrician with The Oskins Electrical Company, Rockford, Ill.

Following a trip to Wisconsin Dells, Wis., the couple will make their home in Rockford.
